VOL. 70 NO. 108 — VICTORIA, B.C., FRIDAY, MAY 6, 1927—20 PAGES — PRICE FIVE CENTS

SUTHERLAND AND BUCKHAM EXONERATED

CUSTOMS MEN HAVE POWER TO ARREST

LIQUOR SHIPS NOW WILL HAVE TO PUT UP BOND FOR DUTY

Further Block Against Smuggling Liquor Into United States Is Given by Amendment to Customs Act; When Liquor in Canadian Port, Bond for Double Amount of Duty Must Be Furnished; Customs Officers' Powers Increased

Vessels carrying in transitu liquor shipments, putting into Canadian ports en route to a destination outside of the country, will now have to furnish a bond for duty through a guarantee company even if their cargoes are not landed on Canadian soil, according to an amendment to the Customs Act of Canada enacted at the recent session of the Federal Parliament. Details of the Act have been received by F. W. Davey, Collector of National Revenue, and explanation was made to-day of the manner in which it will affect liquor vessels attempting to put in at Victoria or any other Canadian port.

It was previously possible for vessels carrying liquor billed via a Canadian port to land their cargoes for transfer to another vessel. In future, when this is done, or even in the event of a ship with liquor putting into a Canadian port for shelter, provisions, repairs or any other reason, ship owners must require a certified guarantee company to put up bond for double the amount of duty which would be levied on the liquor cargo. The bond may only be redeemed upon presentation of a certificate showing the cargo has been landed at its port of destination.

The status of liquor ships alleged to have the intention of smuggling liquor into a United States port, and putting into Canadian ports, will be considerably altered under the new provision. It will be practically impossible for such vessels to call at a Canadian port and then land their cargoes in the United States at any great amount of profit. Unable to produce foreign landing certificates, probably lose money on the transaction.

POWERS OF CUSTOMS OFFICERS INCREASED

Powers of customs officers are considerably increased by a new provision in the Customs Act. In future, any customs officer or person having powers of a customs officer, may arrest without warrant anyone found committing or who is suspected of having committed any offence declared by the Customs Act to be an indictable offence. In the event of a customs officer having reasonable and probable grounds to believe that an indictable offence has been committed, whether it has or not, is justified in arresting the offending person without a warrant.

Several new provisions with regard to cargoes of ships and single shipments have been introduced to protect the Customs in levying duty. Delay or non-payment by owners of post entry for duty on shipments coming into Canada will henceforth give the Customs Department power to exercise a lien on any subsequent shipments of goods imported by that owner. In cases where a sight entry is given for goods where the invoice for description of the goods is not available, the owner will be subject to a penalty in the event of his not producing the original invoice within the proper time allowed.

Under the amendment, all property of passengers and crew with the exception of wearing apparel must now be shown on the report of the master of an inward-bound vessel.

U.S. WAR DEBT NOTE RECEIVED IN LONDON

British Officials State They Have no Desire to Start Controversy

London, May 6.—The reply of Frank B. Kellogg, United States, Secretary of State, to the British note on war debts was received to-day at the Foreign Office here, where it is said the British viewpoint has been sufficiently established and that there is no desire to start a controversy.

The British Treasury is not likely to issue further comment than the statement made in the House of Commons yesterday by the Chancellor of the Exchequer, Winston Churchill.

Mellon's explanation that through a typographical error the words "except Great Britain" were omitted from his statement regarding the amount of money accruing to United States debtors from Germany in the for mof reparations, draws sarcastic comment from The London Daily Express.

The paper accuses Mr. Mellon of "passing the buck" to his typist, and prints a picture of a charming flapper by the well-known artist Lewis Baumer, entitled "The Scapegoat."

HUDSON MAXIM IS CALLED BY DEATH

Lake Hopatcong, N.J., May 6—Hudson Maxim, explosives expert and inventor, died at his home here at 5.45 this afternoon. He was seventy-four years of age and had been suffering from anaemia and stomach trouble for the last two months.

B.C. NATIVE SONS ELECT OFFICERS

W. H. Kinsman, Victoria, Chosen Grand Factor at New Westminster To-day

New Westminster, May 6.—Officers were elected at the convention of the Grand Post of the Native Sons of British Columbia to-day as follows:

Past Grand Factor—B. A. McKelvice, Vancouver.

Grand Factor—W. H. Kinsman, Victoria.

Vice-Grand Factor—J. J. Johnston, New Westminster.

Grand Secretary—Harold McDonald, Victoria.

Grand Treasurer—J. C. McGregor, Vancouver.

Grand Chaplain—J. P. Hampton Bole, Vancouver.

Grand Historian—V. B. Harrison, Nanaimo.

Grand Post Deputies—W. H. Gardiner, Victoria; V. T. Shindler, Vancouver; J. P. R. McGill, Bella Coola, and Milo Fougner, Bella Coola.

TIMBER QUESTION

The convention passed a resolution strongly criticizing the Provincial Government for failing to prevent the destruction of the "green timbers" on the Pacific Highway and urging the Government to preserve other timber lands along scenic highways.

In the discussion preceding the passing of the resolution regret was expressed at the intention of the Government to permit the raising of the level of Buttles Lake, which, it was stated, would result in the destruction of the scenic beauty of Strathcona National Park.

NEW NATIONAL PARK

The Grand Post promised hearty support to the movement for the establishment of a national park in the Bella Coola district, to be named after Sir Alexander Mackenzie, the great explorer.

Support was also promised to the residents of Bella Coola Valley in their efforts to have a road extended from that valley to connect with the Cariboo Road. The proposed new road, it was stated, would be of value in regard to settlement of the district and as a scenic highway.

WINS PROMOTION

V. S. WARAM

Known to thousands of travelers over the continent as one of the most popular hotel men on the Pacific Coast, Mr. Waram has been appointed assistant manager of the C.P.R. Empress Hotel here.

Announcement of the appointment is made by A. Allerton of Montreal, general manager of the C.P.R. hotel system, and H. J. Wilson, Victoria manager.

Mr. Waram began his hotel career twenty-five years ago at the old Commercial Hotel, Vancouver. He came to Victoria in 1908 when the Empress Hotel opened. Since that time he has held executive posts at the Prince George, Balmoral and Strathcona hotels in Victoria. Since the war he has been chief clerk at the Empress Hotel. He was overseas with the inland waterways and docks division of the Royal Engineers and was attached in Macedonia during the war.

SELF-DENIAL WEEK NEW MOVE AGAINST BRITISH LABOR BILL

London, May 6.—A plea for a Labor self-sacrifice movement in behalf of the fight against the Trades Union Bill will be considered by the Trades Union Congress of Great Britain, the trades union defence committee of the Labor Party and the co-operative movement at a meeting next Tuesday.

The plan provides for the trades union and Labor movement submitting to a week of self-denial by an abstention from alcohol and tobacco, the money thus saved to be devoted to the campaign against the bill.

The measure is now before the House of Commons.

EXPLOSION KILLED SIX

New York, May 6 — Six persons are believed to have been killed in a two-story building at Twenty-third Street and the East River here this afternoon as the result of an explosion in the building and collapse of the structure. More than twenty were reported injured.

BRITAIN IS TO BAR LOCKOUTS

Baldwin Government Amends Labor Bill to Prevent Such Schemes

General Strikes to be Illegal Under Measure Now Before Commons

London, May 6.—The Government's announced intention to amplify the Trades Union Bill so as to make general lockouts as well as general strikes and strikes of a coercive nature illegal was made good this morning when the official amendments were made public.

The amendment referring to lockouts says any such movement by employers is illegal "if it has any object besides furtherance of a trade dispute within the trade or industry in which the employers locking out are engaged and is a lockout designed or calculated to coerce the Government either directly or by inflicting hardship on the community and it is further declared it is illegal to commence or continue or to apply any sums in furtherance of support of any such illegal lockout."

Similarly the clause banning general strikes is to be amended so as to read the same as the lockout clause with the substitution of the words "strike" and "strikers" for "lockout" and "employers."

GIVEN SECOND READING

The Trades Union Bill passed second reading in the House of Commons last night. The committee of the whole House probably will consider it next Tuesday.

The measure passed second reading after a Labor motion by J. R. Clynes to reject it had been defeated 366 to 171. Closure had to be invoked to prevent the Laborites from persisting with the debate beyond the customary hour and the Speaker had to reprimand the Laborites for singing "John Brown's Body" and "Glory Hallelujah" while the vote was proceeding.

ONE CONSERVATIVE OPPONENT

Nineteen Liberal members voted against second reading and five other were paired against it. Lord Henry Cavendish Bentinck was the only Conservative who voted against the bill.

The Manchester Guardian remarks that the more one examines the bill "the more apparent it becomes that while in the main ineffective for the purpose for which it is drafted, it is perfectly consistent with a desire to deliver a slow blow at the trades unions and the political Labor Party."

Wheat Conference In 1928 in City On the Prairies

Kansas City, May 6 — The 1928 International Wheat Pool Conference will be held in a Canadian prairie city, it was virtually decided here to-day. Winnipeg, Regina or Calgary is mentioned for the conference and delegates from the three Canadian prairie provinces are urging their respective advantages.

Delegates assembled here from other nations agreed it was only fair to Canada to hold the conference in the Dominion, in recognition of the progress made there in mass merchandising.

PHOTOS BY AEROPLANE ILLUSTRATE WORLD NEWS IN SATURDAY'S TIMES

Pictures by aeroplane of the events of the day have been secured by The Victoria Daily Times to illustrate the news stories from all parts of the world which feature the big Saturday's issue. Pictures of local happenings, illustrations by well-known artists, cartoons by the most popular cartoonists, cabled news from the Old Country, articles by experts on a variety of subjects and special pages to interest every section of the reading public are included.

How the third telephone cable was laid across the gulf between the Mainland and Victoria is told in an illustrated story.

Prof. W. T. Allison discusses books.

The Victoria Times story of Confederation in pictures by the noted Canadian artist, C. W. Jefferys, is continued.

Robert Connell tells of his tour among the fishing stations of the West Coast.

The London Letter is an interesting chat on things in general.

There is a page for children that will interest them all.

Spring frocks, babies and beauty are discussed on the women's page.

"The Deserter," is the title of a full-page gripping story by Percival Christopher Wren.

These are but a few of many interesting features.

SNYDER TRIAL NEAR END

New York, May 6.—Testimony was completed in the Snyder murder trial to-day and adjournment was taken until Monday, when the summations and the judge's charges to the jury will be delivered.

CHARGES AGAINST THEM ARE UNTRUE REPORT DECLARES

COMPLETELY EXONERATED BY FINDING OF COMMISSIONER

HON. W. H. SUTHERLAND

MR. SPEAKER J. A. BUCKHAM

Mr. Justice Morrison Finds Gauthier Allegations, as Sponsored by Twigg, Are False; Interim Report Clears Speaker and Minister of All Suggestion of Improper Conduct; Will Bring in Final Report on Whole Question Later

All charges of improper conduct against Hon. W. H. Sutherland, Minister of Public Works, and Mr. Speaker Buckham, of the Provincial Legislature, in connection with John A. Gauthier's alleged liquor deals, are found to be untrue by Mr. Justice Morrison, following the recent Royal Commission investigation.

In an interim report to Lieutenant-Governor Randolph Bruce to-day the Royal Commissioner absolves Dr. Sutherland and Mr. Buckham completely from any allegation of wrong-doing as alleged by Gauthier in the affidavit, sponsored in the Legislature by H. D. Twigg, Conservative member for Victoria.

CHARGES BASELESS

Mr. Justice Morrison's interim report reads as follows:

"I beg to submit this, an interim report based upon the evidence adduced at the sittings of the Royal Commission issued to me on the 14th day of April, 1927, pursuant to the "Public Inquiries Act," and which commission empowered me to inquire into the truth of certain allegations contained in a declaration made by one John A. Gauthier, sworn in Seattle, Washington, U.S.A., on the 11th day of February, 1927, imputing improper conduct to the Honorable Mr. Sutherland, Minister of Public Works. I find these allegations to be untrue. Mr. Twigg, who moved the resolution in the Legislature, incorporating these allegations, unreservedly dissociated himself from any personal charges against either the Honorable Mr. Sutherland or the Honorable Mr. Buckham. On that phase of the inquiry I deemed it proper, in order that these gentlemen may not further lie under such imputations, to hand down this interim report, leaving a more full and detailed treatment of the matter to be dealt with in my final report.

"All of which is respectfully submitted.

"AULAY MORRISON,
"The Commissioner."

The filing of this verdict, following lengthy investigation here, marked the complete collapse of Conservative attempts to discredit the Speaker of the House and the Minister of Public Works. While Mr. Twigg admitted before the Commissioner that he was making no personal charges against these gentlemen, he read the Legislature declarations by Gauthier which contained the allegations of personal misconduct, adding that he expected to be able to prove them before a Royal Commission. These are the charges which the Royal Commissioner finds to be without foundation.

NO WORD FROM ATLANTIC PLANE

St. Roman's Machine Missing Since Reported 120 Miles Off Coast of Brazil

Rio de Janeiro, May 6.—As the hours wore on, anxiety increased here to-day over the safety of Capt. St. Roman, French aviator, who has not been heard from since 1 o'clock this morning, when he reported his position by radio as 120 miles off the Brazilian coast on his attempted transatlantic flight from the African mainland. Apprehension was increased by the report the plane had left Africa without pontoons for landing in water.

The possibility was advanced, however, of a forced landing at some isolated spot on the coast. In such a case the wireless on the plane might be put out of commission, accounting for the inability of radiomen to communicate further with the aviator.

EFFORT TO STABILIZE WORLD WHEAT PRICE

Marketing Plans Discussed at International Conference in Kansas City, Mo.

Kansas City, Mo., May 6.—Grain production and co-operative marketing reports from the world's largest shipping centres to-day occupied the delegates to the International Wheat Pool Conference here.

The conference entered its second day with pledges for co-operation in a world marketing plan to stabilize prices from Canadian, Australian, Russian and United States representatives of farmer organizations. Messages approving the international co-operative proposal also were received from South American growers.

SINGLE UNIT OPPOSED

While some delegates advocated a great world pool, G. C. Burnell, president of the Manitoba Pool and chairman of the conference, urged perfection of co-operative organizations in each country to operate in conjunction with each other rather than as a single unit.

RED CHINESE FORCE MOVES ON SWATOW

Threat Made City Will be Burned; British Cruiser There

London, May 6.—An Admiralty communique to-day says it is reported that "a Chinese communist force" is advancing on Swatow, important seaport of Kwangtung province, with the intention of burning the city. The force was said to be seventeen miles from Swatow at last reports.

The British cruiser Diana is guarding the British interests there.

It is stated at the Foreign Office that Sir Austen Chamberlain, Foreign Secretary, is expected to make a full statement on the Chinese situation in the House Monday.

U.S. EMBARGO ON MILK FROM QUEBEC IS NOW TAKEN OFF

Washington, May 6.—United States officials to-day decided to lift the embargo on milk and cream from Quebec.

Public health authorities here have notified the Canadian Legation that instructions are being sent to all border points that the embargo is no longer in effect except on milk originating in the city of Montreal.

The embargo was ordered because of a typhoid epidemic in Montreal. It originally applied within a radius of 200 miles from Montreal.

CANADIAN AND U.S. AVIATION EVENT

Capt. J. S. Scott Shares in Group Flying at Bolling Field, Washington

Washington, May 6 (Canadian Press Cable).—Canadians will take part in an all-American flying expedition to-day when Group Capt. J. S. Scott, director of the Royal Canadian Air Force, will fly over Bolling Field in a new trimotor plane loaned to him by the United States air force for a trial.

Capt. Scott is here to view the new model planes at the Aeronautical Show and to discuss flying problems informally.

Flight-Lieut. A. A. Leitch, who brought Canada's new patrol plane from Hazebrouck Heights, N.J., last Tuesday, will make flights with United States officers during the day, later taking off for the return trip to Hazebrouck Heights, where the new plane was constructed along with five others. The six planes will be used on the Canadian Government's Hudson Strait exploration expedition this Summer.

MAY QUEEN CROWNED

New Westminster, May 6—Miss Alice Groves this afternoon was crowned May Queen of New Westminster at the Fifty-seventh annual May Day festival.

CORDIAL INVITATION TO PUBLIC TO HEAR LECTURE TO-NIGHT

A cordial invitation to the public is extended by the tourist trade group of the Chamber of Commerce to the lecture to be given to-night in the chamber auditorium by Capt. F. G. Forster of of the National Parks Branch of the Department of the Interior. Capt. Forster, a lecturer of wide repute, will illustrate his talk with some wonderful motion pictures taken throughout Canada showing its beautiful park areas. He will also show many pictures of wild life, including birds and animals in their native surroundings. All members of the Chamber of Commerce as well as the general public are included in the invitation.

WAR IN NICARAGUA BELIEVED ENDED

Liberal Leader Prepared to Order Troops to Lay Down Arms

Managua, May 6.—After months of fighting between the Liberal and Conservative factions, the civil war in Nicaragua appeared to-day to be at an end.

While no definite peace settlement had been reached, General Mocada, Liberal, announced he was ready to lay down his arms. His decision followed an interview yesterday with Henry L. Stimson, personal representative of President Coolidge. General Mocada said it seemed certain the United States was prepared to take the field against the Liberals if fighting continued and that therefore he was prepared to order his troops to lay down their arms.

Assiniboine River Flood Eases up

Winnipeg, May 6.—At Brandon, Manitoba, the Assiniboine River dropped three-quarters of an inch during last night and officials believe the drop will continue. At Virden, Manitoba, a drop of half an inch was registered, but at Portage la Prairie, farther east, there was a rise of several inches.

No danger of flood is feared at Portage la Prairie however, as the river must rise another four feet to overflow its banks.

DAVIS CUP TENNIS

Dublin, May 6.—South Africa won both singles from Ireland on the opening day of their tennis tournament here to-day in the first round of competition for the Davis Cup.

L. Raymond, South Africa, defeated A. S. Mahoney, 6-2, 6-3 and 8-6.

J. Condon beat Cecil Campbell, 3-6, 2-6, 6-3, 6-3 and 6-4.

GRAIN PROJECT READY FOR VOTE

Council Will be Asked To-day to Submit By-law to People

The Ogden Point elevator project, the subject of extended negotiations between the city and the Panama Pacific Grain Terminals Limited, is now ready for a vote of the ratepayers, it was stated to The Times to-day by Mayor J. C. Pendray.

Details of final negotiations between the city's representatives and the grain-growing shareholders of the company will be disclosed to the city council in special session at 4 p.m. to-day. The council will be asked to submit the by-law to the people without further delay.

Under the plan the city would market and control a bond issue by the Panama Grain Terminals to raise $500,000, holding a first claim on the lease of the dockaite, and separate and binding agreements with both the grain company and the contractors who are to build the elevator.

WOULD RECEIVE GUARANTEE

The city would release the money thus raised as progress certificates were granted by its own engineer on the work, and in addition to supervising the retirement of the grain company's bonds, would receive a minimum guarantee of $5,000 a year for the use of its credit. This guarantee would be $10,000 yearly during the life of the agreement, if the grain interests passed 10,000,000 bushels per annum, their expectations, through the Victoria storehouse.

At the same session of the council favorable progress will be reported on the cold storage project, in which local opportunities for the operation of cold storage facilities on a large scale have been laid before Eastern capitalists much interested in the plan. Both developments can be secured for Victoria if the ratepayers want them, stated Mayor Pendray to-day.

(Concluded on page 2)

Seattle Woman In Jerusalem Was Hit by Bullets

Jerusalem, May 6 — A woman of the United States, Mrs. Pettit, described as the wife of an Adventist bishop, was slightly wounded in the throat and shoulder by a bullet last night during a bandit attack in "The Valley of Robbers." Her home address was given as No. 11 Fourteenth Avenue North, Seattle.

Mrs. Pettitwas on her way to join her husband in Burka. She received treatment at the Government hospital here. The bullets grazed her throat and shoulders.

FEWER GUARDS FOR RUSSIANS IN GENEVA

Authorities Meet Request of Delegates to Economic Conference

Geneva, May 6.—Meeting the request of the Soviet delegation to the International Economic Conference here for lightening of the police surveillance to which they had been subject since their arrival, the Swiss authorities to-day removed the uniformed police guard from the lobby of the Russian Hotel.

The authorities also consented to removal of the wooden barriers erected in front of the hotel, designed to keep out the public, and to discontinue supervision of telephone calls for the Russians.

The newspapers say the Russians threatened to abandon the Economic Conference and leave Geneva unless the police surveillance was relaxed.

Lone Trees Standing On Windy Hills

By Olive Roberts Barton

They say that if we were to dump our troubles into a pile and were told to pick out one of our own choosing, each of us would take his own.

If you think you were born under an unlucky star it may be a comfort to know that your next door neighbor or the people across the street, the family above you, or the family below you, has a burden of some sort that is as heavy as yours.

They may not have it at this minute, but I believe absolutely with Longfellow that "into each life some rain must fall." If we had no trouble—no burden—no storms to weather, we should not be worth much, any of us.

I learned something from a sailor. When sailing vessels are built, the spars, or crossbeams that hold the masts, must be made of particularly tough wood. For trees of this sort woodsmen do not look in a forest. They look for a tree that has grown upright and alone on a windy hill.

There are days I get tired and discouraged. I think that I have a heavy burden, for it seems that my responsibilities are greater than those of my friends. Perhaps every mother with a family feels this.

Mothers are alone. No one can quite understand what their responsibility is. Not even fathers, and certainly not children. Moreover more is expected of mothers now than ever before. Child specialists learn what should be done, but the mothers have it to do.

I have summarized the vast army of mothers in a few words. "They work and they love, and they do their best!" It is hard sometimes, but there isn't one who would have it otherwise. Storms, drought, Summer's heat, and Winter's cold! Lone trees on windy hills!

The most worth-while troubles are children! We often confuse trouble with responsibility. Let's change the word.

COLORS PLEASING

New colors are softer than ever. Blue, green, rose or yellow, mingled with white, tan or gray, give pleasing compose shades.

Tea Stains

When tea is split on table linens, sprinkle with borax at once and moisten with water. Let stand a while before rinsing with boiling water.

PLAN HISTORY EXAMINATIONS

Province-wide Contest Will Stress Lessons of Confederation Here

High and Elementary School Pupils to Write in Special Tests

The young idea of British Columbia will be focussed on Canadian historical themes during the present term as part of this Province's observance of the Diamond Jubilee of Confederation. Under plans announced at the Department of Education the study of Canadian history will be stressed through a Province-wide competition among public school children.

Canadian history examination papers are being prepared by the Department now and will be sent out to all teachers immediately. One of the papers will be for the elementary schools and the other for high schools. On July 17 high school pupils will write the examination, while the elementary school test will be held on June 23.

TO RECEIVE MEDALS

Answers to these questions will be forwarded to the Department, where they will be read and marked. Medal prizes, presented by the National Jubilee Celebration Committee, will be given to the student obtaining the highest marks.

The National Committee also is arranging Canadian history competitions in Canadian universities, including the University of British Columbia. Arrangements for these contests will be made by the committee direct with the university authorities.

A programme of exercises suitable for the celebration of the Confederation Jubilee in the school of the Province is in course of preparation at the Department of Education now and teachers will be advised of details shortly.

The treatment of prisoners in one prison is remarkably humane. A regular visitor inquired recently regarding an old offender:

"What's wrong with Bill? He seems to have a grievance."

"No wonder," said one of his mates. "He threatened the warder with a shovel to-day, and now they won't let him go to choir practice."

SHE WINS WITHOUT MAKEUP

Claudia Ross, eighteen, was adjudged the most beautiful girl in a "Charm Contest" recently held in Columbus, Ohio. The freshness and naturalness of her beauty, absence of makeup and of an attempt to pose, helped the judges select her from among several hundred girls.

CANADA TO SAVE MONEY ON LOANS

Ottawa, May 6 — Canada, it is offically stated, will effect an annual saving of approximately $1,000,000 in interest charges by a proposed plan of refinancing in regard to Dominion loans maturing this year. Three financial obligations are to be dealt with during the next seven months. The largest of these maturities is a portion of the 1917 Victory Loan, 5½ per cent. tax free, totaling $63,437,250, expiring on December 1. This loan, it is stated, will be redeemed by the flotation of a new loan at a reduced rate of interest.

On November 1 the 5½ per cent. renewal loan of 1923, totaling $29,068,400, will mature. A portion of this loan, at least, will be redeemed in cash, it is intimated and the balance, if any, will be redeemed by the floating of a new loan at a reduced rate of interest.

It is expected the three-year, four per cent. notes, amounting to $8,000,000, and falling due on November 15, will be redeemed in cash.

PANAMA PURSUES LIQUOR VICTORY

Will Now Seek Release of Steamer Hakadate, Seized Near San Pedro

Washington, May 6 — There were indications here yesterday that the Panama legation might take the initiative and demand the release of the liquor-laden steamer Hakadate, seized April 7 by the coastguard, even before receiving a report on the circumstances from the State Department.

Panama consular reports from San Pedro, Cal., asserted the ship was taken seven miles from the Mexican coast and sixty miles south of the Mexican boundary.

The legal controversy over the seizure of the steamer Federalship is expected to be pursued by the Panama legation on the ground that the Panama Government did not subscribe to the statements from the Treasury and State Departments on international features of the incident.

USE TOO MANY CARBOHYDRATES

The average person has a sweet tooth. This, with his special desire for meat, is the major idiosyncrasy of his diet.

The rise of cereal grains, including rice, wheat, rye, maize and barley, is one of the major developments of modern civilization. The proteins of beans and peas are not so well adapted to human use when these form the only source of protein in the diet.

The starchy substances are, however, an important source of carbohydrates and their use is largely associated with the tendency to overweight. For instance, potatoes, baked greens, green corn, boiled rice and boiled macaroni contain 20 per cent of carbohydrates; green peas, artichokes, parsnips and canned lima beans contain 15 per cent of carbohydrates. The following table provided by Joslin indicates the number of grams of protein, fat and carbohydrates respectively in one ounce of 30 grams of some common food substances:

	Protein Gm.	Fat Gm.	Carbohydrates Gm.
Oatmeal, dry weight	5	2	20
Shredded wheat	23	3	0
Crackers, two	10	1	1
Oysters, six	4	6	1
Chicken, cooked, lean	0	8	3
Cheese	0	8	17
Oil	0	0	30
Fish, (cod, haddock), cooked	0	6	0
Broth	0	0.7	0
Meat (cooked)	8	5	0
Meat (uncooked)	4	3	0
Potato	1	0	6
Broth	0.7	0	0
Bacon (cooked)	5	15	0

The person who chooses his diet wisely will select a sufficient proportion of each of these dietary constituents to provide the demands of proper nutrition.

Kentucky claims America's fattest boy. Meredith Taylor weighs 125 pounds, wears size 42 overalls, a 17 shirt and a 7½ cap. Yet he is only four years old, almost as broad as he is tall.

HUMANE NOTES

Humane education is the foundation of all reform.

There are now twenty-four States in America which have passed laws requiring the humane education of pupils in public schools.

The humane cause is making rapid progress in South America, in Africa, Palestine and other parts of the world.

The humane killing of animals for food is a vital problem. In England over 8,000 butchers have been supplied with the humane killer.

A model abattoir is being built near London for the purpose of slaughtering animals by more humane methods.

French humane societies are being strengthened by improved laws for the protection of animals.

A hospital for animals has been opened on the island of Crete partially supported by the Greek government.

In South Australia it is now compulsory to exercise dogs daily that are kept on chains.

A French humane society is petitioning the Pope for a universal catechism that may include a chapter devoted to the duties of man towards the animals.

South Carolina has a law against the use of the steel trap.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, May 6, 1902.

Death to-day removed one of the most prominent of Victoria's pioneers in the person of Maurice Humber, well-known contractor.

Smallpox was discovered aboard the steamer Kinshu Maru, which arrived in quarantine last evening.

The Government went down this evening in supply and by all rules of Parliamentary Government, its resignation should be in the hands of His Honor to-day.

The average daily attendance in the public schools during April reached a higher percentage than ever before.

The Nippon Yusen Kaisha steamer Iyo Maru called at the Outer Wharf this morning on her way out to the Orient.

The first meeting of the season of the Victoria Lacrosse Club was held last evening. Officers were elected for the year.

B.C. NATIVE SONS MEET IN ROYAL CITY

Delegates to Convention Welcomed at Banquet in New Westminster

New Westminster, May 6.—Welcoming the delegates to the Grand Post convention of the Native Sons of British Columbia at a luncheon in the Olivet Baptist Church here yesterday, Mayor A. Wells Gray praised the objects of the organization. It was a means of binding together for loyalty to the Province, to honor the pioneers who had toiled to develop this country, and to see recognition was given to the historic spots of British Columbia so they would be perpetuated for future generations.

The luncheon was a joint one in conjunction with the Grand Post Convention of the Native Daughters of British Columbia, also being held at the same time.

FITTING SPOT CHOSEN

Mrs. C. R. Draney of Victoria, grand factor, who spoke on behalf of the Native Daughters, declared it was very fitting the conventions should be held in New Westminster, as in the pioneer days all social gatherings had centred about the Royal City.

For the third time within four years the Grand Post Convention had been welcomed by a native son, said B. A. McKelvie of Vancouver, grand factor.

JUDGE IS TO RULE ON DAIRIES' CONTRACTS

Suit in Vancouver Affects Whole Field of Fraser Valley Association

Vancouver, May 6.—"I am glad I did not draw this contract," remarked Mr. Justice D. A. McDonald, as he reserved decision yesterday in a far-reaching suit by the Fraser Valley Milk Producers' Association against James Bennewith of Chilliwack, dairy farmer. The action was for the purpose of enforcing Bennewith's contract to supply all his milk to the association.

The defence raised by C. S. Arnold and Stuart Davidson, counsel for Bennewith, is said to effect vitally the validity of the Milk Producers' Association's contracts with its 2,500 members.

Oh Boys!

WHAT IS THIS?

"TESLIRG LESOS RAWE GENOLR"

Sounds like Greek or Latin to us, so we'll give a $1.00 bill to the first boy who enters the store to-morrow (Saturday) morning at 10 o'clock with the correct answer written in the space below. Every boy who answers the problem correctly will get a "consolation" prize, if he doesn't get the $1.00 bill. Now then you bright boys. You'll get the clue if you read this advertisement.

There's no mystery, however, about the reason why Stewart's Store is always busy. It's the old case of cause and effect. We have mixed quality and value together and it has crowded our store. Now, where can you get values like the following:—For men we're selling the famous "Piccadilly" double sole, double stitched Shoes at $4.95. These come in a fine dressy style in tan calf, fully Goodyear welted. All sizes. Then we've lines at $3.95 in tan and black, and a solid leather work shoe at $3.50, and a light work shoe at $2.00 per pair. See the new balloon toe Oxfords in tan and black in the "Gold Seal" make at $4.95. A dozen styles to choose from. Boys' Leckie made Boots at $2.99 are still the best value we've ever seen. They'll stand the real HE-BOYS. Also the sizes 1-5 at $3.99. We're selling a lot of the Boys' Basketball Boots at $1.45 with the famous "Gristle" soles. They are the longest wearing running shoes on the market. All sizes 11-5 at $1.45. Then for the children we've Shoes of 75c, 85c, $1.00 and $1.50. Bring the children in and we'll fit them carefully.

There's some lovely styles for the girls from as low as $1.49 to $2.45, in tan and patent, with the latest 2-tone effects. We can't begin to describe the lovely and unique novelty effects in our LADIES' Department. The newest rose blush, stone grey, Pastel, parchment and rosewood colors at prices $3.95, $4.95 and $5.95. See our racks at $1.50, $2.50 and $3.50. The values are unsurpassed. You're losing every day you stay away. Make a point to spend some shoe money here to-morrow and notice the saving.

KATHLEEN TO BE SIXTH VESSEL IN SONGHEES DRYDOCK

Sixth vessel to enter Songhees drydock, new Government graving basin at Esquimalt, Ss. Princess Kathleen, pride of the C.P.R. coastal fleet, will be floated in tomorrow to undergo overhauling. The Ss. Princess Marguerite, her sistership, left the drydock yesterday afternoon after undergoing overhaul. Both of these vessels will go into operation at the end of next week on the Summer schedule of the triangle run, between Victoria, Vancouver and Seattle.

MILO EGGERS TO FACE TRIAL

His Fight Against Extradition in Hi-jack Case Unsuccessful

Seattle, May 6.—Bert C. Ross, attorney representing the British Columbia Government, said here last night that Milo Eggers, reputed hijacker, had lost his fight against extradition to Canada, where he is wanted on charges of "robbery with violence." A mandate for his removal to British Columbia will be automatically issued Saturday unless affirmative action in his behalf is taken before that time by the United States Supreme Court, which is only a possibility, Ross said.

Ross explained that the Circuit Court of Appeals at San Francisco not only denied Eggers's petition for a rehearing, but refused to grant him a thirty-day extension of time to permit appeal to the United States Supreme Court. George E. Vandervveer, Eggers's attorney, has telegraphed to the Supreme Court asking for a stay.

OBITUARY

The funeral of Charles J. Beasley of Milne's Landing who died suddenly on Wednesday afternoon when engaged at Saseenos, will take place on Saturday afternoon from McCall Brothers' Funeral Home and proceed to Knox Cemetery, Sooke, where interment will be made, Rev. S. Lundie officiating.

The funeral of Mrs. Ada Gilbert took place from Hayward's B. C. Funeral Chapel yesterday afternoon, Rev. Dr. Clem Davies officiating. The pallbearers were A. H. Davies, W. H. Davies, W. Patterson and T. Abraham. Interment was in Royal Oak Burial Park.

The remains of the late Mrs. Sarah Bahr, who passed away at the Royal Jubilee Hospital Tuesday afternoon, will be laid to rest in the family plot at Ross Bay Cemetery to-morrow afternoon. Funeral service will be held at the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock. The funeral will be under the auspices of the Bible Students.

At the Jubilee Hospital early this morning there passed away Gerald Campbell, a native son of Victoria, aged twenty years. He is survived by his parents, Mr. and Mrs. Michael Campbell, 2559 Dunlevy Street, four sisters and one brother. Mrs. J. Finlay, Los Angeles; Mrs. H. Matzik, Pasadena; the Misses Gertrude and Dorothy, at home, and Raymond Campbell in Seattle. The funeral will be held from the Sands Funeral Chapel on Monday at 8.45 a.m., proceeding to Our Lady of Lourdes Church, the Willows, where Rev. Father Buckley will conduct the services at 9 o'clock. Interment will be made at Ross Bay cemetery.

Funeral services for the late Nils Anderson, who passed away on April 25, will be held at the Sands Funeral Chapel on Saturday at 10.30 o'clock. Interment will be made at Royal Oak Burial Park.

Vanzetti-Sacco Appeal is Made

Boston, Mass., May 6.—A personally written plea for liberty, backed by six striking affidavits which have brought into the open charges of prejudice by Judge Webster Thayer never before published, has been sent to Governor Fuller by Bartolomew Vanzetti, confessed radical, who with Nicola Sacco is awaiting execution for a murder committed six years ago.

Although Sacco refused to join in the petition because it would be against "his faith" as an anarchist, Vanzetti called for an investigation for both. Governor Fuller has not yet considered the petition.

CITIZENS ARE GIVING SUPPORT

May 24 Plans Show Promise as Voluntary Efforts Added to Programme

May 24 programme is shaping up a volume of voluntary support, stated W. H. Davies, secretary of the May 24 committee in reference to the plans of that executive to-day. Five entries have been received for the parade to date, and lodges and organizations are considering the question of having representation in the parade, either by floats, turn-outs of their membership or in other ways.

A. F. Shepherd, manager of the Underwood Typewriter Company here, has put his name down for a decorated car. The Y.M.C.A. British America Paint and other public and private organizations are entering floats. Individual entries in the costume classes are being volunteered in numbers.

As there will be no prizes this year all organizations are asked to get behind the movement to make the parade the best that can be accomplished on a voluntary basis.

The City Temple Sunday School children will march in costume in one section of the Parade of Flowers, a feature of other years that drew warm support. Fairies and nursery room characters will also be represented by the children.

Generally throughout the two-day plan the programme for the period will not conflict with the Diamond Jubilee celebration, but will serve to mark Empire Day in the customary manner. Final details of the programme are to be announced shortly. Meanwhile those intending to take part in any of the features are requested to get into touch with the secretary.

Canadian Daily Newspapers Elect Officers For Year

Toronto, May 6.—The following officers and directors were appointed for the ensuing year at the annual meeting of the Canadian Daily Newspaper Association here yesterday.

President, E. H. MacKlin, Winnipeg Free Press; vice-president, W. B. Preston, Brantford Expositor; treasurer, N. T. Bowman, Toronto Evening Telegram; directors, Messrs. A. W. Robb, Halifax Herald; T. F. Drummie, St. John Telegram; Frank Carrel, Quebec Chronicle-Telegram; George Pelletier, Le Devoir, Montreal; J. H. Henderson, Montreal Gazette; R. J. Jaffray, Toronto Globe; H. B. Burgoyne, St. Catharines Standard; J. E. Atkinson, Toronto Daily Star; G. E. Scroggie, Toronto Mail and Empire; Burford Hooke, Regina Leader and Post; Senator W. A. Buchanan, Lethbridge Herald; R. J. Cromie, Vancouver Sun; John M. Imrie, Edmonton Journal; W. J. Motz, Kitchener Record, and H. B. Muir, Kingston Whig-

GRAIN PROJECT READY FOR VOTE

(Continued from page 1)

TO SETTLE BUDGET

Also before the council this afternoon will be the readjustment of its budget of expenditures and receipts to the income obtainable from 38 mills, the tax rate struck by the council on Monday.

Bearing on this point to-day D. A. Macdonald, City Comptroller, corrected an impression that all payments under tax arrear plans became available for revenue. Only seventy per cent of the fifteen-year consolidated payments and similar plans are turned to revenue account. The remaining thirty per cent goes into the local improvement sinking funds, the proportion of local improvement charges incorporated in the consolidation.

Estimates for the year from such sources are totals of $248,450 anticipated from general arears, including one and two-year-old arrears, interest, penalties, redemption sales, and from the land-buyer's tax account, which includes partial taxes becoming payable when property is sold during the tax year. The fifteen-year tax plan is expected to yield $15,000; and the ten-year tax plan $25,000.

Showing how the local improvement and other considerations reduce the sum available for revenue purposes under these heads, Mr. Macdonald explained the segregation of a $12,536 cheque received by the city yesterday from an individual taxpayer, now bringing himself up to date under the fifteen-year plan.

Of the sum of $15,536,866 was paid for 1925 general arrears; $1,299 for 1926 general arrears; $1,337 for interest; and $9,033 as principal sum under the fifteen-year plan. Just under $7,000 of the payment is available for inclusion in the estimated receipts, stated Mr. Macdonald.

An automatic increase in the percentage of tax collection will be one result of the reduction in the mill rate, concluded Mr. Macdonald, who although opposed to the extent of the reduction effected, is working in conjunction with the council to see how the sums provided can be made to fit the work to be done.

Judge to Rule on Citizens' Move to Unseat Councillor

Vancouver, May 6.—Mr. Justice Gregory reserved his decision yesterday afternoon at conclusion of the trial of the disqualification proceedings brought by ratepayers of Coquitlam against Councillor E. Girard of that municipality. Great interest was aroused in the hearing, and the courtroom was crowded with residents of Maillardville, the chief village in the municipality.

Gas, biliousness, heartburn, dyspepsia, and similiar ills will not trouble you if you take Seigel's Syrup. Any drug store. (Advt.)

Vancouver May Sub-lease Part of Cheakamus Power

Vancouver, May 6.—The legal department of the City of Vancouver will immediately seek information from the Provincial Government as to its right to sub-lease all or part of the Cheakamus power reservation, should it desire to do so. Instructions for such steps to be taken were given by the city finance committee yesterday.

A. J. Pilkington, city comptroller, reported he now had a statement of the financial standing of E. P. Bremner and his associates in the United States, who desired to make a deal with the city for certain of its power rights, now being held in reserve on the Cheakamus River. He advised the council to find out from Hon. T. D. Pattullo, Minister of Lands, whether or not the city had the right under its lease from the Government to sub-lease.

Alderman H. E. Almond, chairman, agreed with the comptroller's suggestion, adding that he doubted whether it would be good business on the city's part to do so if it had the right.

If a deal is made with Mr. Bremner or anyone else for exploitation or development of power rights on the Cheakamus River, the city should receive rental, in the opinion of Alderman John Bennett.

TIMBER SUIT

Ottawa, May 6.—Judgment was reserved by the Supreme Court of Canada yesterday in the case of Winter versus the Capilano Timber Company. This a British Columbia case and the action concerns the validity of a lease or a notice of forfeiture thereunder.

A MAKER OF CANADA

IT IS WELL THAT MR. E. W. BEATTY from time to time should remind the people of Canada what the Canadian Pacific Railway Company has contributed to the building of this country. Very few of us realize the enormous amount of money which that great concern has spent during the last sixty years, the varied service it has rendered, and how it has added to Canada's prestige abroad. This brief extract from Mr. Beatty's speech at the company's annual meeting the other day, while only touching the fringe of things, must have started a new train of thought in the minds of most people:

I do not know whether all of our shareholders comprehend the magnitude of the company's undertaking, the diversity of its activities and the widespread character of its operations in transportation, colonization and development. The railway was itself a part of the scheme of Confederation, the sixtieth anniversary of which is being celebrated in Canada this year, and from its inception has been charged with the great and serious responsibility of providing a facile means of communication—a constant and thoroughly efficient service—to enable the people of this wide Dominion to enjoy the close communication that is essential to the integrity of Confederation and the continued development of the nation.

Not only that! In order to live and grow, the Canadian Pacific of the eighties was charged with the task of attracting people, of seeing them comfortably settled, of encouraging industry, of making arable through irrigation extensive areas of land which otherwise would have remained unavailable for settlement, and of developing by divers means the traffic that is the life-blood of the country and of the railway system. It was necessary that Canada be advertised, that the people of the world should know of her wealth of land, forests, mines, waterpower and other resources, and that thereby they and their capital be woven into the pattern of Canadian industrial history.

It is true that the Canadian Pacific Railway Company is a private concern; but it also is a great national utility with which the social and commercial life of this Dominion is inextricably bound up. The story of the development of Canada during the last sixty years is also, to a more marked degree than many imagine, the story of the growth and increasing usefulness of the Canadian Pacific Railway Company.

Not only is the company fortunate in its possession of a guiding genius like Mr. Beatty; Canada also is fortunate in possessing a citizen whose frequent public utterances are an inspiring tonic because they are always full of optimism. His recital of the achievements of the organization which he directs should stir the pride of every Canadian.

PECULIAR NATIONALISM

BEFORE THE WOMEN'S CANADIAN Club on Tuesday afternoon Miss Lila Van Kirk, of Philadelphia, discussed Premier Mussolini in particular and Fascism in general. She described the system which the Prime Minister introduced into Italy by force as something in the nature of the first coherent expression of an Italian nationalism—a system representing property rights and class co-operation "as opposed to the class destruction which is the creed of the Bolsheviks." Many of what the speaker considers reforms have been brought about by the Fascist chief because he believes in "putting the good of the state before the liberty of the individual." Mussolini argues that "during Italy's state of transformation the people will not settle down if they are open to the influence of agitators." Consequently the agitators are "suppressed."

Miss Van Kirk does not appear to have discussed the inner meaning of Fascism in operation or the effect it is having and must continue to have upon the national character. We are not aware whether she would consider the suppression of such a newspaper of the influence and international reputation which the Corriere della Sera once enjoyed to be in keeping with a coherent expression of an Italian nationalism. She apparently did not dwell upon such organized "suppression" as that which snuffed out the life of Matteotti, that riddled the body of Pilati with bullets, that caused Professor Salvemini to resign his chair in the university of Florence in protest against a system which has put an end to freedom of speech and liberty of action, that has destroyed parliamentary government and is just as anti-democratic, and just as vicious in its operation, as Communism as applied in Russia. She did say, however, that Mussolini is continually teaching the youth of Italy patriotism, which means, of course, it is being drilled in the principle of force, and taught a political creed which is based on force. Herein lies the danger to Italy herself—because it violates the spirit of progress and peace.

TRADE UNIONS IN CANADA

THE TRADE UNION MOVEMENT OF the Dominion, according to the sixteenth annual report on Labor Organization in Canada, covering the calendar year 1926, which has just been issued by the Department of Labor, is made up of the following groups: (1) Local branches of international branches of the Industrial Workers of the World, a craft organizations, having headquarters in the United States; (2) One Big Union, an international industrial union, with headquasters in Winnipeg; (3) local revolutionary industrial union which seeks to abolish the wage system, with headquarters in Chicago; (4) non-international craft organizations with headquarters in Canada; (5) independent trade union units, and (6) national and Catholic unions.

The figures presented for the international craft union group, which includes the members of 89 organizations, show there has been an increase in local branches of 26, and a gain in members of 6,694, the total branches being 2,011, and the combined membership 179,267. The report from the One Big Union claims 61 local units, with a combined membership of 18,665, gains of eight in units and 1,409 in members. The Industrial Workers of the World, though retaining its six branches, shows a loss in membership of 5,400, the number of members reported being 4,600. The non-international craft organizations, of which there are 20, had a loss in branches of 15, but an increase in members of 767, the branches now numbering 296 and the membership being 34,837. The independent units have decreased by two, now standing at 38, of which 33 reported a combined membership of 12,235, an increase of 70. The national and Catholic unions have increased by four, there now being 103, the combined membership of which was reported by the Federation of Catholic Workers of Canada to be 25,000, the same as reported for the two previous years.

The computation of the above figures indicates a net gain in branches of 21, and an increase in members of 3,540, making a grand total of 2,515 branches of all classes of unions in the Dominion, with a combined reported or estimated membership of 274,604. The membership of all classes of organized labor bodies in Canada, as reported to the Department for the past sixteen years, has been as follows:

1911	133,132	1916	160,407	1921	313,320
1912	160,120	1917	204,630	1922	276,621
1913	175,799	1918	248,887	1923	278,092
1914	166,163	1919	378,047	1924	260,643
1915	143,343	1920	373,842	1925	271,064

A HUGE CONVENTION

PROBABLY THE LARGEST CONVENTION ever held in Canada will be the World's Poultry Congress, scheduled to take place in Ottawa from July 27 to August 4 next. Not only will it be the largest, but the most cosmopolitan in character of any previously arranged in the Dominion. Nearly two score nations will be represented and delegates will come from countries as widely scattered as Russia and Mexico, Japan and Spain.

The Dominion Government is wholeheartedly behind those now engaged in arranging the details of this great gathering. Mr. Motherwell, Dominion Minister of Agriculture, is the honorary chairman of the congress committee, while the chairman is Dr. J. H. Grisdale, Deputy Minister of Agriculture, and the vice-chairman, Mr. F. C. Elford, Dominion poultry husbandman, who is also general director. The ministers of agriculture of the nine provinces are also members of the committee, which is but the chief of thirty such committees now busily engaged in working out the various phases of the event.

Besides these committees actively at work in Canada, national committees representing Belgium, Brazil, Denmark, Dominican Republic, Egypt, Finland, Germany, Great Britain, Italy, Japan, Latvia, Poland, Spain, The Netherlands, United States, Soviet Russia, and South Africa are also in existence. The duties of these national committees are to secure as many representative delegates as possible to make the journey to Canada next Summer. It is conservatively estimated that the accredited delegates will number six thousand. In addition to the congress proper, there will be an exhibition of live and dressed poultry and the hundred and one accessories connected with poultry raising. It will thus be seen that the affair is one of great magnitude and importance, warranting the cordial co-operation of all Canadians.

WHAT OTHER PAPERS SAY

RUSSIA'S LATTER STATE

From The Toronto Globe

It was a striking indictment of present conditions in Russia that was uttered the other day in New York by Alexander Kerensky, former Premier of Russia. The latter state of Russia, Kerensky believes, is infinitely worse than the former, and the autocracy of Czardom much to be preferred to the autocracy of the present regime of Bolshevism. The present condition of affairs is one of sheer terror, where freedom of speech is throttled completely and democracy grovels in the dust. Making a comparison between the former days and the present, he said: "However dark the situation was then, it was at least possible to speak, to question, to challenge. But to-day the Russian jails and exile camps are full of political prisoners, sent there by the very people who are the betrayers of Russian liberty. Executions and exilings are going on uninterruptedly. The prisons are crowded. Conditions among some of the prisoners and their families are pitiable."

This is a different picture from that generally drawn by the well-paid agents of Bolshevism. If the former Premier speaks truly—and there is no reason to doubt his sincerity—such conditions as these cannot long survive. They carry within themselves the seeds of their own dissolution, as history time and again has clearly shown. If the house of the Romanoffs was swept away for its misdeeds in the maelstrom of Bolshevism, how can the present regime hope to survive with iniquities multiplied ten times over? Truth may be crushed to earth, but it will rise again; liberty may be attacked, but it will burst its bonds, and freedom assert herself once more. It is a law inherent in the heart of humanity. Whether it recognizes it or not, the present regime in Russia is doomed. The day of its doom may also be the day of Russia's emancipation.

A THOUGHT

But the very hairs of your head are all numbered.—Matthew x., 30.

Man blindly works the will of fate.—Wieland.

Do You Mean What You Say?

"DRUMMER"

All the world knows the drummer. He is the traveling man. Even the writers of dictionaries recognize the word as good English. It has no reference to the "drummer boy" of the band, but has a legitimate origin in the verb "to drum" as "to drum up trade," "to solicit custom." And the man who goes about soliciting trade from merchants throughout the land is, therefore, a drummer.

Canadian Questions and Answers

CANADA'S MAJOR INDUSTRIES

Q.—What are some of Canada's major industries?

A.—Some of Canada major industries and the value of their production in 1926 were: Filed crops, 1,131,241,000; pulp and paper, $225,000,000; minerals, $242,886,000; fish, $36,000,000; building, $372,947,000.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, May 6.—5 a.m.—The barometer remains high on the Northern Coast and fine, warmer weather prevails over this Province. Frosts are reported in the prairies.

Reports

Victoria—Barometer, 29.97; temperature, maximum yesterday, 58; minimum, 44; wind, 8 miles W.; weather, clear.

Vancouver—Barometer, 29.94; temperature, maximum yesterday, 62; minimum, 40; wind, calm; weather, clear.

Kamloops—Barometer, 29.96; temperature, maximum yesterday, 62; minimum, 42; wind, calm; rain, .04; weather, cloudy.

Prince Rupert—Barometer, 30.22; temperature, maximum yesterday, 58; minimum, 36; wind, calm; weather, clear.

Estevan Point—Barometer, 29.96; temperature, maximum yesterday, 56; minimum, 42; wind, 4 miles N.; weather, clear.

Tatoosh—Barometer, 29.94; temperature, maximum yesterday, 54; minimum, 44; wind, 4 miles S.W.; weather, clear.

Portland, Ore.—Barometer, 29.90; temperature, maximum yesterday, 64; minimum, 46; wind, 4 miles N.W.; weather, clear.

Seattle—Barometer, 29.94; temperature, maximum yesterday, 58; minimum, 44; wind, 4 miles S.; weather, clear.

San Francisco—Barometer, 29.82; temperature, maximum yesterday, 62; minimum, 50; wind, 12 miles W.; weather, fair.

Other People's Views

SELL FISH TO CHICAGO

To the Editor:—While in Chicago the matter of getting goods before the public by wholesalers was very interesting to me and the thought struck me that some of the ideas might be applied to B.C. products.

I attended a lecture one day where a gentleman gave a very instructive address on the care of the teeth, illustrating his ideas with a set of false teeth and a tooth brush.

He explained fully how tooth brushes are made and gave arguments about the shape and quality of the brush he was advocating, showing its superiority over other brushes, and finally presented each person with one of the brushes.

Another day with about 100 persons I visited one of the largest and most up-to-date factories in the world for manufacturer of plasters, gauzes, supports, etc., the machine doing almost everything, but speak.

It was here the cotton was put through its various processes until finally sterilized and made ready for its use in various ways.

At the close of our inspection each was presented with a handsome box containing a complete first-aid outfit. Now, why not apply these ideas to British Columbia fish, as there is none on sale in Chicago as far as our inquiries went.

In the restaurant and at the fish stores we were invariably told that the fish came from Seattle. We were suspicious of it at first, but we found that the salmon and halibut were very nice and as good as we often got in Victoria.

In the canned goods line nothing from British Columbia is shown or advertised and all the salmon is known as "Finest Alaska Red," or "Finest Alaska Pink," etc. The clerks know nothing about Cohoe or Sockeye, so you see here is where mission work can be done.

I told them I would not eat that stuff as they did not know what they were selling.

It would be a very easy matter to get the clerks one day and the managers another day at a suitable time and place for a good British Columbia fish story—from start to finish—and present each with a small sample of the stuff as canned.

Of course, it would require a great number of meetings and talks to cover a place the size of Chicago, but I am satisfied the results would be surprising, as the citizens there are easily influenced. The population of Greater Chicago is over 4,000,000, and if a market for our fish can be opened up in this way would it not pay to take a leaf out of the book of Uncle Sam's salesmen and get in personal touch with the public?

J. O. STINSON.

JOTS FROM GEOGRAPHY

DEVIL'S TOWER, among the Black Hills of Wyoming, is a strange natural formation bearing a very pretty Indian legend. Marks of bear claws that ridge the sides are the result of the attempt of the animals to scale the walls when they were pursuing three Indian maidens. Devil's Tower has been designated as a national monument.

THAT POUND LAW

To the Editor:—I would like to encroach on your valuable space to reply to Mr. Peatt's letter on the pound law. I have waited until now thinking some one more able to do so would take up the side of those favoring the pound law, but as no one has done so I will try to give the other side of the question.

In the first place the proposed area is nearly all fenced on both sides of the public highway. This is not a grazing district except for a very short period in the Springtime. For the rest of the year one can scarcely raise an umbrella. To grow anything in the greater part of the area requires a great deal of cultivation and an abundance of water.

We do not complain about all the stockmen for some of them do look after their animals and keep them well within bounds, but I am sorry to say there are others who do not and who turn out anywhere from 100 to 23 head of sheep and eight or ten cows to run ruthlessly over the country.

The available pasture is soon eaten up on the roadside and then everybody's gardens must suffer. Necessity being the mother of invention has caused many a sheep, goat and cow in this district to put at naught all the devices of mankind and are able to open almost any gate, scale any wall or creep under any fence in the neighborhood. We have stockmen in the district who do not own an inch of land, and who do not pay a decent house rent, and are running hundreds of sheep, and who have absolutely no regard for the damage done to their neighbors' property, and who, when they are spoken to about it have not the common decency to give a civil reply. One of these stockmen told a neighbor he had made some $1,8000 clear off his sheep in one season, and they had been running on the public highway all years. The same gentleman had plenty of land of his own either rented out to some one else or else growing Canadian thistles and polutting the whole countryside. These are hard facts, and would it not seem reasonable, Mr. Editor, that if these gentlemen wish to use the adjacent hills for pasture they should rent and fence them.

We also hear about the fire hazard. Well we still see Saanich on the map after all these years of pound law.

We are also maintaining a representative in London to induce settlers to come out here, and then when we get them here they are overwhelmed with class legislation. We are getting very few stockmen among our new settlers, and if there is any danger of this district getting any more, I would say it is time we sent representations that this is not a stock district, and if this is not enough, for Heaven's sake let us send a delegation or perhaps better still a "royal commission," for we are now overwhelmed.

There is also a plea put up for the small settler being driven out. I suppose this is meant for the family who would keep a cow to supply milk and butter for the new family until they would get a start. "Oh you poor little emigrant in the Agent-General's office seeking to come to Colwood or Langford, may a kind providence guide you elsewhere if you have any vision of a sleek Jersey cow giving you fresh rich milk for your little family. A beautiful garden of roses and vegetables surrounding your little grey home in the West." You know not what unheard and unanswered prayers are ascending and what crocodile tears are descending from the hearts of the sheep barons over here. You may come and build your home, make your garden beautiful, get your Jersey cow and think your dream has come true, when suddenly you will awake to find a flock of sheep in possession and all laid waste. You will have to get rid of your cow and ask John Chinaman to number you among his many customers in your neighborhood.

It is also said that this would be a case of the minority ruling the majority, and the time is not ripe for such a move. If I am not mistaken when the petition is filed with the Government it will be found that a great majority are in favor of the pound law, and judging by the remarks I hear the time is indeed ripe, and the settlers are shelling out to get an opportunity to get on the dotted line.

A cause is weak indeed when it requires misrepresentation and untruths to gain it sympathy. A number of those who were canvassed to sign against the pound law were told by the canvassers that it would raise their taxes. This is an absolutely false statement, and those who preached it must have known it for if they read the act at all they would known that the pound law is self-sustaining and cannot possibly raise the taxes.

It has also been said that those behind the pound law are advocating an organized municipality in the district. This is also absolutely false for I don't believe one solitary individual could be found who holds such views. Already men who have signed this contra petition when they have learned the facts of the case are asking to have their names removed and added to the petition for the pound. Waken up all you people who desire to have a home in this district, do your own thinking and don't be dictated to or frightened by the municipality tax-raising bogey. Vote for the pound law. You can then feel assured your garden and crops will not be destroyed, and very soon I am sure your gardens will be singing a doxology of praise to the men who had the courage to carry this work to a conclusion.

Furthermore, Mr. Editor, in this day of fast motor traffic and so much of it on the Island Highway animals at large are a great menace to public safety.

There is also grave danger of animal diseases being spread all over the whole country.

The small settler for whom "we weep" is not only compelled to fence against his neighbor's stock, but against everybody else's for miles around. Many other reasons can be given, but I have already trespassed as deeply on your space as the sheep have on the Colwood-Langford gardens.

NEIL B. POLLOCK.

AT THE THEATRES

SCENE SO REALISTIC CROWDS RUSHED TO RESCUE OF ACTOR

Matheson Lang was being burned at the stake, the illustration was so perfect, that one of the actors contributed to the spoiling of a scene. As a Roman soldier his duty was to keep back a portion of the crowd of supers acting as onlookers in the market place of Seville. So firmly convinced was he that Mr. Lang was in danger, that he left his post of duty and rushed to drag some of the faggots from beneath the actor. This dash to rescue led to an unfortunate contretemps. The crowd surged forward, and breaking into the scene, the whole thing had to be retaken. Such is realism in the Cricklewood studies of the Stoll picture productions showing all this week at the Variety Theatre.

NOVEL TWIST MAKES "LADIES AT PLAY" INTERESTING PICTURE

There is a novel twist to the plot of "Ladies at Play," First National's comedy-drama featuring Doris Kenyon, Lloyd Hughes and Louise Fazenda, now showing at the Playhouse.

The heroine inherits $6,000,000, only if she marries a man who meets with the approval of her two disinherited, disgruntled, Puritanical maiden aunts.

Of course, the aunts do not want her to get the fortune, so it's a battle of wits, in which the heroine wins after many dramatic—and often very funny—failures.

Philo McCullough, Virginia Lee Corbin, Hallam Cooley, John Patrick and Ethel Wales appear in the supporting cast.

IMMORTAL STAND OF GUARDS RE-ENACTED IN "MONS" PICTURE

The immortal stand of the 4th Brigade of Guards at Landrecies has been re-enacted in the "Mons" film now at the Dominion Theatre by actual Guardsmen lent by the War Office, many of them, men who took part in the "Retreat" itself. It will be remembered that Landrecies was the 3rd Coldstream's baptism of fire. They were just turning into billets in the cool of the evening when—to their amazement—the Germans, whom they at first supposed to be French, came marching in from the forest of Mormal. In a ferocious "scrap," which cost the Coldstreamers and Grenadiers 200 casualties and the Germans 700, the Hun was driven back, and before morning Landrecies was quiet again.

INDIAN DANCER ON NOVELTY BILL AT CAPITOL THIS WEEK

On the stage at the Capitol Theatre this week are Chief Eagle Feather, the noted American Indian tap dancer, and McRea and Celestine, comediennes, in a novelty skit entitled "No Fooling." The Capitol Concert orchestra will play for the feature attraction.

Some twelve years ago Harry Myers and Lila Leslie worked together in pictures produced by the old Lubin Company, then one of the leading producing organizations. Although both have worked steadily since that time on the screen they were never cast in the same picture until Metropolitan started production on "Getting Gertie's Garter," starring Marie Prevost, now playing at the Capitol Theatre.

Both have important roles in the current Prevost picture. Myers shares the bulk of the comedy with Charles Ray and Franklin Pangborn. The rest of the cast includes Sally Rand, William Orlamond, Fritzi Ridgway. F. McGrew Willis made the adaption from Avery Hopwood's stage farce. E. Mason Hopper directed.

SPLENDID PICTORIAL EFFECTS ARE FEATURE OF COLUMBIA FILM

Edward Newman, one of the foremost cinematographic experts in the motion picture industry, is responsible for the splendid pictoria effects to be found in "The Texas Streak," the Universal-Jewel, starring Hoot Gibson, which is the feature attraction at the Columbia Theatre.

A great deal of interest was manifested in the photographic results obtained by Newman on "The Texas Streak" because of the technical experiment he performed during the making of the picture.

The whole production was photographed by panchromatic film, a highly sensitive type of film generally used only in the shooting of difficult scenes of brilliant colors and strong light. Panchromatic is much more sensitive than the ordinary variety of film, and requires an expert cinematographer to get the proper results, but, a much better quality of photography is possible when it is utilized correctly.

It is likely that all pictures may be photographed with this type of film in the future, according to the theories of Universal photographic experts.

UNIVERSITY PLAYERS HAVE FINE VEHICLE FOR COMING SHOW

As "The Romantic Young Lady" is being given its first Canadian presentation by the University Players' Club, the press criticism of its premiere, which took place in New Westminster, is of particular interest. The following report is taken from the New Westminster paper, The British Columbian: "The Romantic Young Lady," by G. Martinez Sierra, is a happy choice as a vehicle for the Spring effort of the University Players' Club. The plot is slight, but adequate. The situations are universal enough to make the Spanish setting no obstacle to the acceptance of the story by a British audience, and the dialogue, though modern, is innocent of the quality of qualities that brought suburban censure on "You and I," and caused the press of the Upper Country to wax eloquent over the suitability of "Pygmalion" as a play for young performers. "The Romantic Young Lady" found certain favor with its first night audience, from the schoolboy in the gallery, who shouted with joy at the antics of hat, slipper and "sheep dog," to the lady who sighed ecstatically with Rosario over the romance that she read, and gasped with delight when the famous author of the second act turned out to be "the same one" as the intruder of the first.

The artistic settings of the play, and the costumes worn by Miss Pound, Miss Allhan and Miss White, were pleasing features of the production. The play, which has made an equally popular appeal to audiences in Vancouver and Nanaimo, will be presented at the Royal Theatre, May 6, under the auspices of the local Kiwanas Club, in aid of their boys' work.

At Last! A Movie Actress Who Has "Pull" But Won't Use It

By DAN THOMAS

In the moving picture capital of Hollywood where every other person you see is trying to gain, through "pull," the prizes that he (or she) can't win on merit, it is comforting to meet one individual who has all kinds of "pull" in reserve but who refuses to use it.

This individual is none other than Miss Martha Sleeper, who is slowly working her way to prominence in the Hal Roach comedies.

Miss Sleeper is the neice of E. F. Albee, one of the biggest figures in the theatrical world.

Obviously, if she wished it she could have everything handed to her on a silver platter simply because of this relationship. But, from the day she started in the films, she has refused to do that. Instead, she insisted on starting in at the very bottom, declaring that if she ever did get to the top she wanted to do it on merit and not because she is Albee's neice.

It should be added that the young lady is making good with a bang. She was one of the 1927 Wampas baby stars this year, and, it is said, is right on the road to fame and fortune.

* * *

I can't vouch for the authenticity of this story but it is so typical of both the characters involved I am going to repeat it anyway. While on their way to New York—the exact date being unknown—Doug Fairbanks and Victor Fleming became really "hard up" for amusement. So they crawled out of their drawing-room window and along an extremely narrow ledge, shouting "boo" at other occupants of the car—all this with the train going 60 miles an hour.

* * *

A story was published recently in the papers that a monkey given to Emil Jannings by Lya de Putti had broken loose and caused approximately $20,000 worth of damage in Jannings' home. When I called to learn the exact extent of the damage a servant told me that the monkey had been turned in as part payment on a parrot. Stories regarding the bird can be expected almost any time now.

EDNA FERBER, CLEVER EVEN AT WORST, SCORES AGAIN IN NEW SHORT STORY VOLUME

Scanning the monthly "best seller" list of The Bookman, we note the two top places are held by Edna Ferber's "Show Boat" and Theodore Dreiser's "An American Tragedy."

Yet here upon our desk lies a newer and better Ferber book and recently we paid due respects to a revision of "The Financier," a better Dreiser book.

So fast spin the publishing seasons that, it would seem, the reading public hardly catches up with the products of yestermonth when it becomes necessary to announce a new work.

* * *

Miss Ferber's latest is a collection of short stories, "Mother Knows Best" and of these we thought the title story and "Every Other Thursday" particularly fine. This was due to unusually keen sensitivity toward character. The first tale deals with a typical stage mother, who never lets her talented daughter get three feet from her apron string. Illness keeps the mother from the theatre door for a few days, and in those hours romance comes to the daughter, only to be ousted by the mother's return. The mother is splendidly done.

ALWAYS READABLE

In "Every Other Thursday," the servant was most skilfully typified. We also liked the two old women in "Perfectly Independent" and the telephone girl in "Classified." The rest may be dismissed.

This Miss Ferber is always an eminently readable fictioneer, and there are times—as in at least three of the four stories—where she jumps from sheer readibility rather close to art.

She is more than superficially clever, even at worst, and she almost invariably "uses her head"—which seems a shrewd and balanced one. She seems to throw out more material than most writers use and what she has left is vividly interesting.

We have never agreed with the majority on "Show Boat," and cling to our opinion that someday the public will discover "The Girls" and come to realize just how good Miss Ferber can be.

* * *

Out of a great welter of volumes rushing in with the Spring we found of particular interest and importance:

"The Harvest of the Years" by Luther Burbank and Wilbur Hall, being the memoirs of one of the most lovable and human individuals in America's "Who's Who." His attitude toward plants and humans was similar; he invested plants with personality and projected himself into plant life. He was, by the very nature of his activities, somewhat of a mystic and yet a philosophical rationalist at the same time. He draws parallel rules for plants and humans; finds fundamental laws working throughout nature and, summing his ideas, finds life not a substance or material, but a force. A fascinating book.

"First Crossing of the Polar Seas" by Roald Amundsen and Lincoln Ellsworth. A complete recital of the epic venture of the Norge, not greatly dissimilar from the personal experience stories appearing in the newspapers of the time yet, in complete form, possessing the virtue of getting the story all at once—and a dramatic story it is.

Edna Ferber, "always an eminently readable fictioneer."

BOYS' BAND MAKES HIT IN EDMONTON

Trim and neat in their uniforms of white, the Boys' Naval Brigade band of Victoria played through a programme of varied selections with precision and fine rhythmical realization at Pantages Theatre, Edmonton, last Thursday evening, according to the report of the Edmonton Journal which has been received here by W. D. Johnson, who has three sons with the band, Arthur, bass; Vic on the drums and Frank, who is a soloist.

The performance throughout was one of excellence; intonation was good; a fine balance was maintained; attacks for the most part showed unanimity, and the whole reflected great credit on the musical director, Arthur Hodgkins, The Journal says.

A trumpet solo "The Rosary," was played with fine shading. The "Garden of Eden" overture was full of color and changes of tempo and rhythms were cleverly done. Outstanding was a rendering of Wagner's "Pilgrims Chorus," although this did not seem to find much favor with the audience, who preferred a spirited performance of an arrangement of Irish melodies.

The "Old Hundredth" was played with pleasing harmony, as also a transcription of "Home, Sweet Home" of which an expressive interpretation was given.

An interesting feature of the programme was the singing by Frank Johnson in a most pleasing treble voice of a tribute in verse to Victoria, set to the music of "Moonlight and Roses." This was taken up by the whole band led by one of the saxophone players, Lane, to whom the conductor relinquished his baton.

Several encores were demanded for the audience was encouraging to the performers, who are on the first lap of their long journey to Britain, where they are to give a series of concerts.

JUDGE IS ILL

Quebec, May 6.—Mr. Justice R. A. Greenshields of the Court of Appeal, is seriously ill here, following a hemorrhage suffered when he was taken suddenly ill in the local courthouse on Wednesday. A blood transfusion was carried out.

He arrived at the golf club late. "It was really a toss-up whether I should come here or go to the office," he explained. Then he added, thoughtfully, "And I had to toss up fifteen times."

SOUTH AFRICAN BILLS RESULT OF NEW STUDY OF NATIVE QUESTION

New Interest and Not Merely Reactionary Policy is Basis of Bills Being Considered

London, May 6 (Canadian Press Dispatch)—New interest in the Union of South Africa in its native problem, rather than reactionary native policy, is evidenced in the four bills introduced by Premier J. B. M. Hertzog, and known collectively as the Native Administration Bill. These after having been given first reading in the Union Assembly, were referred to a select committee for consideration and evidence will be heard and full public discussion allowed before they are again placed before the Assembly, so that when they reappear they will doubtless be changed in some particulars. There are six million natives in the Union, a million and a half whites, half a million Indians and 160,000 colored inhabitants (Malay, etc.).

"It is quite clear that South Africa is embarking upon a tremendously important experiment affecting the relations between black and white in the Union. It is an experiment which will have far-reaching consequences, not only in South Africa itself but on the territories to the north, for which Great Britain is directly responsible, and on color line problems all over the world," Philip Kerr, who has investigated the question says in The Observer.

The four bills now being thrashed out represent the solution reached by the Nationalist-Labor pact Government on the native problem, which still remains the dominent question in the Union. The bills in effect are:

1. The Native Franchise Bill proposes to take away from the native in Cape Colony the right, which he now has if he possesses the necessary qualifications, to vote for members of Parliament on the same terms as the white man. It substitutes seven constituencies for the whole Union in which the natives, on a restricted franchise, will elect Europeans to represent them in the Assembly. These representatives will have restricted powers of voting. All these restrictions are believed necessary by the white population, which fears that equal franchise might end in a majority of native voters, and which dislikes dragging the native into all the political controversies of a country where the difference in civilization is still so wide.

2. The Native Councils Bill provides for a Union Native Council of thirty-five members elected by natives on a restricted franchise, through which the natives will be able to discuss their own affairs and voice their own opinions.

3. The Native Lands Act purports to secure more land for exclusive native use—which is urgently needed—and, at the same time, to deal with natives working or "squatting" on white-owned farms.

4. The fourth bill makes provision for the ultimate incorporation of the "Cape Colored" (half-caste and Malay population), some 500,000 in number, among the enfranchised citizens of the Union.

MASTER JOHN H. PIMM

age ten, of 1629 Burton Avenue, who distinguished himself as a violinist in the recent Musical Festival.

BEN BERNIE AT WSEA

Ben Bernie, the famous director of as famous an orchestra, has accepted a Summer engagement for nightly dinner hour music and two hours of dance offerings from WSEA at Virginia Beach, Va.

FOR Sour Stomach
PHILLIPS' Milk of Magnesia
Hereafter instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.
BETTER THAN SODA
For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcome three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.
INSIST UPON "PHILLIPS"
Each bottle contains full directions. Any drugstore.

JEAN PATOU ENTERTAINS THE FASHIONABLES AT TEA

At Which the Modern Viewpoint of Accessories is Freely Discussed

By LUCILE LaMARRE

OTHER than a presentation at the Court of St. James, there's no event of fashion that looms quite so brilliantly on the horizon as a tea at Patou's. Everybody who is anybody attends—from royalty back to royalty. His bizarre setting enthralls a few openly and everyone secretly. It vies for attention with the suave modernity of the gentleman himself.

A bit out of place in these bizarre surroundings at tea are bejewelled dowagers with their charming and youthful "entourage," who dote on the cutey costumes and the young things with their elderly admirers in tow.

But it's here that style is made. Here that style is throned. Here that style is talked. Here that style is lived and breathed.

The mannequins loll leisurely among the guests clothed in Patou's latest originations—which introduce a new silhouette or a new color or a new fabric treatment. Today's slim silhouette makes exacting demands on the poor mannequins—they live very much like jockeys to keep down their weight.

"Slim, slim, you must be slim," demands Paris. If you have this virtue your worries are over—but if you haven't, the whole world seems to be your slave to design fashions that will make you appear so.

"And color. Study your type, madame, and wear the most alluring color." The whole world of fashion listens!

Not any one color dominates the mode—but all colors do. I was secretly amused when I thought of the color chart of Kayser hosiery for Spring that I had just seen, for it had all the colors that Patou was sponsoring. How Kayser was so far in advance of the dictates of the openings was a mystery to me. This business of being ahead of things always thrills me—and Kayser always is.

Even in quality they're ahead—the first, the standard, the very best obtainable. All Kayser hosiery is made of pure thread silk with pure dyes which assures even their sheerest quality hose of having amazing durability. To add to this wearing quality Kayser hose has the exclusive "Marvel-Stripe"* feature that prevents garter runs that cause such havoc. And the pointed "Slipper-Heel"*—another Kayser feature—gives to the ankle a slenderizing effect and graceful line.

All Kayser stockings are fine gauge (42 gauge).

My attention at this point in my thoughts was attracted to a very lovely mannequin who strolled by me in a tailored costume of utter simplicity but of marvelous chic—but the most interesting thing about it was the fact that her gloves—hosiery and bag matched.

"Yes, yes, they must match," decrees exacting Paris.

Well, Kayser gloves match Kayser hosiery—but not in color only—in quality, too.

You've no idea how good a Canadian feels when abroad—going from opening to opening—to find that a home firm is as much abreast of new things as Kayser is.

Even in the Kayser "Italian"* silk underwear it has been fashioned to give the much sought slim silhouette. Cut to cling to the contours of the body with the exclusive "Marvelfit"* feature that gives better fit and longer wear. Of course, all Kayser underwear is made of "Italian"* silk that is all pure silk and pure dyes.

May I suggest to you that you wear Kayser hosiery, gloves, and underwear to be smartly and well costumed in the important accessories to the mode?

*Trade Marks Reg. Copyright J.K. & Co., Ltd.

25 shades in KAYSER HOSIERY
It is a pleasure to find just the right shade in a silk stocking that will wear. Kayser silk stockings are made for all the varied activities of the day—full fashioned—pure silk to the hem to meet Fashion's whim for shorter skirts.
They may be worn with confidence, for the Marvel-Stripe* keeps garter runs from marring the clear, sheer beauty of the silk.

FORT AND DOUGLAS

Langford

Langford, May 5.—Through the kindness of Mrs. Geoffrey Heal, Station Road, a pleasant afternoon was spent yesterday by the members and friends of the St. Matthew's Guild, taking the form of a silver tea. Mrs. Ernest Goucher sold the articles on a miscellaneous table which contained some nice needlework, bead work and home-made cakes. Guessing the number of young chickens in the yard of the hostess, was a competition run by Mrs. George Cooney; Mrs. E. Goucher, Mrs. A. J. Mackee and Miss Nellie Willson guessing correctly, drew for the prize Mrs. Goucher winning a pretty jug donated by Mrs. G. Heal. Finding out the originals of photographs taken of local people many years ago formed a difficult test which no completed correctly. Mrs. G. Cooney, Mrs. F. Smedley and Miss Nellie Willson who made only one mistake each, drew for the prize which was won by Mrs. G. Cooney who received a silk mending plait.

Tea was served by Mrs. G. Heal, Mrs. Frank Smedley, Mrs. J. W. Jolley and Mrs. S. Yates. Gramophone selections added to the enjoyment of the visitors.

The new vicar, the Rev. H. B. Allen, accompanied by his wife and daughter, were present. The proceeds of the tea will be spent on improvements needed in St. Matthew's Church.

The motion picture show will start at 7.30 p.m. in the Women's Institute Hall, Dunford Road, on Friday evening (not 8.30 as previously announced).

Keep a Box Always Handy!

Zam-Buk provides an ever-ready and reliable first-aid for injuries. It is also unequalled as a soothing, speedy remedy for obstinate and deep-seated skin disease, poisoned wounds, ulcers, piles, etc.

Within every box of Zam-Buk are stored the most valuable healing, soothing and antiseptic properties known to Science. Its unique herbal composition and its absolute freedom from animal fats and mineral drugs make Zam-Buk the safest and best dressing for skin troubles of all kinds.

Get a 50c box of this great herbal healer from your druggist or dealer to-day, or ask Zam-Buk Co., Toronto, to mail FREE TRIAL SAMPLE.

Nothing Like Zam-Buk FOR THE SKIN

DEVELOPMENT IN GERMAN AIRCRAFT HAS BEEN RAPID

Advantage Taken of Removal of Restrictions; Aero-Omnibus Completed

London, May 6 (Canadian Press)—The results of the removal last year of the restrictions on the construction of German aircraft are becoming more apparent, says The Times' Berlin correspondent. The Paris Agreement was not followed, as many peopel both in Germany and in other countries expected, by a rush of big multi-engined machines. Those German firms which had evaded the restrictions in a way by buliding and operating large commercial machines in foreign countries were able to import a few of the completed machines for service in Germany, but these were not many and it took time to transfer the construction of the large machines from foreign to home factories.

The first striking evidence of the removal of the restrictions was the construction of the Junkers G.32 all-metal triple-engined passenger and freight aeroplane, at present the largest aeroplane in Germany, which has, however, not yet finished all its trials. This machine, which has been called the "aero-omnibus," was completed so far as essentials were concerned, last Autumn, and underwent a number of technical trials. This machine has a cruising radius, with normal supply of fuel, of 621 miles at a speed of 114 miles an hour. It is equipped with three Junkers engines developing 1,200 horse power. The average width of the cabins is seven feet.

There are three passenger cabins, entirely separate from the freight and baggage compartments. They are equiped to carry fifteen passengers in all, and are provided with sleeping bunks and armchairs, which are interchangeable, so that, if necessary, the whole machine can be used as a "sleeping car" or as an ambulance. There followed the twin-engined Dornier "Superwal," a large flying-boat, which made a spectacular trial flight at Friedrichshafen in which sixty passengers were carried, although only twenty-one are to be carried normally when it takes its place in the Lufthansa service this Summer. The "Superwal," equipped with two Rolls-Royce "Condor" engines developing 1,300 h.p., has a speed of 118-130 miles per hour.

In the meantime the Rohrbach Metall-fugzeugbau, which, owing to the restrictions, has been building its all-metal machines in the works of an associated company of the same name in Copenhagen, produced the three-engined Ro. VIII, "Roland" smaller than the G.31 or the "Superwal," which rapidly proved its value as a 10-passenger commercial machine and was taken into the Lufthansa service in the Autumn.

While building another "Roland," which later broke five world's records for flights with specified loads the Rohrbach works in Berlin set to work on a flying boat to succeed the Ro. VII—"Robbe," which distinguished itself in the seaworthiness tests at the conclusion of the Warnemunde seaplane competition last Summer. The new flying boat, the "Rocco," somewhat larger than the "Roland," has just been completed and shipped to Copenhagen for trials in the Sound, as the company has no flying-boat station in Germany as yet from which to test it. Like other Rohrbach flying boats, the "Rocco" will be provided with emergency sailing gear. Owing to the method of construction, by which all sections of the wings, in fact all extremities, form self-contained box-like units attached simply by a couple of bolts, the packing was not a difficult undertaking. Work has already been begun at the Rohrbach works on yet another flying boat, the "Romar," larger than the "Superwal," or the G.31 aeroplane, equipped with three B.M.W.VI. engines, developing 1,380 h.p.; maximum speed, 138 miles an hour.

Brentwood

Brentwood, May 6.—Under the auspices of the Missionary Gleaners' Band and the Young People's Society of the United Church, a lecture on India, with lantern slides will be given by R. Chave of Victoria in the Baptist Memorial Church on Wednesday evening, May 18.

B. Clow, who has been in the hospital for several weeks with an injured foot has so far recovered as to be able to return to his home.

The regular monthly meeting of the West Saanich Women's Institute will be held on Tuesday, May 10 at 2.30 p.m. Mrs. J. D. Gordon of Victoria will give a talk and demonstration on "Salads," which should prove an interesting subject.

Major and Mrs. Parr and family have removed from Mount Newton and taken up their residence on Lampson Street, Esquimalt.

Mrs. H. McQueen will represent the West Saanich W.I. at the Conference of Women's Institutes to be held in Chilliwack during the third week in May.

Miss Richardson of Yorkshire, England, is the guest of Mr. and Mrs. T. S. P. Buckle, Mount Newton.

The West Saanich W.I. will hold a dance in the Institute Hall on Friday, May 13. Neary's orchestra has been engaged and dancing will be from 9 to 1.

The guild of St. Stephen's and St. Mary's held their fortnightly meeting on Wednesday afternoon at the home of Mrs. T. S. P. Buckle, Mount Newton. Seventeen members were present with the president, Mrs. Deringberg in the chair. After the reading of the minutes and the financial report the afternoon was spent in sewing. A delicious tea was served by the hostess assisted by Miss Richardson of Yorkshire and Mrs. Hughes. The next meeting will be held on Wednesday, May 18, at the home of Mrs. Walter Thomson, Mount Newton.

Anglican services for Sunday, May 8 will be: St. Mary's, Saanichton, 11 o'clock, morning prayer and communion; Brentwood Institute Hall, 3 p.m.; St. Stephen's, Mount Newton, 7 p.m.

ANNIVERSARY SALE

New Bargains Take the Place of Lines Sold Out. Offerings for Saturday Are Exceptionally Attractive

Mothers' Day

Remembrance costs so little and yet it is the most priceless thing to receive. Remember your Mother on Sunday in the little ways that give her material joy as well as gratitude. Give her a box of candies, a pair of gloves, a hand-bag, some handkerchiefs or a dainty piece of neckwear. In the Stationery Section you will find a good assortment of special "Mothers' Day" greeting cards. Be sure to send her one of these.

Women's Hygienic Habits

Being greatly changed—New way discards like tissue

By ELLEN J. BUCKLAND
Registered Nurse

OLD-TIME "sanitary pads" are rapidly disappearing, because of a new way called KOTEX, that 8 in 10 better class women now employ.

Kotex discards as easily as tissue. Thus no laundry, no embarrassment of disposal.

Being 5 times as absorbent as ordinary cotton "pads," it permits lightest gowns and frocks without slightest fear. Dance, motor, go about for hours without a moment's doubt. And it deodorizes; thus ending all fear of offense.

Obtain at any store without embarrassment simply by saying "KOTEX." Try today and you'll never again risk the uncertainty of old ways.

Box of 12 costs only a few cents. Be sure you get the genuine. Only Kotex itself is "like" Kotex.

KOTEX
No laundry—discard like tissue

SOCIAL PERSONAL — WOMEN'S AFFAIRS AND CLUB NEWS

SAID WOMEN FAILED TO STAND BY HER

Agnes McPhail, M.P., Explains Attitude on Famous Letter

Renfrew, Ont., May 6.—Explaining her attitude in her now-famous letter to Mr. Carmichael, Miss Agnes MacPhail, M.P., for Southeast Grey, in an address here last night, accused women teachers of having turned upon a member of their own sex when she was championing their cause.

"Had the women been able to hear the attack of Dr. Edwards of Frontenac upon me, the lone woman of the House," she said, "they would have recognized the antagonism to their sex. Instead those of my sex turn and condemn me, some of them, when I was really championing their cause."

Miss MacPhail stated the day was past when women possessed only one outlook, namely, marriage. In this state women too often let their scholastic training go by the board and the wife with servants to do the housekeeping was frequently found playing golf in the forenoon, and cards in the afternoon.

Miss MacPhail rejoiced that women of to-day were recognized the equal of men in every walk of life. She wanted married women to be co-equal with their husbands. They were good governesses of the home and would make good governesses in municipal life and in legislative bodies.

Miss MacPhail said she never minded admitting her age was thirty-seven and she also admitted she "loved the dear men."

Canadian Daughters Strike Committees For Big Convention

Plans for the annual convention to be held at the Sons of Canada Hall on May 31, June 1 and 2, were made at the Canadian Daughters' League Assembly meeting on Tuesday evening, with Mrs. Ritchie, the president, in the chair. Committees were struck as follows: Programme, Mrs. E. S. Farr, Mrs. Pike, Mrs. Galbraith and Mrs. McLeod; reception, Mrs. G. Henderson, Mrs. Lillie, Mrs. Geake and Mrs. McInnes. Mrs. Galbraith was appointed official delegate.

Mrs. Todd, the past president, and past grand president, was present, and installed the officers for the ensuing year, being presented with a bouquet of pale pink carnations at the close of the ceremony. The officers installed were: President, Mrs. Ritchie; first vice-president, Mrs. Hay; secretary, Mrs. Barr; recording secretary, Mrs. Angus Galbraith; corresponding secretary, Mrs. Jesse; chaplain, Mrs. Edwards; treasurer, Mrs. Gardiner; pianist, Mrs. Stewart; sergeant-at-arms, Mrs. McLeod; assistant sergeant-at-arms, Mrs. Tuson; inner guard, Mrs. Dewar; outer guard, Mrs. Hurst; historian, Mrs. McInnis.

Arrangements were made to hold a home-cooking stall at David Spencer Limited on Saturday morning, with Mrs. Lillie as convener, assisted by Mrs. Geake, Mrs. McLeod and Mrs. Angus Galbraith.

Students' Recital—A recital of senior violin and piano students of Miss Gladys Shrapnel will be held Friday at 8.15 in the Dominion Academy of Music. Those taking part are: Piano, Naomi Taylor, Helen Crawford, Christopher Tunnard, Judith Pope and Winifred Wilcox; violin, Doris Le Page, Teddy Slingsby, Doris Fallows and Muriel Franklin.

Armadale Tennis Club Dance—On Saturday next, May 7, the Armadale Club are holding their final dance of this season at the K. of C. Hall. Dancing from 8.30 to 12. It is hoped that all members of the club will attend and bring their friends with them. A buffet supper will be served during the evening. Heaton's orchestra will provide the music.

SOCIETY

Miss Hope Leeming has returned home from the University of British Columbia and is staying with her parents, Mr. and Mrs. Thomas Leeming, Dallas Road.

* * *

Mrs. George Simpson, Government Street, left yesterday afternoon for Seattle en route to San Francisco, having been summoned there owing to the death of her aunt, Mrs. E. A. Leigh.

* * *

Mrs. F. W. Hartley entertained at bridge and mah jong this afternoon at her home on Monterey Avenue, and to-morrow afternoon will also be hostess at a similar party.

* * *

Mr. and Mrs. Allen Hopkins of New York, who have spent the last three Summers in Victoria, have arrived to spend this Summer here, and are resident in Mrs. Gillies's home on Carroll Street.

* * *

Mr. Robert Welch of Montreal, general manager of the Dominion Gresham Guarantee & Casualty Company, accompanied by his provincial manager, Mr. Frank Parsons, of Vancouver, is spending a few days in Victoria on business.

* * *

Mr. T. H. Slater has returned to Victoria after spending the last five weeks at Heffley Creek, near Kamloops, as the guest of his son-in-law and daughter, Mr. and Mrs. Ross Hett.

* * *

Mr. and Mrs. D. H. Bale, Stadacona Avenue, have as their guests their son and daughter-in-law, Mr. and Mrs. Herbert H. Bale, who arrived from California on the Ss. Ruth Alexander last evening.

* * *

The Gorge Mothers' Fellowship Union will meet on Wednesday, May 11, at St. Martin's Hall, Obed Avenue, at 3 o'clock. All mothers in the district who are interested in the welfare of their children are cordially invited to be present.

* * *

At St. Paul's Garrison Church, Esquimalt, on Sunday afternoon, May 1, the infant daughter of Mr. and Mrs. A. J. Denyer was christened, receiving the names of Joyce Elaine. Rev. F. C. Chapman officiated and the godparents were Miss Doris Welsh, Miss Anne Knowles and Mr. George Burnett.

Mr. and Mrs. Lorne Campbell were hosts at a dinner party at their home on St. Charles Street last evening, in honor of Mrs. George Bisteen of Vancouver. The other guests included Mrs. Harry Bullen, Mr. and Mrs. C. P. Hill, Col. and Mrs. F. B. Eaton, Mr. E. C. Knight (Vancouver), Mr. J. S. Matterson (Parksville) and Major Gus Lyons.

* * *

Recent guests at the Belvedere Hotel, Sooke Harbor, included: Miss D. S. Hook, Victoria; Mr. and Mrs. Claxton, Vancouver; Mr. R. Grahame, Victoria; Mrs. A. Hamilton, Pender Island, B.C.; Miss M. W. Hamilton, Victoria; Mrs. D. H. Bryce, Victoria; Mr. K. Carlish, Mr. W. G. Kenning and Mrs. R. H. Tupper, Vancouver; Mr. and Mrs. H. Maynard, Victoria; Mr. and Mrs. Campbell, Shanghai; Mrs. Grant, Prince Rupert; Mrs. Wells, Prince Rupert; Mr. E. D. Barrow, Victoria; Mrs. S. J. Drake, Victoria; Miss Horn, Victoria; Mr. and Mrs. A. H. MacLachlan, Victoria; Mrs. J. R. Reid and Mr. H. E. Elsden, Vancouver.

* * *

The silver tea held by the Ladies' Aid of the Reformed Episcopal Church at the home of Mrs. Dodds, 1241 Monterey Avenue, yesterday afternoon, was a decided success, and as a result the Bishop Cridge Memorial fund will be substantially augmented. The reception rooms were bright with Spring flowers, as was also the attractive tea table. A delightful programme was given by Miss Thain, pianist; Mrs. Blowers, who gave several amusing recitations, and Mrs. F. Shandley, songs, with Mrs. Cecil Laundy at the piano. The hostess was assisted by Mesdames Ella, Hardy and Shandley, and the Misses Newbury, Murray, Creech and Helen Laundy.

* * *

Mr. and Mrs. S. Kendall, 370 Ker Avenue, entertained at a dance in St. Martin's Hall Tuesday evening in honor of their daughter, Edith, on the anniversary of her twenty-first birthday. About fifty guests enjoyed a very happy time. At 11.30 a sit-down supper was served by the hostess, assisted by Mrs. Wratten, Mrs. Sagar and Mrs. Skett. The table was prettily decorated in pale pink and mauve carnations, centred with a two-tiered birthday cake, with the usual twenty-one candles. Vocal solos were given by Mrs. Holt, then dancing was continued until the early hours. Those present were: Mr. and Mrs. S. Kendall, Miss E. Kendall, Mr. and Mrs. Richards, Mr. and Mrs. Wratten, Mr. and Mrs. Gagar, Mr. and Mrs. W. E. Skett, Mrs. McDonald, the Misses I. Foster, I. Hickling, M. Cawthorne, G. Pass, L. Stevens, V. Warrom, R. Isbister, F. Wormleighton, W. Griffiths, H. Griffiths, G. Wratten, M. Hall, R. Wratten, the Messrs. Nordell, R. Delgarne, P. Girardau, R. Rumble, E. Ferguson, F. Wratten, F. Rushton, D. Willoughby, J. Willoughby, I. Kempton, W. Kendall, B. Kendall, D. Richards, D. Kendall and others. The music was supplied by Mrs. Holt's orchestra.

SCHUBERT CLUB IN RECITAL TUESDAY

Winning Ladies' Choir Prepares Attractive Programme

The Schubert Club, leading choir of the recent festival, will be heard in their second concert of the season Tuesday, May 17, in the Victoria High School at 8.15 p.m.

The club have been very fortunate in securing Frank Tupman, gold medal tenor soloist, and Robert Frith, a close second in the bassos, for this occasion. A group of solos by each of these artists will be a pleasing addition to the programme.

The remainder of the programme will be given by the Schubert Club and will include solos by Mrs. Archie Wills, soprano, and Mrs. Wright, contralto, duets by Mrs. Stokes and Mrs. Stark, semi-choruses and full choruses.

The Schubert Club, conducted by Frederic King, have been working steadily in preparation for this concert, in addition to the Victoria and Vancouver festivals. They hope to attend the latter, providing they receive the necessary support at the coming concert. There will be seven ladies' choirs competing, but the Schbuert Club are going with the hope of bringing the trophies back to Victoria.

Lady Douglas Chapter—At the monthly meeting of the Lady Douglas Chapter, I.O.D.E., held on Thursday it was decided to hold the superfluities sale, which has been postponed on account of the recent ball, on Wednesday, May 18, at 10 o'clock. The sale will take place in a centrally-located store and further announcements regarding the place will be published later. The Chapter also made preliminary arrangements for a bridge party to be held in the Victoria club rooms, Campbell Building, on the afternoon of Monday, May 30. "The Voice of Canada," a book of verse by a Canadian poet will be presented by the chapter to each of the three local schools unde rits patronage, to commemorate Victoria Day. At the opening of the meeting a moment's silence was observed as an expression of sympathy for Mrs. J. O. Wilson, in the loss of her husband, Colonel Wilson. Reference to the great loss sustained by the Provincial Chapter in the death of Mrs. Boynton of Vancouver, was made and several of the members spoke feelingly. The regent, Mrs. R. B. McMicking, presided at the meeting.

JABOTS

A navy blue satin frock has bright new blue piping, the diagonal neck and forming a jabot from neck line to hem on the left side.

Leather Buckles

Sport hats use leather buckles of various shapes as trimming.

Little Fur

Spring coats show very little fur. Collars are narrow and close-fitting.

Judge: "Guilty or not guilty?"
Woman Prisoner: "What else have you?"

SAILORS' GUILD DOES COMMENDABLE WORK

Annual Report Shows 2,524 Men Used Connaught Institute Last Year

The annual meeting of the Victoria branch, Ladies' Guild for Sailors, was held yesterday afternoon in the Connaught Seamen's Institute, Superior Street, and was very well attended. Mrs. Alice Thomson presided.

The report of the secretary, Mrs. Sayer, was presented and the fifteenth annual report showed a very satisfactory year's work. The house committee, Mrs. O. Bass and Miss B. Pooley, were congratulated upon the cheerful and attractive appearance of the institute, which reflects great credit upon its custodians, Mr. and Mrs. Rodway. A considerable amount of work has been accomplished through the efforts of the relief committee, Mrs. Thomson and Mrs. Gordon Smith, and the progress of those who have been assisted has been very gratifying to the guild. The annual shipment of boxes to the lighthouses at Christmas time was made as usual and greatly appreciated by the thirty-two recipients of these remembrances, also twenty boxes of books were sent out during the Summer.

SEAMEN ASSISTED

The annual birthday and shower were very successful and well attended, and Trafalgar Day was celebrated with an evening lecture by the Dean of Columbia. Two bridge parties, arranged by Mrs. Gordon Smith and Mrs. Wilders, and by Mrs. G. P. Clarke and Mrs. R. W. Kerr helped the funds of the institute, as did a generous donation of $25 from the Navy League Chapter. Christmas dinner was served to nine seamen and the institute kept open house during the holidays. Mrs. Sayer visited the Jubilee Hospital regularly throughout the year, and Miss B. Pooley visited St. Joseph's and some special outside cases. Gifts were taken the patients at Christmas time and on other occasions.

The wool committee, under the convenership of Mrs. Goodlake, had done excellent work. Reference was made to the great loss sustained by the guild in the death of Mrs. Hiscocks, who had been a valued member for so long, and also to the death of the young stoker from H.M.S. Curlew, in whom the guild had been so interested.

The number of men registering at the Connaught Seamen's Institute during the year was 2,524, the number of free beds 150, free meals 100. The hall of the institute has been used as a Sunday school by the cathedral. Mrs. Sayer closed her report with congratulations to Mrs. Thomson through whose constant watchfulness and ready courtesy the success of the institute is due.

The report of the treasurer, Mrs. Gordon Smith, gave the receipts for the year as $1,067.81, the expenditures $941.09, balance $126.22. Mrs. Goodlake, reporting for the wool committee, gave forty-seven and a half pounds of wool as the amount purchased for the knitting with a result of 124 pairs of socks, 25 perseys and 2 coats turned in.

It was announced that the annual tag day for the institute will be held on October 22 and it was decided to hold a garden party on Saturday afternoon, June 11, for the funds of the institute. The various stalls and attractions will be in the hands of the following ladies: Home cooking, Mrs. Vernon Thomson, Mrs. Snowden and Mrs. McManus; candy, Mrs. Fisher; tea, Mrs. Wilders, Mrs. Kerr, Mrs. James, Mrs. Finmore and Mrs. Surphlis; ice cream, Mrs. Sayer and Mrs. Wilby; fish bond, Mrs. Claudette and Miss B. Pooley; clock golf, Miss Sayer. Mrs. Gordon Smith will hold a silver tea at her home, 111 Medina Street, on Wednesday afternoon, May 25, for the funds of the institute.

In the election of officers the results were as follows: President, Mrs. Alice Thomson; first vice-president, Mrs. R. W. Kerr; second vice-president, Mrs. Wilby; secretary, Mrs. Sayer; treasurer, Mrs. Gordon Smith; house committee, Mrs. Oscar Bass and Miss B. Pooley; relief committee, Mrs. Thomson and Mrs. Gordon Smith; hospital visitors, Mrs. Sayer, Jubilee, and Miss B. Pooley, St. Joseph's.

In her address the president, Mrs. Thomson, thanked the guild for their constant attention to duty during the year and the pleasant relationships which had existed. The work of the executive and the various committees was referred to, particularly the offices of secretary and treasurer, which have been so efficiently filled. Mrs. Thomson also referred with appreciation to a cheque for $10 received from the Commodore Broughton Chapter, I.O.D.E., which chapter is happily associated with the Victoria branch of the Ladies' Guild for Sailors.

Marconi Marriage Is Being Annulled

Rome, May 6.—Sentence of nullification of the marriage of Senator William Marconi, wireless inventor, and the Hon. Beatrice O'Brien, daughter of the late Baron Inchiquin, has been communicated secretly to the interested parties, and will be published within a few days.

Students' Demonstration—In place of the usual monthly studio recital the Victoria School of Expression will give a demonstration in speech and song in Harmony Hall, 724 Fort Street, On Saturday, May 7, at 8 p.m. The entertainment will be repeated on Monday, May 9, at the same time and place. The school choir will give the two-part songs with which they won the "F. W. Francis Challenge Shield" at the recent musical festival.

Kumtucks Bridge—Miss M. A. Wigley is lending her home, 929 Burdette Avenue, for a bridge and mah jong party under the auspices of the Kumtuks Club to-morrow afternoon and evening. Tables may be reserved with Miss Wigley or Miss E. B. Paul.

Stock-Reducing Sale

Closed

St. Alban's Building Fund Assisted by Successful Tea

The silver tea in aid of St. Alban's building fund held at the home of Mrs. E. A. Godwin, 2536 Victor Street, on Wednesday afternoon, proved a great success. A lovely sunny day brought a large number of visitors, among whom were: Rev. and Mrs. Norman E. Smith, Rev. John W. Leighton, Mrs. W. Barton, Miss Hilda Leighton, Mr. H. R. Pattinson, Miss Pattinson, Mrs. W. Duncan, Mrs. P. Sharp, Mrs. Lacy, Mrs. C. Barlow, Mrs. Rush, Mrs. G. Toume, Mrs. T. Bridges, Mrs. Andrews, Mrs. G. Bridges, Mrs. E. Bridges, Mrs. A. M. Davis, Mrs. Potts, Mrs. G. H. Dawson, Mrs. G. H. Bissell, Mrs. R. Holmes, Mrs. A. J. Baker, Mrs Walker, Mrs. V. Banister, Mrs. and Miss Ussher, Mrs. W. Logie, Miss E. H. Vantreight, Mrs. W. J. Sargent, Mrs. and Miss Vaughan, Mrs. Shute, Mrs. (Capt.) Matheison, Mrs. G. Matheison, Miss Evan Dann, Mrs. Croucher, Mrs. Barron, Mrs. T. Wilkinson, Mrs. R. Eaton, Mrs. T. A. Simmons, Mrs. Dobree, Mrs. B. Davis, Mrs. S. J. Thorn, Mrs. F. B. Robinson. Several of those unable to be present very kindly sent donations, namely, Mrs. Slater, Mrs. H. Renwick, Mrs. Jolly, Mrs. E. Clarke, Mrs. J. Askey nad Mrs. D. Swann.

The cake-weighing competition, cake donated by Mrs. T. Eaton and iced by Mr. Rowbotham, was won by Mrs. G. H. Dawson. Donations of cakes and flowers were received from Mrs. N. P. McDonald, Rev. W. Barton, Mr. H. R. Pattinson, Rev. J. Leighton, Mrs. E. Clarke, Mrs. W. Logie, Mrs. Matheison, Mrs. Sharp, Mrs. Holmes, Mrs. Duncan, Mrs. Dawson, Mrs. Bissell, Miss Pattinson, Mrs. Barton, Mrs. and Miss Dann, while Mr. E. Ashton Godwin contributed photos of the Oaklands Troop of Boy Scouts and Girl Guides open air service, which had a ready sale. Vocal solos were rendered by Mrs. C. Barlow, Mrs. Rush accompanying, while musical selections at the piano were given by Mrs. Toume and Mrs. Lacey.

Miss Pattinson was in charge of the fancy stall, which was well patronized. Mrs. G. H. Bissell very ably presided at the tea table, assisted by Mrs. C. Barlow and Mrs. W. Duncan. A very satisfactory sum was realized, and all enjoyed a happy afternoon.

King's Daughters—The annual meeting of the King's Daughters will be held on Monday evening at 8 o'clock at the rest room. The election of officers will take place and reports of the various circles and the rest room committee will be read and discussed.

Local Council of Women to Hear of Mental Hygiene

Mental hygiene will be the subject of an address to be given by Lindley Crease, K.C., before the Local Council of Women at its monthly meeting on Monday. The meeting will be held in the Conservative rooms, Campbell Building, on Monday at 2.45, and it is hoped that representatives of all affiliated societies will be present to hear this interesting address.

YOUR BABY and MINE
by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

GENERAL CARE DURING PREGNANCY

As soon as a mother knows that she is to have a child she becomes a being set apart. She is looked upon with awe and admiration and her whims, her foibles and her emotions are given loving consideration and flattering attention. Especially this is true if this is the first baby.

A certain amount of this attention is good for the mother. It lightens some of her burdens and makes them more bearable. It is not good when it blinds the mother to the fact that she is performing a natural function and one that does not entitle her to be called sick. She must think of herself as a well person undergoing somewhat of an ordeal, and for her own best health she must be cheerful, uncomplaining, and free from worry. This sounds hard but isn't. One's state of mind is easy to order if one is so inclined. That is why one can go to a social function and completely forget one's ailments for three or four hours, when the same period at home would be filled with discomforts because one's mind would be so busily engaged upon assorting and encouraging them.

So, first of all a cheerful outlook, a nice, bright pink attitude of mind instead of a drab, grey one which permits only gloomy thoughts and seen only the worst possible future.

Then the right diet. The mother is furnishing the materials for a new life and these bodily materials must come from the food she eats. One sees then how necessary it is that there be no food lacks. Milk, at least a quart a day will give the mother better nutrition and preserve the lime of her own system so that she won't find her teeth decaying because they are being robbed of their minerals. Meat, once a day or fish or cheese or eggs. Lots of vegetables, two or three different varieties and eaten both raw and cooked. Fruits, at least twice a day, and whole grain cereals, like oatmeal, whole wheat, unhulled rice, corn meal and barley, and breads of the Graham, whole wheat and rye variety.

One's intake of sweets should not be excessive unless there is some special reason for it. Dates and figs and raisins and honey are natural sweets and are far better than any kind of elaborate pastry or pie for dessert. Don't forget at least eight glasses of water daily, to make up the body's fluid needs, help overcome constipation and flush the kidneys.

A daily warm bath, either a sponge or tub bath, and a long walk in the open air, even if one has plenty of exercise doing housework. A daily nap in a well-aired room is good and a 10 o'clock bed hour is the proper one for the prospective mother.

So general care at this time means being sensible and cheerful and reserving, and adding to all one's bodily assets against the day when there is going to be a heavy run upon them.

FOUR VESSELS AT RITHETS SUNDAY

Loch Goil Will Unload Cable Across Wharf to Restorer; Russia in

Rithet Docks will present a busy aspect on Sunday morning with at least four ships berthed there at the same time.

According to present plans, the motorship Loch Goil of the Royal Mail Steam Pacekt Company's service to the United Kingdom will dock at Pier 1 and the cableship Restorer will take up a position on the opposite side of the wharf. The Loch Goil has about thirty nautical miles of supply cable for the Restorer and this will be unloaded across the wharf directly into the cable vessel. The Loch Goil also has about 150 tons of general freight. She is due to arrive about 3 o'clock to-morrow afternoon and will probably be in port until Monday.

R.M.S. Empress of Russia, due at 7 o'clock Sunday morning from the Orient, will dock at Pier 2.

Ss. Ruth Alexander of the Pacific Steamship Service to California will arrive about The same hour from Seattle on her outward voyage. She will dock at Pier 1 and sail for San Francisco at 9 o'clock.

The Osaka Shosen Kaisha vessel Africa Maru is due at William Head at midnight Saturday. She will probably be up to the dock about 1.30 a.m. and it is hoped to complete discharge of cargo and clear her before the other vessels arrive.

BILL CAMERON Was Tellin' Me

—that from all indications we will be open for business (if any) about next Monday at the new stand,

Douglas and Pandora

We've had the phones changed over and installed, and might call your attention to the fact that the number is still the same,

5000

Personally, I was against havin' a phone put in, for two reasons, first, because there's an awful lot of personal phonin' goin' on, and secondly, because only about half of the incomin' calls are orders for wood and coal. The rest are calls from people who have already received their fuel, and phone us up to tell us how pleased they are with the quality and the service, and to express surprise over how we can sell such fine goods at such reasonable prices. However, Bill says that an up-and-comin' firm like what ours is, must have a phone, so there it is. The firm I speakin' of is the

NEWS IN BRIEF

The regular monthly meeting of the Lake Hill Community Centre will be held to-night at 8.30 o'clock.

J. W. Phillips was fined $15 in the City Police Court this morning for driving his automobile to the common danger on Cook Street.

A meeting of the executive of the Diamond Jubilee committee will be held at 7.30 p.m. to-day at the Native Sons of Canada Hall. Reginald Hayward, M.P.P., will preside.

Yarrows Limited hauled the hydro-graphic survey vessel Lillooet on their marine railway this morning for repairs and refitting. It is expected that the vessel will be there for several days.

The Printers dance will be held in the Arcadian ballroom to-night, 9 to 1, Heaton's orchestra in attendance. A buffet supper will be served. There are still a few tickets to be had, and to all who attend a good time is assured.

The Presbyterian Mission Bands of the city and district are holding a rally in St. Andrew's Church on Saturday afternoon at 3 o'clock. The Rev. Geo. Cameron, who was a missionary in the Congo for thirty years, will speak. Parents and friends are invited to attend.

A round table conference to discuss the subject of British Columbia's birthday will be held in the Provincial Archives at the Parliament Buildings at 7 o'clock this evening. Following this a meeting of the B. C. Historical Society will be held at which V. L. Denton will give an address on "Early Exploration of the Northern Pacific."

An attempt to organize a perma-nent Vancouver Island Horticultural Association will be made this evening at 8 o'clock, when a meeting will be held at the City Hall to wind up the affairs of the recent Vancouver Island Spring Flower Show. The meeting will be open to the public and a large attendance requested.

Report of the disappearance of a man named George Clayton, 734 Burdett Avenue, was given out at police headquarters this morning. He has been missing since Sunday last. Clayton is a man of six feet and one inch in height, fifty-six years of age, and was wearing a dark suit and overcoat when last seen. He only recently left hospital and his relatives are anxious.

Claim for $164 damages was made by J. Valo & Sons, against Gordon Sawry, 2020 Foul Bay Road, and R. C. Hawksford, 350 Cook Street, in an action before Judge Lampman in the County Court to-day. Plaintiffs allege that damage to their car on the Island Highway, near Cobble Hill on January 24, was caused by the alleged negligent driving by Mr. Hawksford of the car owned by Mr. Sawry. Frank Higgins, K.C., is for the plaintiff and Sidney Child for the defendant.

Prisoners, guests of the city at pro-vincial jails, should work for their keep, believes Ald. E. S. Woodward, who commented to-day on the $1 a day per head charge made for prisoners the city sends to the Mainland to serve their time. Hospital bills for Victoria patients who are inmates at British Columbia hospitals elsewhere than Victoria, also reached the city to-day. Both items though small in individual cases, run into considerable totals in the course of a year, it was stated.

Discussion on the appointment of a principal as head of Victoria College, consequent on the retirement of Dr. E. B. Paul, will be resumed by the City School Board at a special session called for early next week, with the date left open, pending the return of George H. Deane, Municipal Inspector, who is to-day in Vancouver. At a special session yesterday afternoon the board completed its part in the signing of agreements for the purchase of Craigdarroch Castle for college purposes. The transfer will be affected when the documents have been signed by the owners, the Bank of Montreal.

Without calling upon the defence the action of A. T. Abbey against the Jameson Motor Company before Judge Lampman in the County Court yesterday was dismissed. Mr. Abbey alleged misrepresentation in the sale of a used car and sought a recision of the contract, or in the alternative, payment of $125. While Mr. Abbey claimed that he was sold a 1922 model car as a 1923 model, it was claimed by the motor company that it was a 1923 model, and cross examination brought out the fact that the car had the forced feed lubrication system, which distinguished the 1923 model from the 1922 model.

NEW GAS MAINS FAVORS DISTRICT

City Owned Property in Fairfield District Now in Demand

The announcement that gas mains and laterals were to be laid over an area comprising some thirty streets in the Fairfield district was received by the City Lands Department this week with considerable satisfaction. The city has in the neighborhood of 200 parcels of land in the area, including many properties that are excellent homesites, it is stated.

Moss, May, Olive, Joseph, Eberts, Bushby, Brooke, Clifford, Woodlands, Arnold, Stannard, St. Charles, Hamley, Richardson, Walton, all appear in the city's books, and are some of the thoroughfares included in the extension of the gas mains announced by the Victoria Gas Company, a subsidiary of the B.C.E.R.

Interest stimulated in city lands during the progress of the Home Products Fair is having a practical return now, states Joseph Wittcomb, acting lands commissioner. After the exhibition many of those who inquired at the city booth went to look over the list of city properties, with the result that they found locations suited to their use. Many sales are expected to result.

In a report to the lands committee from Kirkpatrick-Crockett, who is now in California investigating the proposals of H. R. Leech as to sale to investors there, interest in Victoria and its surroundings is evident.

EMPIRE MINING CONGRESS TO VISIT NORTH; PLANS ARRANGED FOR VICTORIA

Following efforts made by the Vancouver Chamber of Mines and the Victoria Prospectors' Association, the Portland Canal district, containing the Premier Gold, Dunwell and other mines has been included in the itinerary of the Empire Mining and Metallurgical Congress when it comes to the Coast in September, it was announced to-day by George W. Riley, of Montreal, main chairman of the Congress, following an interview with Premier Oliver at the Parliament Buildings to-day.

The visit to the new wonder, Portland Canal district, will be made as a side-trip from Vancouver and be available to those passing up the programme of technical papers in Vancouver.

Mr. Riley, who arrived here this morning to complete the plans for the western trip, said that so far 800 mining men from various parts of the world have booked for the Canadian congress, and of this total 300 have signified their intention of coming through to the B.C. Coast.

The party, setting out from Vancouver by special boat, will visit Britannia mines, then cross to Chemainus to visit the new lumber mill there, and arrive in Victoria the evening of September 16. The visitors will be entertained the following day at Government House by Lieutenant-Governor R. Randolph Bruce, himself a leading mining man of the Province. There will be a technical session here during the day, and the party will start east to Vancouver that night.

"The Congress has focussed on Canada the attention of 100,000 leading men in the mining industry over the world," Mr. Riley said. "Of the number coming 317 are from Great Britain, 95 from the United States and South America, 90 from Africa, 20 from Asia, and 16 from Australia. In arranging the meetings we have been in touch with 15,000 persons in eighty-eight countries and have sent out over 120,000 letters. The Congress will spend as much time in British Columbia as in any other Province of Canada."

NEW STRIKE MADE IN NORTH

Another mining man to arrive here to-day is Jack Fitzgerald, of the Independence Mine on the Portland Canal on the other side of the mountain from the Premier. Mr. Fitzgerald announced that the crews working on the mine under the agreement with the Duerrwachters of New York and Seattle, have opened up an ore ledge at least twelve feet wide, and carrying four feet of $50 ore in the lower tunnel.

HERE FROM WONDER VALLEY

Capt. Sam C. Scott M.M.M.S., known across the continent as the discoverer a few years ago of the famed tropical valley in back of the Dease Lake district in Northern B.C., also arrived in Victoria to-day with a collection of nuggets, gold dust and platinum, which he discovered in the new wonder valley. Mr. Scotte, who started out as a poor but venturesome Swedish boy, said that the district contains untold riches. He came to Victoria to confer with P. M. Linklater, president of the George Copper Company, now a subsidiary of the Consolidated Mining and Smelting Company of Canada.

ISLAND HORTICULTURAL SOCIETY IS SUGGESTED

The formation of a Vancouver Island Horticultural Society, to work along similar lines to that of the Royal Horticultural Society of Great Britain, will be the main item of business before a public meeting of horticulturists to open at the City Hall at 8 p.m. to-day.

The general committee who conducted the first Vancouver Island Spring flower show will report on that event, with statements of receipts and disbursements, and the results of the prize contests. The initial showing by Vancouver Island communities was held at the Willows on April 8 and 9, and was a great success.

The original idea sprang from a suggestion made by Professor E. M. Straight, of the Dominion Experimental Farm at Bazan Bay, Saanich. The first joint show proved so successful that a permanent organization to carry on the work is now suggested.

AUSTRALIAN BAND TO VISIT VICTORIA

To Open Canadian Tour at Victoria Arena May 28

The Australian National Band, en route to Canada on board the Ss. Aorangi will open a Canadian tour at the Arena on May 28, under the auspices of the Western Canada Exhibition Association, it was learned to-day.

The Coldstream Guards Band, heard in Victoria on August 9 last year, was brought here under similar auspices.

Arrangements for the appearance of the Australians will be completed shortly for their British Columbia engagements, and the use of the Arena for the Victoria opening has already been arranged by the owners of the Arena.

DISCOVER LIQUOR ON SUSPECTED PREMISES

Charged with keeping liquor for sale, Matthew McCabe, 570 Yates Street, was fined $600, with the option of three months in prison, in the city police court this morning by Magistrate Jay. McCable pleaded guilty. It being his second offence the fine was heavy.

Under the code there is no option of a fine for a second offence of this kind, but no mentioned was made in the information of the fact that it was the second offence.

Sergt. Thomas Heatley gave evidence of entering the Northern Hotel on the night of May 3 and finding liquor and a number of persons with glasses before them. He was accompanied by Constable Ireland. The liquor was produced in court to-day and ordered confiscated.

BUSINESSMEN HONOR W. J. BLAKE WILSON

Vancouver Pays Tribute to Leading Figure on C.P.R. Appointment

Vancouver, May 6 — Chris Spencer was host at a unique luncheon at noon to-day at the Hotel Vancouver in honor of W. J. Blake Wilson, his fellow director on the board of the Pacific Great Eastern Railway, who has just been appointed to the directorate of the Canadian Pacific Railway.

The luncheon was attended by all the past presidents of the Vancouver Board of Trade now in the city who were available. Both Mr. Spencer and Mr. Wilson are past presidents of the board.

Henry Bell-Irving, of those present, represented the earliest term in office as president, which position he held from 1895 to 1897.

Telegrams to E. W. Beatty, president of the Canadian Pacific Railway, from the Council of the Board, congratulating him on his choice for Vancouver director, and Mr. Beatty's reply were read to the meeting.

APPRECIATE HONOR

The telegram sent by the council to Mr. Beatty read:

"Council of this board at regular meeting to-day adopted a resolution conveying to you and your company appreciation of our membership for the great honor bestowed upon British Columbia in the selection of one of our past residents and a member of our present council, W. J. Blake Wilson, as a director of the Canadian Pacific Railway. We feel no one better qualified than Mr. Wilson could be selected, and it is recognized by our board as a great tribute to his untiring efforts for the development of the commercial and industrial life of Western Canada."

Mr. Beatty replied as follows:

"Deeply appreciate your telegram of yesterday's date with resolution of your council. I feel sure the association of Mr. Wilson with this company will be both pleasant and valuable. The members of our board share your council's appreciation of his abilities and personal qualities."

MANY ARE KEEN FOR PERFECT MAN TITLE

Interest Grows When W. H. Davies Cancels Male Beauty Show

Again emphasizing that the male beauty contest has been definitely cancelled, W. H. Davies, as secretary of the May 24 celebrations, announces that the search for the perfect man continues.

First announcements of a beauty contest not only failed to draw a single entry but caused many who would have entered a competition for the most perfect physical specimen of manhood to be reluctant to come forward.

REAL "HE MEN"

Pointing out, however, that the new contest is one for real "he men" for a title of which any man can be justifiably proud, the May 24 secretary invites entries to be forwarded to his office at the Empire Realty Company.

While the male beauty contest was generally the source of amusement, the perfect man contest shows signs of creating considerable interest. Learning that the Princess Pats have two representatives of the regiment who would be likely winners, Mr. Davies has decided to invite the army, the navy, the police and militia units from whom fine physical specimens should be obtained to enter. The competition for the honor of their forces will be keen, he anticipates.

PERSONAL INVITATIONS

He will also send personal invitations to a number of men in Victoria who would apparently measure up well to an accepted scale of masculine physical perfection. The name of Al McKinnon has been put forward as a good entry from the Y.M.C.A. from which association he hopes to secure several names. Corporal Cameron of the Mounted Police has been mentioned to him as a very eligible candidate if his entry could be secured. Constable Jack Meadows is mentioned as a worthy representative of the provincial police and Sergt. Heatherington for the city police force. Any organization, however, is at liberty to name its own candidates. From the ranks of the longshoremen and from the logging camps it is hoped to secure several entries representing the well-developed type of outdoor man. "This will be anything but a contest for cake-eaters and sheiks," says the secretary.

Several entries have been received and one or two good prizes have been offered. Managers of two local theatres have approached Mr. Davies regarding the contest but his plans have not yet been completed. While he had not anticipated staging the contest at a theatre the winner may make a public appearance if he so desires.

For Mother

The Gift Supreme--An

Orthophonic

"True in Sound"

VICTROLA

Let Mothers' Day mean something—and it will be an occasion of unsurpassed joy for her if some thoughtful person presents her with an Orthophonic Victrola on this important day.

Come and hear the new Orthophonic Victrola. It is the musical marvel of the age. There are models from $115 up, on terms to suit the convenience of everyone.

ALL-STAR CAST FOR STAGE PRESENTATION OF PINERO COMEDY

John Drey, Peggy Wood, O. P. Heggie, Helen Gahagan, Otto Kruger, Mrs. Thomas Whiffen, Wilton Lackaye, Estelle Winwood, Rollo Peters, John E. Kellerd, Effie Shannon, Lawrence D'Orsay, J. M. Kerrigan, Eric Dressler and Frieda Inescort head George C. Tyler's roster of celebrities in his happy revival of the famous Pinero comedy, "Trelawny of the 'Wells,'" which come to the Royal Victoria Theatre for one night only, Monday, May 23.

In contemplating its long cast, it would seem that the presence of any one of the sixteen stars in the cast would make the prospect of seeing the play interesting. This is a stage presentation and not a "movie."

ROMANTIC YOUNG LADY COMES HERE WITH "FOLLOWERS"

City Intriqued by Arrival of Party of Thirteen To-day

A romantic young lady, with a retinue of twelve followers arrived in the city to-day to pay an all too-brief visit. She hails from the University of British Columbia, but although "petting parties" and similar allegedly modern diversions of the co-ed are frowned upon by the university dons, this young person carries on her flirtations with the blessing of the authorities.

But even Mrs. Grundy, ever on the alert, can find no fault with her for she happens to be the principal figure in the delightful Spanish comedy, "The Romantic Young Lady." Her twelve "followers" are the remaining members of the Players' Club of the University of British Columbia with the addition of Professor Frederick G. Wood, who in the role of coach, guide, philosopher and friend is conducting the young players on a tour of British Columbia, and Mrs. D. A. Suttie, who is in charge of the costumes and make-up.

Miss Dorothy Pound is "The Romantic Young Lady" in the comedy of that name to be given at the Royal Victoria Theatre this evening under the auspices of the Kiwanis Club of Victoria. For a number of years the University Players have been coming to Victoria to give a presentation of their annual production, under the Kiwanians' aegis and by the excellence of their performance have built for themselves a reputation for acting comparable with some of the best professional productions.

In to-night's play T. C. Gibbs plays the juvenile lead opposite Miss Pound and others in the cast include Miss Alice White, Misses Honor Kidd, Madge Rankin, and Milla Alihan; Messrs. W. Buckingham, E. T. Nash, D. Brock, W. Masterson and N. Clarke.

These young Thesplans appeared with tremendous success at Duncan last evening where a capacity house greeted the comedy. After leaving Victoria they will proceed to Revelstoke and other cities in the interior so that on local theatre-goers lies the responsibility of giving these young people an enthusiastic send-off in their tour to aid community philonthopies throughout the Province.

KIDNAPPING REPORTED

New York, May 6 — Jules Berman, Wall Street messenger, reported missing yesterday with more than $100,000 worth of negotiable securities, walked into the Westchester police station to-day and said he had been kidnapped in the financial district yesterday, robbed of the securities and taken in an automobile to a vacant lot in the Bronx.

CANADIANS ARE CHEERED AS SETTING PACE AT BIG WORLD WHEAT PARLEY

Kansas City, Mo., May 6.—World wheat problems and co-operative marketing on a large scale engaged the attention of the international wheat pool conference here to-day, attended by delegates of Canada, Australia, Russia and twelve states of the United States.

The Canadian delegates were cheered as the leaders in co-operative marketing, and organizers of the largest wheat pool in the world, and the address of Chairman Colin H. Burnell, president of the Manitoba wheat pool, was listened to with the keenest interest.

Formation of committees was the first routine work. The resolutions committee announced that 150 properly accredited delegates were present.

RUSSIANS ATTEND

The eight Russians representing the Soviet were admitted to seats. One of the most important committees and the largest in membership will discuss and report to the conference plans for closer relations of world co-operative societies and another will work out a plan for an annual world conference. In order to get through the great mass of work, the conference is held morning, afternoon and evening.

While a number of delegates have privately expressed the opinion that a very close arrangement of co-operative selling will emerge from the deliberations here, no member has thus far gone so far as to suggest a world pool, controlling the wheat products of its members in Canada, the United States, Russia and Australia.

So many delegates have given out interviews declaring for absolute elimination of the middleman in grain merchandizing that one of the local newspapers much in sympathy with efforts of the farmers, devoted considerable editorial space to-day suggesting that a gesture in that direction should receive most careful consideration before being accepted as the definite purpose of the world pool agencies.

JARDINE FAVORS MASS MARKETING

In an interview with the Canadian Press, Wm. Jardine, United States Secretary of Agriculture, said he favored mass marketing. The United States Government would give every encouragement to farmers to accomplish this. He thought that before world marketing was discussed, further advance in co-operative pool marketing was necessary. Mass marketing was the path to reduction of overhead, and if it reached world proportions exemplified in a world selling agency of all pools, that must come after all nations have worked out their domestic pools. In Canada farmers had accomplished much, but there were still some weak spots that must be eliminated. Canada had progressed further and presented infinitely more solidarity in orderly marketing than the United States, he said, but "we are on our way."

Asked if he favored elimination of middleman and speculator, he replied that if they did not render a service to the business they should be dispensed with.

AIM AT INTERNATIONAL CO-OPERATION

Chairman C. C. Burnell, president of the Manitoba Wheat Pool, declared that the wheat growers of the world would stabilize prices and place the industry on a fair footing with others only by "international action."

"It is my hope," he said, "that agriculture may be the first to replace international competition by international co-operation."

Governments, he said, could aid the farmers, "but in the last analysis he must attend to his own business."

URGES US FOLLOW CANADA

Commenting upon the present wheat marketing conditions in the United States, Dr. Aylesworth, the Colorado representative, pointed out that United States producers are suffering the loss of millions annually through their neglect of pooling possibilities.

"Furthermore, our blindness or lethargy is severely handicapping Canada in her efforts to get for the producer a fair return for his investment and labor," he added.

"We have talked for years about reciprocity between the United States and Canada, but nothing has been accomplished. Here is a real opportunity. When the United States pools its wheat for marketing in anything like the ratio Canada now pools her grain, the rise in the wheat market will inevitably obtain in both countries. While it is true that the pools of Canada have been able to increase returns to the growers, it is not half what it would be if a United States-Canadian advisory board were maintained to secure an efficient and effective contact between the wheat producers of the two nations."

RUSSIA TO TAKE SAME CHANCE

Representatives of the co-operative wheat growers of Soviet Russia pledged themselves to the aim of international co-operation in the production and marketing of wheat.

Saul G. Bron of Moscow, head of the Russian delegation, delivered to the conference the message that it was not the intention of the Russian co-operatives to "insure prices."

"Russia will sell at the world price and take her chances with the others," he said. "It will work out."

Mr. Bron estimated that Russia would be exporting 100,000,000 bushels of wheat in the next two years.

The committees are completing their reports on various phases of organization, co-operation of different nations in marketing their grain and suggestions of some method by which the pools of different countries will keep their selling organizations in the closest possible touch without actually having, at this stage, a single central selling agency attempting to control the world production of wheat pools.

Another representative of the British Empire brought a message to the conference. A. W. Wilson of Victoria, Australia, outlined the campaign of that section of the Empire in favor of co-operative marketing.

William Jardine, United States Secretary of Agriculture, a supporter of mass merchandising by agrarian interests, assured the conference of the support of the Federal Government in the establishment of pooling organizations for the farmers of the United States.

POOLS AS "NEW RELIGION"

In the same field of government support was the message brought to the conference by Dr. B. O. Aylesworth, market director for the state of Colorado, who termed the pool movement "the new religion, the brotherhood of man."

The statement of Mr. Wood of Alberta, advocating the "mobilization of the selling strength of pools to make the movement world-wide" was the first gesture suggesting that the ultimate objective of the pools in close co-operation in selling their products.

SAPIRO LAUDED

Mr. Brouilette of Saskatchewan praised Aaron Sapiro, co-operative marketing expert, for what he termed "that gentleman's constructive efforts in inspiring the preliminary organization of the Canadian pools," and declared: "Canada has for you co-operation believers from other parts of the world this message —'Farmers can and do stick together. We in Canada have proved it.'"

NEW ORE BODIES SEND NICKEL UP

New York, May 6—The stock of International Nickel Company has advanced over $28 a share since last Summer in response almost entirely to diamond drilling results at depth in the company's Frood mine at Sudbury, Ontario. It develops that it will be at least five years before there can be any possible production from this mining property, and an expense of $8,000,000 must be incurred, to develop and equip this property, and the money remains yet to be raised. It is not on hand.

It was announced on March 30, 1926, that the company proposed to begin development July 1, 1926, of the Frood mineral deposit and prepare this deposit for production with a mining and treatment plant costing $8,000,000, and would require five years to construct. Their annual report recently issued for 1926 says:

"Your management has been actively engaged in initial stages of development of the Frood mine, where diamond drilling has developed further large reserves of high grade ore. To complete this shaft, erect the permanent surface plant and develop the ore body sufficiently for mining operations, will require several years and involve a substantial capital expenditure. It is the intention to bring this mine into production during the ensuing five years."

At 2,000 feet depth, the diamond drills are reported to have cut large bodies of ore running eight to ten per cent copper.

Production of International Nickel Company from its Sudbury mines, chiefly the Creighton, comes from above the 1,100-level and yields less than three per cent metal, two-thirds of it nickel and one-third copper.

International Nickel stock was selling at a low of $32⅝ a share on March 30, 1926, when announcement was made of the intention to open up the Frood deposit beginning July 1, 1926.

Recently International Nickel stock sold up to a high of $60⅝, an advance thus far of $28¼ a share.

This is a gain of over $11,400,000 thus far on the 418,346 shares of capital stock, reflective of drilling results, five years in advance of any possible production therefrom.

Some $8,000,000 must yet be raised to finance any production plant. The total combined cash, marketable securities and receivables reported by International Nickel on hand to start 1927 aggregated $7,870,402, and in reality only about $3,530,000 net, after deducting $4,340,861 reported as current liabilities.

WHEAT MARKETING LEADERS GATHER

Kansas City, Mo., May 6.—Creation of an organization to supervise efficient marketing of the world's small grain was the announced goal of scores of delegates here to-day for the second annual international wheat pool convention.

C. H. Burnell, Winnipeg, president of the Manitoba Wheat Pool and Chairman of the Conference, said he did not believe a world wheat pool possible, but that an understanding between the various co-operative marketing organizations of the world would, in his opinion, aid materially in stabilizing prices.

He favored a zone system rather than a national pool for the U. S. The production of the various zones would then be handled through a central marketing unit similar to the Alberta, Manitoba and Saskatchewan branches comprising the Canadian pool with headquarters at Winnipeg.

Representatives of the nine states that grow the greater part of America's wheat assembled to-day to discuss their gelonal problems with a view to co-operation with central states listed as the largest producers are: Kansas, Texas, Colorado, Nebraska, North and South Dakota, Minnesota, Oklahoma and Indiana.

Several delegates have arrived from foreign countries. The conference will continue for three days.

Primitive Russians place a certificate of character in the hands of dead persons to be given to Saint Peter at the gates of Heaven.

Spring Time is CELERY KING Time

Brew a cup of this fine old vegetable tonic. It is all the spring medicine you need. It drives out winter's poisons, improves the appetite and makes you feel better right away. CELERY KING is good for the whole family. At druggists. 30c & 60c.

BASEBALL, BOXING TIMES SPORTING NEWS GOLF, FOOTBALL

Opening Battle In Senior Ball League Set For To-morrow

Eagles and Sons of Canada Will Get Into Action at 3 o'Clock

Mayor Pendray to Throw First Ball; Parfitt and Kerr Will Be Rival Pitchers

"Strike One," "Yer Out at First," "The Batter Is Out," "Foul Ball," "Knock It Over The Fence."

All these time-worn phrases will be heard once again to-morrow afternoon at the Royal Athletic Park, when the opening game of the Victoria Senior Amateur Baseball League will be played.

The Sons of Canada, runners-up last season, and the Eagles, will mix things and a rare old battle is looked for. The teams will get into action promptly at 3 o'clock and one of the largest crowds that has attended an opening game in recent years is expected. "Aillie" McGregor will call the balls and strikes.

MAYOR IN BOX

Mayor J. Carl Pendray has agreed to throw the opening ball. His Worship, it is said, has been out in the vacant lot behind the City Hall getting his arm into shape. Dave Macfarlane, vice-president of the league, and closely associated with baseball in Victoria for many years, will act behind the plate. Dave has also been doing some parctice in his idle moments and claims he will be able to hold the Mayor's famous spitball.

Manager Cy Milne of the Sons, when questioned this morning regarding his team remarked, "The boys have all been working hard, and if they get in there and fight the whole way, the Sons will be pretty close to the top at the end of the season."

EAGLES CONFIDENT

Bobby Ross, well-known to local sportsmen, is at the helm of the Eagles and is just as confident as his rival manager. "The Eagles have a far stronger team this season than for many years, and there seems to be a great spirit of co-operation among the boys, and this alone will mean a great deal in their quest for the championship," Bobby declared.

The Eagles' team as announced this morning is as follows: Bobby Ross will act behind the plate, while Johnny Kerr, their old reliable, will be in the pitcher's box. First base will be covered by Ross Oatman. At the keystone sack, there will be Johnny Latham, a product of the Commercial League. At shortstop will be Art Sargent, another youngster from the Commercial League, and "Hap" Gandy will hold down third base. The outfield will be composed of George Gandy, Tommy Wachter and Harry Down, who performed with Ketchikan last season.

MEN IN RESERVE

The feathered tribe will have two pitchers in reserve, Eric Howe, who for the last two years, has played with the Ottawa Senators, and Harold Pollard, a young hurler from the Commercial League.

Nothing definite could be secured to-day on the Son's line-up. It is known Ray Parfitt will be on the mound for them, while Massey, a new man from the Prairies, will catch. The remainder of the team will be picked from the following:

Holman, McKenzie, Curtis, Deveraux, Passmore, Cummins, Belcher, Cook, Dunn, Dowman, Stanyer and More.

On Monday night the United Commercial Travelers, last year's champions, and the Eagles will hook up in a fixture, starting at 6.15 o'clock.

Brentwood College Beat Oak Bay High School at Cricket

Brentwood College defeated Oak Bay High School in a cricket match at Cranmore Road by 107 to 45. For Brentwood Appleton, Lammers and Robertson ii batted well, and Robertson i and Mitchell were the star trumblers. Knight and Pithkethly batted well for Oak Bay, and Pithkethly and Robinson did some good bowling. The scores were:

Victoria High School Cadets Win Two High Shooting Honors

Ottawa, May 6—Delta Collegiate Institute of Hamilton, Ont., is the winner of the senior cadet shooting competition carried out, under the Dominion of Canada Rifle Association during the past Winter, it was announced last night by the association. Calgary High School won the junior cadet competition.

Delta Collegiate has a total of 97.33 points; Victoria High School, Victoria, B.C., with 96.75 was third. Calgary High School was fourth with 96.66 and Nutana College Institution, Saskatoon, eighth, with a score of 95.25.

In the junior competition, Calgary had a total of 95.52 points. Victoria High School was second with 95, Nutana Collegiate Institution, Saskatoon, seventh, with 94.19 and Calgary High School "B" ninth with 93.22.

Want Stanley Cup Competition Open To Amateur Teams

Frank Calder, President of N.H.L., Suggests Elimination Series be Held

Whole History of Hockey Wrapped up in Battered Mug, He Says

Ottawa, May 6—The National Hockey League would oppose the transfer of the Ottawa franchise to any other city and the United States clubs would be the first to insist that it remain in the capital, Frank Calder, president of the N.H.L., said in a speech last night at a banquet given by the city council and other citizens to the world's champion Senators.

A great audience had gathered to rejoice over the bringing back to this city of the Stanley Cup, but they received something of a shock when a telegram was read from Frank Ahearn, president of the club, who was unable to be present, stating that he would use his best efforts to dispose of his holdings in the team to Ottawa interests so that the team would continue to represent this city. The danger that he would not be successful in this caused no little misgiving on the part of the fans assembled, but they were encouraged when Mr. Ahearn's father, the prominent financier, T. Ahearn, assured them that while his son might want to be relieved of the responsibility connected with heading the association, he would not drop out altogether, but would continue to back the team as in the years past.

OPEN TO ALL

Mr. Calder made an important suggestion with regard to the Stanley Cup, which for the last thirty-four years since it was first donated by Lord Stanley, the then Governor-General of Canada, has stood as the premier prize of hockey in this country.

The proposal of the president was that in addition to the usual league schedule there be a general elimination series in which any hockey team on the continent, professional or amateur, could enter.

He pointed out that in the Old Country amateur teams played against professionals in the cup games, but as a rule the professionals won out.

The whole history of hockey in Canada is linked up with the Stanley Cup, Mr. Calder explained. There is not a square inch "of the battered old mug" which has not cut into it the name of some hockey player. It is the greatest trophy in hockey, and as such should be open to teams from one ocean to the other.

The Stanley Cup was formally presented to the Senators by Dr. P. D. Ross.

Moose Jaw, Sask., May 6.—Waivers were granted on Sparrow, Headley, Galnor and Anderson, the four outstanding members of the Calgary Tigers, 1927 Prairie Professional Hockey League champions, at yesterday's session of the league annual meeting. Some of these men are to be sold outright while others will figure in off season trades, it is expected.

Abe And George To Play Walt And Gene In 36-Hole Match

New York, May 6—Gene Sarzen and Walter Hagen will meet Abe Mitchell and George Duncan, crack British professional golfers in a thirty-six-hole match at the Fresh Meadow country club here, May 30. Mitchell and Duncan are expected to reach this country May 7, with other members of the British team for the Ryder cup matches.

The visitors are to play several exhibitions in Canada before sailing for England June 21.

RETAINS HIS TITLE

London, May 6.—E. M. Baerlain yesterday retained the British amateur singles court tennis championship which he has held since 1914, by defeating C. N. Bruce, at the Queen's Club, 6-4, 3-6, 6-5, 6-5. Bruce was also the finalist against Baerlein last year.

BALDOCK HAILED AS WORLD'S CHAMPION; ENGLAND THRILLED

London, May 6.—Teddy Baldock was acclaimed world's bantamweight champion by the newspapers to-day, following his victory over Archie Bell, of New York, in their fifteen-round bout in Albert Hall last night.

The twenty-year-old British fighter is the hero of the hour and the sports writers inform a palpitating public what he had for breakfast and relate how his mother, unknown to him, was among the spectators who saw him "win the championship."

Baldock won from Bell on points in a fast, clean bout, which experts say was one of the most thrilling ever staged in London.

Mrs. Abell Regains Title As Champion Of Colwood Women

Defeats Mrs. Philbrick at Twentieth Hole in Thrilling Final Match

Once again Mrs. Percy Abell is back on the championship pedestal at the Colwood Golf Club. In 1924 she won the club title, and yesterday she came back to take the crown again after a spirited fight with Mrs. Philbrick. The match went to the twentieth hole before Mrs. Abell finally gained the break which gave her the victory.

Quite a gallery followed the match and the golf was very good. Mrs. Abell made the first eighteen holes in ninety-one and Mrs. Philbrick was just two strokes more. These scores were far better than the winning score in the qualifying round.

MRS. PHILBRICK LEADS

The first three holes were halved and Mrs. Abell gained the advantage at the fourth when Mrs. Philbrick sliced her ball into the woods. They halved the fifth and then Mrs. Philbrick put on a spurt. She squared the match at the sixth with a "four" and then won the seventh and eighth. The ninth was halved, which left Mrs. Philbrick two up at the turn.

Mrs. Philbrick increased her lead to three up when she holed out for a "four" at the tenth. Then came the fighting rally of Mrs. Abell. She won the eleventh and twelfth, but Mrs. Philbrick still had a good shot left, and gained back a hole at the thirteenth. Mrs. Abell nibbled away at Mrs. Philbrick's lead until they stood on the sixteenth tee all square. The next three holes they halved, which found them all square on the eighteenth green.

DECIDING HOLE

The nineteenth hole was also halved, but at the twentieth a bunker collected Mrs. Philbrick's third shot, while Mrs. Abell ran on to the green and holed out for a "five." Mrs. Philbrick failed to get out of the bunker and conceded the hole, the match and the title to Mrs. Abell.

It was as keen a match as the Colwood links have seen in many years, and was featured by plenty of good golf.

SOFTBALL

There will be more softball games to-night. Five games are scheduled at various fields in the city, and will start at 6.30 o'clock. The games will be as follows:

Section "B"—Tillicums vs. Normal School, at Normal School; umpire, E. Stock.

Section "C"—Gyros vs. Cameron Woodmen, at Central Park, lower diamond; umpire, Sargeant. Colonist vs. Y.M.C.A., at Work Point Barracks; umpire, Steve Redgrace. Hudson's Bay vs. Albion Stove Works, at Central Park, upper diamond; umpire, Cyril Turner.

Section "D"—Spencer's Delivery Tigers vs. Andreans, at Beacon Hill; umpire, Keefe.

Of the ten teams playing eight are new entries, the Hudson's Bay and the Y.M.C.A. being the only old clubs to be seen in action to-night.

Monday's games in the "A" and "B" sections will be as follows:

"A"—Garrison vs. Hillcrests, at Work Point Barracks; umpire, E. Stock. Andreans vs. Bryant's Bluebirds, at Beacon Hill; umpire, C. Turner. Y.M.C.A. vs. Victoria Brass and Iron Works, at Central Park, upper diamond; umpire, Sargeant.

"B"—Lemon-Gonnason vs. Onwegos, at Central Park, lower diamond. Tillicums vs. Plimley & Ritchie, at Beacon Hill, near cricket field. Cameron Lumber Company vs. Normal School, at Central Park.

SETS STILL ANOTHER MOTOR RECORD

FRANK LOCKHART

Hammonton, N.J., May 6—Frank Lockhart, auto racer, established a new record yesterday for board track racing when he negotiated a mile on the Atlantic City motor speedway at 147.729 miles an hour.

The record was established under a special sanction granted Lockhart by the American Automobile Association, the governing body of automobile contests.

Val Haresnate, the secretary of the contest board, and Ottie Porter, an official timer from Indianapolis, were in charge of the electrical timing device used in the test.

Lockhart's mark is 1.29 miles an hour faster than that made last year by Bennett Hill with a 122 cubic inch motor. Lockhart drove a 91 cubic inch motor—the smallest race motor ever used—and is the same one he will use Saturday in the 200-mile national speedway championship race.

Only last week Lockhart driving a 91 cubic inch motor, one-thirtieth the size of Major Seagrave's Sunbeam that burned the tracks at Daytona, Fla., covered one mile in 21.05 seconds, a speed of 171.02 miles an hour. The feat was performed at Murac Lake, Cal. Lockhart is shown with his famous smile after the record was made. He is only a youngster who came into prominence last year.

Commercial Ball League Will Open Season To-night

Tillicums Will Oppose Sidney, Last Year's Champions, at Royal Athletic Park

With Sidney, last year's champions, and the Tillicums as the two contending teams the Commercial Baseball League will usher in its season to-night at the Royal Athletic Park. The game will get under way at 6.15 o'clock with Harold Fetherston officiating as umpire.

The usual opening ceremony will be carried out with F. B. Richardson, president of the league, throwing the first ball while S. Thomas, secretary, behind the plate to receive it.

PITCHERS SELECTED

Pete Campbell, the Tillicums' star southpaw last year, will be on the mound to-night, while Cliff Hilton will be behind the bat. The Tillicums have lined up a formidable club and hope to hand the men from Sidney a defeat in the opener.

Williams, who hurled the millmen to the championship last year, will be their selection for the pitching burden. Sidney will trot out practically the same club as last season and are confident of starting off with a win.

Four teams had entered the Commercial League this year. Spencers and the C.P.R. the other two clubs will meet on Tuesday night. All the teams are strong and the league should have a successful season. A good crowd of fans is expected at the park to-night.

No Sign of Cerebral Hemorrhage in Case of Player's Death

Sheffield, Eng., May 6 (Canadian Press Cable)—The inquest held here on the death of Wynne, the right back of the Bury soccer team, who dropped dead on the field during a game with Sheffield United in the First Division of the English League last Saturday, revealed no sign of cerebral hemorrhage, but it was stated he was in the first stages of pneumonia.

It was thought at the time of his death that he suffered from a cerebral hemorrhage.

Tilden and Hunter Win Their Matches In Berlin Easily

Berlin, May 6.—Big Bill Tilden and Francis T. Hunter, American stars, took both their singles matches today in the international lawn tennis tournament which opened at the Red and White Club.

Hunter defeated Dr. Heintz Landmann, 6-2, 6-1, 9-7, while Tilden disposed of the veteran Otto Froitzheim, 6-3, 6-2, 6-4.

REECE STILL GOING WITH HIS NEW MARK NOW REACHING 6,177

London, May 6.—Continuing to use his questionable pendulum cannon stroke with monotonous regularity, Tommy Reece had last night extended his world record billiard break to 6,177 points and was still unfinished. At the close of play last night his break stood at 4,873 points.

Manchester, May 6.—Tommy Newman carried his pendulum cannon break to 1012 last night and then, when trying an ordinary cannon, missed the balls altogether. At the close of play the scores in his 16,000-point championship match with J. Davis were: Newman, in play, 13,333; Davis, 12,721.

HORSE RACING

Havana, May 6.—Oscar Pernia, one of the leading jockeys at Oriental Park for the last two seasons, was in a critical condition to-day, suffering from stab wounds inflicted, the police said, by the brother of a Cuban girl.

Salt Lake, May 6.—Yesterday's results were:

First race, seven furlongs—1, Article X, $6.20, $3.60, $2.80; 2, Lurman, $4.40, $3.60; 3, Malvern, $3.40. Time, 1.31 1-5.

Second race, four and noe-half furlongs—1, Come Along, $6.40, $4, $4; 2 Coombs, $3.20, $3; 3, Dangerous Dan, $5.40. Time, 1.02.

Third race, five and one-half furlongs—1, John Hosher, $10.40, $4.40 $3.60; 2, Tanson, $3.80, $3; 3, Smart Horse, $4.40. Time, 1.09 3-5.

Fourth race, three furlongs—1, Fire Lad, $7.60, $3.60, $3; 2, Frustrum, $3, $2.80; 3, Bud Fisher, $3.80. Time, .38 4-5.

Fifth race, five and one-half furlongs—1, Canny Lady, $7, $4.40, $3.60; 2, Bally New, $4.60, $3.60; 3, Kinetic, $4. Time, 1.09 2-5.

Sixth race, five furlongs—1, Senor Marine, $13.80, $4.40, $3.80; 2, Hyack, $3.20, $2.80; 3, Faithful Girl, $3.60. Time, 1.01 4-5.

Seventh race, five furlongs — 1, Buck Garrett, $7, $3.20, $2.60; 2, Waikiki, $4.80, $3.40; 3, Shasta Graney, $4.60. Time, 1.01 3-5.

Eighth race, seven furlongs—1, Perriehow, $4.60, $2.80, $2.40; 2, Marie Pierre, $3.80, $2.60; 3, Frank Gallot, $3.20. Time, 1.20.

New York, May 6.—H. P. Whitney's filly, Pandora, candidate for the Preakness next Monday, scored in the $5,000 feature at Pimlico yesterday after a neck and neck race against Foxcatcher Farm's Fair Star.

Running in third position to Fair Star for the first half of the mile and one-sixteenth event, Pandora moved up to the pace-making position as the field rounded into the home stretch. Fair Star, showing fight, refused to be shaken off and momentarily regained the lead. Nearing the finish, Jockey Abel pushed the Whitney entry to the front again and rode her under the wire to win by a head. Fair Star was second and Signola third. The winner was clocked in 1.48 2-5.

J. Brown's Sunsard, paying 12 to 1 easily captured the $3,350 purse in the Olympic claiming stakes, feature at Jamaica. Jumping into a big lead at the outset, Sunsard led the field all the way to win in 1.13. Sand Hills finished second and the Gnome Girl, the favorite, third.

Cold, cloudy weather kept down the attendance at Aurora, where Rebeck won the mile feature by five lengths over Burnt. Eager was third.

Kempton Park, Eng., May 6.—Lord Derby's Colorado, winner of last year's 2,000 guines and third in the Derby, is one of the possible starters in the Great Jubilee Handicap on Saturday. The entry for the race, which is over a mile and a quarter, totals sixteen. Embargo will be ridden by Steve Donohue as when he won the City and Suburban, and Insight II, J. K. Macober's winner of the Cambridgeshire, will be ridden by Thwaites. These are top weights.

Other possible starters and jockeys in order of weights: Weisadorn, Carslake; Apelle, H. Beasley; Comedy King, J. Childs; Finglas, A. Balding; Sparus, Collins; Bon Grace, Elliott; Silver Lark, G. Richards; Abbott's Speed, Marshall; Law and Order, Caldwall; Laine, Sirett; Polish Patriot, A. Barnes; Port Arthur, ——; Seeno, Wragg.

Curtain Will Drop On Football In English Leagues To-morrow

London, May 6 (Canadian Press Cable)—The Old Country soccer season winds up to-morrow with the only question yet to be decided, that of the identity of the club which will accompany Middlesboro from the Second to the First Division. Manchester City is tied in points with Portsmouth, with Chelsea one point behind and it is the last game of the season which will be the deciding factor in determining the successful team.

Both Portsmouth and Manchester City are playing on their home ground, the former engaging Preston North End and the latter the divisonal tailenders, Bradford City. It is not unlikely that the problem will have to be solved by goal average.

Chelsea's indifferent game in the past month spoiled their chances and it is highly unlikely that they will do better than secure fourth place. Of course, should Portsmouth and Manchester City lose and Chelsea win, then the matter is settled, but the situation is not quite so simple as that.

In the First Division Newcastle United are the champions, and the relegated teams are Leeds United and West Bromwich. Saturday's games are purely routine affairs and nothing is at stake.

BRITISH POLOISTS SPENDING $150,000 TO BEAT U.S. TEAM

New York, May 6. — British polo enthusiasts are spending close to $150,000 this year in an attempt to lift the international polo cup from the United States, an item that explains why these colorful encounters now are separated at least by intervals of three years.

The United States spent $129,000 in 1921 to bring the trophy back from England.

Winnipeg Toilers Lose Second Game Retain Their Title

Windsor Best in Second Game But Finishes Two Points Down on Round

Winnipeg, May 6. — Winnipeg Toilers last night retained possession of Dominion basketball championship when with their margin of four points marked up in Wednesday's game, they defeated the Windsor Collegiate Alumni 21 to 29. In the first game played Wednesday night, the Toilers were the victors, 21 to 17.

Last night's match was a hard struggle throughout but the Collegians had the better of the play though unable to overcome the four-point margin. On the night's play, Windsor won, 19 to 17. The teams were:

Windsor	Position	Winnipeg
Down	rf.	Gayston
Butcher	lf.	Wilson
O'Leary	c	Ferguson
Murray	rg.	Silverthorne
King	lg.	Sinclair
Kenney	sub.	J. Clifford
Shanahan	sub	H. Schendel
Howell	sub.	J. Cummins
——	sub.	W. Thorogood

Six Cricket Teams Will Be In Action To-morrow Afternoon

Three cricket matches will be played to-morrow afternoon, commencing at 2.30 o'clock. The matches will be as follows:

Victoria vs. Garrison, at the Jubilee Hospital.

Five C's vs Cowichan, at Cowichan.

Incogs vs. Albions, at University School, Mt. Tolmie.

The Two C's hold a bye.

These matches should all prove very close. The Incogs won the only match played last week and lead the league standing.

The teams will be:

J. Matson, G. C. Grant, F. Allwood, N. Wilkinson, E. Verrall, J. Wallace, C. E. Straker, F. Saxton-White, A. Booth, H. Bleasdale and Mitchell. Players are asked to be on the ground at 2.15 sharp.

Five C's—Butterworth, Muncy, Hurn, Wilson, Pillar, Pendray, Cox, Atwell, Geddes, Galt and Cann. Any player unable to take part is asked to telephone 1742R.

Two Football Games At Beacon Hill Park For Fans To-morrow

Wests and Thistles Meet in First; Esquimalt and James Island Play in Second

Soccer may be coming to an end to-morrow in England, but there are no indications of it ending in Victoria for a while. In Scotland they finished their football last Saturday, but in the westernmost extremity of the British Empire the boys are going to carry on.

The only difference to-morrow will be that the footballers must take their medicine at Beacon Hill. At the end of April the Lower Island Football Association's hold on the Royal Athletic Park came to an end and the amateur baseballers walked in.

A double-header will be staged at Beacon Hill to-morrow afternoon with the Saanich Thistles and the Victoria Wests performing in the first game. The kick-off will be at 2.15 o'clock. Oliver will referee.

At 4 o'clock the second game will be held, with Esquimalt and James Island staging the party. McMillan will referee.

The juvenile and junior leagues also have some games scheduled.

THE TEAMS

Some of the teams for to-morrow will be as follows:

Esquimalt Seniors—Bridges; Joe Watt and Decosta; Hosmer, Speirs and Ward; Stewart, John Watt, Burnett, Warren and Wagland.

Saanich Thistles—Hetherington; Harper and Crowe; Millar, Kelman and Crowe; Campbell, King, Burnes, Minnis, Ewing, Price and Sneddon.

The Esquimalt juvenile line-up will be as follows: De Costa, Warner, Anderson, Collins, Wallace, McLean, Wright, W. Stewart, A. Stewart, Brien, Evens. Reserves, Marsh, Watt.

DRAW FOR OPENING ROUND OF COLWOOD MEN'S TITLE OUT

The draw for the first round of the men's championship of the Colwood Golf Club to be played on Sunday at the Colwood Golf Club was released this morning by Walter Parry, secretary of the club. The draw is as follows:

CHAMPIONSHIP FLIGHT

9.40—F. Thomas plays R. L. Pocock.
9.45—Dr. George Halls plays A. D. Straith.
9.50—T. L. Swan plays B. R. Ciceri.
9.55—A. Muir plays H. Lineham.
10.00—P. B. Schwengers plays Dr. Haynes.
10.05—V. C. Martin plays L. D. Rines.
10.10—G. Y. Simpson plays T. H. Leeming.
10.45—T. S. McPherson plays J. Matson.
10.20—E. W. Ismay plays J. H. Richardson.
10.25—C. S. Whiting plays J. H. Stevens.
10.30—J. Graham Graham plays P. Criddle.
10.35—George Straith plays G. M. Terry.
10.40—R. J. Darcus plays C. Denham.
10.45—W. Rasmussen plays J. B. Uniacke.
10.50—C. I. Mackenzie plays H. W. Niven.
10,55—W. W. Hall plays E. C. McQuade.

SECOND FLIGHT

9.00—W. Cathcart plays L. Patrick.
9.05—F. J. Hall plays A. W. Miller.
9.10—H. K. Perry plays J. L. Studholme.
9.15—George Wilkinson plays J. N. Findlay.
9.20—J. L. Mara plays H. A. Hincks.
9.25—F. W. Baylis plays H. P. Hodges.
9.30—Dr. Bryant plays P. C. Abell.
9.35—George Brady plays J. Cumming.

CHAMPION DETHRONED

New York, May 6.—Erwin Rudolph of Cleveland last night was dethroned as world's pocket billiard champion by the veteran Newark, New Jersey, player, Tommy Hueston, 450 to 361, in eighty-one innings.

INTERNATIONAL LEAGUE

Baltimore 5, Buffalo 11.
Reading 10, Rochester 11.
Newark 7, Toronto 6.
Jersey City 5, Syracuse 15.

Hornsby Homes With Two On And Giants Turn Back Brooklyn

Close up on St. Louis Cardinals Who Won With Alexander in the Box

Yankees Set Back on Their Heels by Youngsters; McManus Fools Wise Ones

New York, May 6 — The first inter-sectional skirmish between major league contenders this season put four eastern teams on the defensive in the National League to-day. Hornsby again touched off the big gun yesterday, poling out a home with two runners on base, to clinch the victory for the Giants over Brooklyn. Rogers' circuit smash was the climax of a seventh-inning spurt that upset Jesse Petty after he had blanked his foes for five innings.

To-day the Giants were paired off against the fifth place Chicago Cubs, while Brooklyn took on the league-leading St. Louis Cardinals, who rode to victory over the Pirates, 4-2, behind masterful pitching by Grover Alexander.

The other two melees pit the tail-end Cincinnati Reds against Boston and the Pittsburgh Pirates against Philadelphia.

Second Division teams staged a general uprising yesterday in the American League which sent its eastern clubs westward to-day.

Outstanding in the results was the tagging of Yankee sluggers by Washington's recruit right-hander, Horace Lisenbe, the former Memphis Chick, who cut the Hugmen down with six hits and beat them 6-1. The box score showed the six Yankee errors, but Tony Lazzeri escaped. Tony now has played twenty successive games at second base without making a muff.

Two international passes to Heilmann and Blue in the ninth innings failed to accomplish their purpose for the Chicago White Sox. Free tickets loaded the bases with Detroit players and Marty McManus, picked as the "soft spot" spoiled the party by singling to centre. Gehringer came across with the winning run 3-2.

Ira Flagsteam's pinch home run gave the Boston Red Sox their fourth victory of the season 3-2, at the expense of the Philadelphia Athletics. Flagstead made his drive in the eighth with one man on base. Ty Cobb had a drive over the right field foul line in the eighth inning, and when the umpire called it a foul Ty was ejected from the game.

Chick Fewster, veteran infielder, has been released outright by the Brooklyn Robins to the Jersey City club of the International League.

NATIONAL LEAGUE

At New York—	R.	H.	E.
Brooklyn	1	6	1
New York	4	9	1

Batteries — Petty, Doak and Heinline; Grimes and Hambly.

At Pittsburgh—	R.	H.	E.
St. Louis	4	8	3
Pittsburgh	2	7	2

Batteries—Alexander and Snyder; Aldridge, Morrison and Smith.

AMERICAN LEAGUE

At Washington—	R.	H.	E.
New York	1	6	1
Washington	6	8	1

Batteries—Shocker and Collins; Lisenbe and Ruel.

At Philadelphia—	R.	H.	E.
Boston	3	6	0
Philadelphia	2	9	1

Batteries — Wiltse, Weizer and Hartley; Grove and Perkins.

At Detroit—	R.	H.	E.
Chicago	2	12	0
Detroit	3	10	0

Batteries—Thomas, Cole and McCurdy, Crouse; Whitehall and Woodall.

COAST LEAGUE

Sacramento, May 6.—Sacramento defeated San Francisco here yesterday, 4-3, in twelve hard-fought innings before one of the largest week-day crowds of the season. Rachac and Kunz engaged in a pitchers' battle all the way with both getting better as the game progressed.

At Sacramento—	R.	H.	E.
San Francisco	3	11	2
Sacramento	4	11	2

Batteries — Kunz and Vargas; Stokes, Rachac and Severeid. Twelve innings.

Los Angeles, May 6.—Hollywood with but four hits managed to defeat Portland 3-2 here yesterday. The Stars scored two run off Bill Hughes in the second, when Sheehan hit to centre, which was dropped by Strand, and went for three bases, scoring Frederick and McDowell, followed with a sacrifice fly that brought Sheehan across the plate.

At Los Angeles—	R.	H.	E.
Portland	2	9	1
Hollywood	4	3	1

Batteries — Hughes, French and Yelle; Murphy and Cook.

San Francisco, May 6.—The Missions made it in three straight over Seattle by winning yesterday's game, 4-3. Errors that put men and advanced them around the bases, coupled with timely hitting, brought the San Francisco teams its victory, although the Indians out-hit their rivals by 11 to 6.

At San Francisco—	R.	H.	E.
Seattle	3	1	4
Missions	4	6	0

Batteries — Brett, Martin, Wagner and Borreani, Schmidt; Weinert and Whitney.

Oakland, May 6.—The Oaks took the lead in their series with the Angels scoring a 4-0 win yesterday. Arthur Delaney held the Angels to one lone hit. The hit was made in the ninth inning by Dick Cox after two balls and two strikes were called on the batter. It was just out of Reece's reach.

At Oakland—	R.	H.	E.
Los Angeles	0	1	3
Oakland	4	10	0

Batteries—Weatherby and Sandberg, Hannah; Delaney and Baker.

No Wine at State Events in City of Canberra

Melbourne, Australia, May 6.—No alcoholic refreshments are to be provided at the official luncheon Monday when the Duke and Duchess of York will open the Parliament Buildings in the new Australian Commonwealth capital, Canberra.

Premier Bruce made this announcement to-day, saying the same ruling would apply to all other official functions while the present prohibition legislation was effective in the Canberra area.

JUNIOR CHAMBER HEARS OF RATES

C. P. W. Schwengers Addresses Members; Committee Reports on Saanich Ferry

"Freight rates are important to the man on the street; they are important to the business houses, and they are still more important to the community as a whole," declared C. P. W. Schwengers, president of the Victoria Chamber of Commerce, in his address last night before the junior chamber.

Mr. Chwengers did not express his own personal views on freight rates, but gave an instructive address in which he outlined the freight rates problem as it now exists in Canada.

The speaker told of the great fight Victoria had staged during the last twenty years to obtain equalization of freight rates.

Mr. Schwengers also dealt with freight tariffs and the little that is known about such by many business houses. Tariffs that will be agreeable to the whole of Canada will only be obtained after many consultations and conferences, and this will not come in the time of the present generation, the speaker added.

At the conclusion of his speech Mr. Schwengers was extended a hearty vote of thanks, proposed by W. T. Straith.

FERRY QUESTION

After a thorough investigation of the question the committee of the junior body looking into the question of a ferry between the Saanich Peninsula and Salt Spring Island submitted their report last night.

It was stated in the report that an investment of from about $40,000 to $50,000 would be required to establish a ferry that would be suitable for motor cars, freight and passenger service. It was estimated the wharves alone would cost between $8,000 and $10,000.

The following recommendations were made by the committee to the Board of Directors:

1. The committee wish to recommend to the directors of the Junior Chamber of Commerce that the matter be placed before the membership at the next general meeting for the purpose of getting further opinions on the question.

2. That the Junior Chamber take up the matter with a view of co-operation with the Salt Spring Island Development League, and if necessary send a representative to Salt Spring Island to study the question from that point.

3. That the directors get in touch with the Provincial Government and the Federal Government in regard to subsidy, road repairs and wharf building, as it affects the project.

4. That a committee be appointed to negotiate with any interested parties that may consider the promotion of establishment of such a ferry.

TO ASSIST VONVENTION

After having Cyril Tice outline the plans for the convention of the Canadian Seed Growers' Association in Victoria in June, the Junior Chamber went on record as willing to lend every assistance in order to make the conference a success.

To take the place vacated by J. T. Hodge, through his leaving for Seattle, Charles E. Brown was elected to the Board of Directors.

ACTIVITIES

Archie Muir, president of the Junior Chamber, presented a report giving the activities of the organization for the last month. The report is as follows:

"The last general meeting of the members of the Junior Chamber of Commerce was held on Thursday, April 7, in the form of a get-together supper, to which an invitation to the Senior Chamber of Commerce was extended. This function was attended by 149 chamber members, and was very favorably commented upon. The excellent entertainment programme for the occasion was arranged through the combined efforts of W. N. Kennedy, D. P. Cameron and George Pauline, while the invitations were prepared under the direction of G. A. A. Hebden and T. W. Cox.

"Your Board of Directors, acting in conjunction with officials of the Employment Service of Canada, endorsed the holding of Clean-up and Paint-up Week on your behalf. A publicity committee was appointed and approximately thirty columns of publicity was secured, in addition to which stereoscopic slides advocating the campaign was supplied to various leading theatres, and projected on the screen throughout the entire week. In this particular connection, it is reported that 791 fire permits were issued, many odd jobs were created for unemployed, and repairs to buildings, fences, etc., were effected.

"On behalf of your membership, the directors made every possible effort to insure the passage of the by-law which resulted in the provision of new club quarters for the James Bay Athletic Association, the pioneer athletic organization of Victoria. This resulted in the triple accomplishment of bettering the operating conditions of the J.B.A.A., the creation of additional space for the berthing of steamers in the Inner Harbor, and a step towards the improved appearance of the waterfront.

VIALOTION OF CUSTOMS REGULATIONS

"We were requested by the young men's section of the Greater Winnipeg Board of Trade to endorse a resolution which had been adopted by that organization and which was being forwarded to Ottawa. This resolution called for the immediate imprisonment of all individuals found guilty of disregarding the customs regulations of Canada, as the outcome of the investigations being carried out by the Royal Commission recently appointed by the Dominion Government. Your Board of Directors did not see fit to endorse this resolution, it being felt that the Department of Justice would mete out punishment according to the powers which it possessed, and that the Junior Chamber of Commerce of Victoria would be acting in rather a high-handed manner in appearance in any way dictatorial to either the Department of Justice or the Royal Commission, which latter body functions more or less in the capacity of a court judge.

"Representatives appointed from your membership have been attending various meetings which have been called by the following bodies:

"1. Pro Patria branch of the Canadian Legion, to study proposals for the care of destitute returned soldiers.

"2. Citizens' committee which co-operated with Seattle in celebrating the 135th anniversary of the arrival of Capt. George Vancouver on Puget Sound waters, in the interests of advertising the shipping possibilities of Puget Sound.

"3. 1927 Home Products Exhibition committee.

"4. Business men's delegation which conferred with the Provincial Government relative to the surfacing the road leading to Butchart's Gardens.

"5. Native Plant Garden committee which has already commenced the creation of a botanical garden in Beacon Hill Park.

"In the interests of continuity between the Senior Chamber and the Junior Chamber, arrangements have been satisfactorily made for three delegates of the Junior Chamber of Commerce, in addition to the president, to attend the regular weekly meetings of the Senior Board of Directors. This will eliminate the possibilities of overlapping in activities and tend to maintain the spirit of co-operation between senior and junior members.

"On the evening of April 28, a large party of our members visited the annual Home Products Exhibition in a body, and were officially received by the committee in charge. A tour of the various individual exhibits was then made, and our delegation was afterwards introduced to the several manufacturers, and to an audience of about 2,000 of the general public, at which the introduction was responded to by your president, vice-president and chairman of the industrial committee.

COMMITTEES

"The following committees have recently been formed, some of which are already functioning along very practical lines: Agriculture, industrial, tourist trade, transportation, retailers, wholesalers, manufacturers, sports, membership, optimism, intermunicipal and Salt Spring Island ferry project.

"Much credit is due the committee appointed to investigate the possibilities of establishing a ferry service between the Saanich Peninsula and Salt Spring Island. This committee has been exceptionally active and a complete report of their findings in this connection will be revealed to you at to-night's meeting.

"Your membership committee has also been functioning in a most commendable manner, and it is indeed gratifying for me to be able to officially state that the membership of the Junior Chamber of Commerce is now 100 strong.

"In closing, I wish to inform you that your Board of Directors have convened regular and well-attended weekly meetings, at many of which several of your appointed committees have been called into conference."

I wear them—they're the *best* values I know!

A surprising number of shrewd, successful business men, who can afford to pay much more than $27, wear Tip Top Clothes.

They know the worth of their money and they know just what great clothes value $27 will buy at Tip Top Tailors.

Tip Top Clothes are all tailored to individual measure—all one price. Hundreds of smart, new imported woolens are offered for your selection. See them now. Save money and get better clothes—made to your measure.

Colman's Delicious Recipes for MAY

As Spring gives way to early Summer, every housewife gives thought to lighter diet—more salads, fresh vegetables, croquettes, sandwiches, fish and cold meats.

The following specialties for May suggest a dainty wholesomeness which will restore the spring-jaded appetite. And, every one of them contains that delectable savour which only Colman's Mustard can inspire. Clip these recipes for future reference.

SALMAGUNDI SANDWICHES

To half a cup of thick mayonnaise, made with Colman's Mustard, add 2 tablespoonfuls whipped cream, a dessertspoonful grated horseradish, and 2 of finely chopped cucumbers. Spread the bread with this mixture, then a layer of finely chopped rare beef, cover with more salad dressing and the top slice of bread.

SANDWICHES MADE WITH LEFT OVER MEATS

Put the meat in a chopper, add salt and pepper, and mix well. To 5 tablespoonfuls of this meat add the following preparation: 1 teaspoonful Colman's Mustard mixed in 2 tablespoonfuls of cream and mix in the meat. Spread the mixture between buttered bread. This makes delicious sandwiches for Summer suppers. Ham sandwiches prepared this way are also very appetizing.

FRENCH EGG SALAD

Boil 4 or 5 eggs until hard. Let cool, then cut whites of eggs in thin slices. Now take yolks and make dressing as follows: 3 tablespoons olive oil; 2 tablespoons vinegar, a pinch of salt and pepper; 2 teaspoons Colman's Mustard; a little chopped onion if liked. Beat yolks of eggs, olive oil and mustard to a cream; then add salt, pepper and vinegar, mix with the whites and serve.

CRUMBED HAM AND POTATO

One cup chopped, cooked ham, 2½ cups mashed potatoes, 1 tablespoon shortening, ½ cup breadcrumbs, 1 teaspoon minced parsley, 1 teaspoon minced onion, ½ teaspoon Colman's mustard (made into paste with water), ½ cup hot milk.

Mash the potatoes with the shortening and milk until light and smooth. Add ham and seasonings. Grease baking dish, sprinkle in part of the crumbs. Put in ham and potatoes, sprinkle top with rest of crumbs and bake until top is well browned.

COLD SALMON LOAF

1 package powdered gelatine, 2 tablespoonfuls cold water. The yolks of 2 eggs, 2 teaspoonfuls salt. 1 teaspoonful Colman's Mustard. A few grains cayenne pepper, 1½ tablespoonfuls melted butter, ¾ cup of milk, 2 tablespoonfuls vinegar, 1 can salmon.

Soak the gelatine in cold water for five minutes. Mix the yolks, beaten light, with the salt, mustard and pepper; add the milk, butter and vinegar; pour into a double boiler, stirring constantly until the whole thickens, then add the soaked gelatine and the salmon previously reduced to flakes. Place into a mould and let cool. Turn on a dish dressed with fresh lettuce. Serve with a mayonnaise made with Colman's Mustard.

Colman's Mustard aids digestion

Closing Events at University of B.C.

Vancouver, May 6.—Members of the graduating class of the University of British Columbia to-day will hold the first of the series of exercises connected with the close of the University year and their association with the institution, the tree planting ceremony. At 2 p.m. members of the graduating classes in arts, science and agriculture assemble at the administration building and proceed in a body to the place where stands a row of trees planted by preceding graduating classes.

After a few words by President L. S. Klinck on the symbolism of the occasion, Jack Berry and Miss Margaret Kellor will speak in behalf of the class.

Each member of the class will put a shovelful of earth around the root of the young tree, which is to be a living memorial of the class of 1927.

To-morrow the graduating class will have its picnic at Wigwam Inn and on Monday the annual class day exercises will be held.

$650,000 in Cash Not Enough For Mrs. C. Chaplin

Los Angeles, May 6.—Efforts to effect a property settlement in Lita Grey Chaplin's suit for divorce from Charles Chaplin apparently were blocked to-day as attorneys for the screen comedian refused to consider a noffer to settle on a cash basis of $650,000 and a percentage of the receipts of two of Charlie's films.

Tourists in East Respond to B.C. Call

Vancouver, May 5—Splendid results are anticipated from Eastern Canadian advertising for tourists and settlers, states C. H. Webster, manager of the Greater Vancouver Publicity Bureau.

More than 100 replies already have been received as a result of invitations extended in advertisements for Eastern Canadians to write to the bureau for information about British Columbia.

Extensive advertising is being undertaken throughout Ontario, Quebec and the Maritimes. It is hoped to attract many tourists to British Columbia from Eastern Canada this Summer.

The Vancouver and Victoria publicity bodies and the Provincial Government are co-operating in the advertising campaign.

Twenty-five daily papers and seventy-five weeklies are being used, advertisements inserted being large enough to dominate the pages. The campaign will continue into mid-July.

LATE SEASON MAKES FRUIT MEN WORRY

Vancouver, May 5.—Lateness of the season is beginning to cause uneasiness among fruit and vegetable packers.

It is pointed out that last year they began packing gooseberries in the first week in June, and continued immediately afterwards with cherries and then strawberries.

This season, with nearly a week of May gone, there is practcally no progress being made in the development of the fruits. Little growth has taken place inside the past month, and even though warm weather were to come immediately, the ripe crop will not be available till towards the end of June.

The lateness of the vegetable crop is being viewed with the same concern, and fears of low yield.

BAYER

Genuine **ASPIRIN**

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe — Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets
Also bottles of 24 and 100—Druggists.

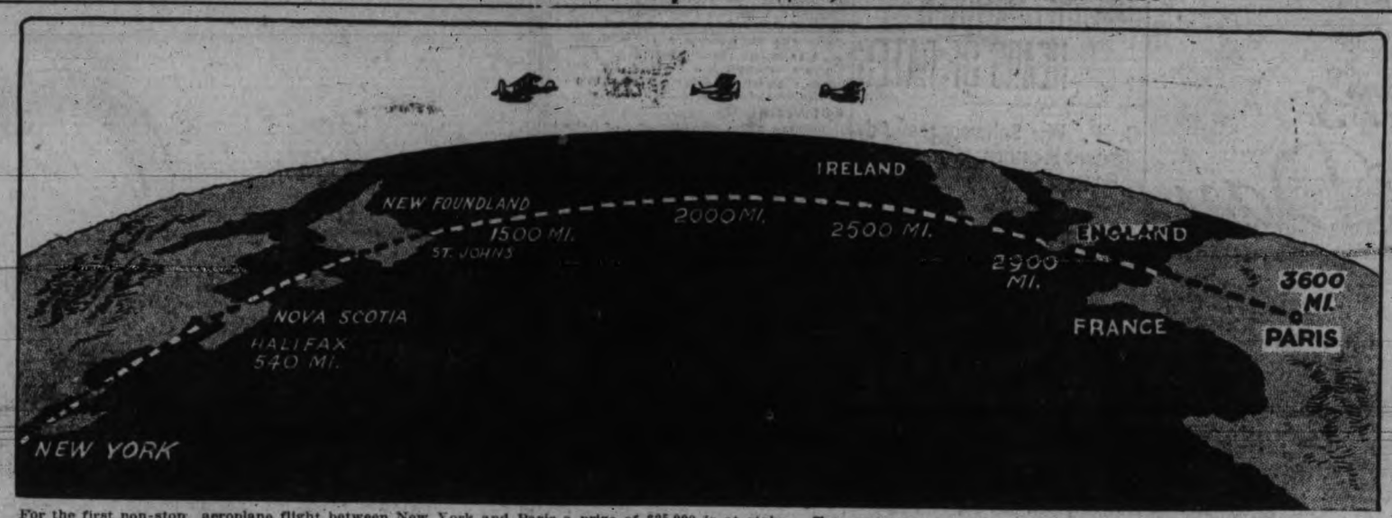
Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

for Sandwiches

Goody! They're "Squirrel" Brand! Not only for the hungry youngsters, but the formal or semi-formal occasion as well. The quality and purity is there—because none but the finest peanuts are used—and kept fresh and safe in the attractive "Squirrel" pail container. You are *sure* when you buy *protected* pure food.

"SQUIRREL" BRAND Peanut Butter

Route of Planes Which Will Compete For $25,000 New York-Paris Prize



For the first non-stop aeroplane flight between New York and Paris a prize of $25,000 is at stake. Two crews are preparing to attempt to cross from the United States side, and two are preparing to start from Paris for New York. The drawing above indicates the sky route the voyagers hope to follow. The 3,600-mile course, skirting Nova Scotia, Newfoundland, Ireland and England, is 200 miles shorter than would be a direct flight from New York to Paris — or Paris to New York — this because the route shown takes advantage of lesser curvature in the earth's surface. Latest news from Le Bourget Field in France indicated the plane piloted by Captain Charles Nungesser and Major Coli might be the first to make a start. It was said the Nungesser plane might get away not later than next Monday. The $25,000 prize has been offered by Raymond Orteig of New York.

WOMEN ARE BANNED AFTER CLUB FRACAS

Bridge "Post-mortem" Leads to Decree at Budapest

Budapest, May 6. — Until women can play bridge without losing their tempers, they've got to stay out of Budapest card clubs, declares the Minister of the Interior in a decree.

The degree was prompted by a more or less free-for-all fight in which the wife of a state official and an actress pulled hair and exchanged blows over an error in the reckoning of a bridge score.

Women, the minister asserted, are more zealous gamblers than men, and are less able to restrain their fighting instincts when vexed over a card game. He aims eventually to stamp out all the clubs in Budapest and there are many hundreds of them, in which gambling is the main object.

Reasonable games with reasonable stakes will not be menaced, he declares, but ruinous gambling will be rigorously prevented.

Meanwhile women are definitely prohibited from entering card clubs of any sort.

Machine Gunners Are Entertained

Spend "A Night in Flanders" At Function in Armories.

Members of the 11th Machine Gun Battalion and their friends were entertained at a function at the Armories last night and styled the affair, "A Night in Flanders." The men's messroom was fitted out in a fashion to resemble one of the old trenches of the line, with a dugout lighted by candles only at one end of the room.

At 9 o'clock rations were served to those present, and for the rest of the evening a programme of varied and interesting entertainment featured the proceedings.

Estate Agent: "You think, perhaps, that the climate would disagree with your wife?"

House-hunter: "It wouldn't dare!"

FRIEDA HEMPEL SUES HER FORMER FIANCEE

Wants $1,000,000 From Aged Financier on Pre-marital Contract

New York, May 6.—August Heckscher, seventy-nine-year-old financier and philanthropist, is being sued for an amount estimated at $1,000,000 or more by Frieda Hempel, internationally noted German opera singer, more than thirty years his junior, on the basis of a pre-marital contract, it was revealed yesterday.

From arguments submitted to the supreme court, it was indicated that the alleged contract stipulated that the aged millionaire, whose engagement to Miss Hempel has been rumored in America and Europe since last year, was to give the singer $48,000 annually for the rest of her life.

The suit was disclosed when Mr. Heckscher's attorney moved to-day to obtain a new complaint from Miss Hempel. The only information obtained was taken from the arguments on the motion. Attorneys for both sides refused to discuss the action.

Neither Mr. Heckscher nor Miss Hempel ever have made definite denials when asked about the reports, originating in Europe, that they were engaged.

Miss Hempel last year in Paris was divorced from William B. Kahn, New York banker, to whom she was married, June 8, 1918. Mr. Heckscher has been a widower for four years.

Since coming to this country as an immigrant from Hamburg, Germany, he has built up a large fortune in metals, utilities and banking. Of late years, he has confined his business interests principally to New York real estate, having become one of the largest property owners in the city.

Miss Hempel was born in Leipsig, Germany, June 26, 1885. She appeared in grand opera in various European capitals and was at one time one of the five imperial German court singers. From 1907 to 1912, she was the principal coloratura soprano of the Berlin opera. Since 1912 she has been starred with the Metropolitan Opera Company.

"ORGANIZED" COWS DOUBLE AVERAGE

Peoria, Ill., May 6.—With good feed and care, the 555 dairy cows owned by the twenty-six members of the Peoria County Dairy Herd Improvement Association last year produced twice as much milk as the state average.

The average milk production for each of these cows was 7,839 pounds, while the best herd in the association made an average of 12,071 pounds, and 424.1 pounds butterfat.

The highest producing cow was a high-grade Holstein owned by William Sipp. She gave 21,081 pounds of milk and 684.2 pounds of fat, with a return of $247.86 above feed costs.

Science Proves Meat Is an Excellent Food

By DR. MORRIS FISHBEIN

A vegetarian has the peculiar notion that animal foods are harmful to the human body, disregarding the fact that animal foods have been the diet of man since the earliest times, and is regarding also that which chemistry, physiology and anatomy have shown relative to the nature of the human body.

As pointed out by Dr. Jesse F. Williams, if one is consistent in his vegetarianism, he will have to live on air alone, for even plants have life and derive much of their life from living organisms.

BREAK THEIR OWN RULE

The vegetarians are not intellectually honest, since they use eggs, milk and cheese to supplement their vegetarian diet of nuts, cereals and vegetables.

Attacks have been made repeatedly on the use of meat on the ground of its possible harmfulness because of bacteria that it may contain, because of possible difficulties of digestion, and for other equally unsatisfactory reasons. Meat inspection serves largely to rule out such samples as are unfit for food.

Proper cooking will destroy bacteria, and will dispose of parasites like the trichinae which are occasionally present in spoiled pork.

The most recent investigations indicate that meat is valuable not only for its iron content, but also for its content of vitamins having relation to the absorption of iron by the body.

THE BACK-TO-NATURE DIET

Another group of food faddists urge the eating of raw food only. Cooking of vegetables in large quantities of water tends to extract from them important salts. Meat may be boiled to absolute fibre so that the soup made from it contains almost everything that is worth while.

Sometimes certain vitamins are destroyed by overheating, but in general food requires cooking to make it palatable and to destroy contaminating bacteria.

There is not the slightest justification for the raw food fad. Some of the grasses and leafy vegetables, such as spinach, watercress, lettuce and parsley, have an important place in the human diet, but man was not made to live upon grass alone any more than on meat alone. A well-balanced diet containing some of all the different food substances that are available to man is the best diet for him.

Dr. Inkster's Mother Dies at Old Home

Dr. John Gibson Inkster, former pastor of the First Presbyterian Church here and now pastor of Knox Presbyterian Church, Toronto, has just received word of the death of his mother, Mrs. William Inkster, who passed away at her home, Island of Rousay, Orkney Islands, in her ninety-third year.

The late Mrs. Inkster belonged to one of the oldest Orkney families. Her people came originally from Fifeshire and were known as the Gibsons of Langskail. She is the last of her family, having outlived all others by many years. There were six daughters and two sons in her family. She raised ten children, nine sons and one daughter.

Seven children are still living. William, the eldest, was fire marshal of Aberdeen for thirty-five years; David is on a farm in Orkney; Mary and Robert are unmarried, and are living on the old homestead which formed part of the estate of Saviskal.

This estate belonged to the Inksters, who sold it out about 100 years ago. It is now the property of Robert and Mary. Other sons are Hugh, an accountant of Glasgow; James, who represents a hail insurance company in Manitoba, and Rev. Dr. Inkster.

ALWAYS NEAR HOME

Mrs. Inkster was never more than twelve miles away from the Island where she was born and raised. She was a woman of rigid integrity, stern discipline, and a humble believer with profound faith in prayer. Her favorite text was "Lean not upon thine own understanding, but in all thy ways acknowledge thou Me and I will guide and direct thy footsteps."

She had the great satisfaction of seeing every one of her children members in full communion of the Presbyterian Church. One of them was a deacon there were two elders and one a minister. She was predeceased by her husband twenty-three years ago.

MENUS FOR THE FAMILY

By SISTER MARY

Breakfast — Baked apples, cereal, cream, baked eggs, crisp toast, marmalade, milk, coffee.

Luncheon—Steamed macaroni and cheese pudding, lettuce sandwiches, fresh strawberry pudding, milk, tea.

Dinner — Roast beef, browned potatoes, horse-radish cream, steamed endive with bacon dressing, stuffed prune salad, cocoanut cream pie, milk, coffee.

When strawberries are not plentiful, dessert with the strawberry flavor are acceptable. Strawberries are just tart enough to "pep up" jaded Spring appetites. The pudding planned for the luncheon menu is light but nourishing and is suitable for small children. It makes a perfect finish for the macaroni and cheese pudding.

She became so alarmed at her increasing weight that she went to see her doctor.

"Madam," he said, "all you want is regular exercise. Just push yourself away from the table three times regularly everyday."

Wilshire's I-ON-A-CO

All Over — Two Nations — AUTHORIZED I-ON-A-CO CLINIC

Everywhere—

Bringing Health and Happiness to THOUSANDS!

Seldom is it ever given to man to unfold the secrets of nature for the benefit of humanity to such a remarkable degree as has already been done by the internationally famous new discovery—I-ON-A-CO—now open to sufferers everywhere through the medium of authorized I-ON-A-CO clinics established throughout the United States and Canada.

Scores of Diseases Mastered—

The widespread results of this magnetic, toxic-oxidizing threapeutic wonder have perhaps never been equalled. Its record of results covers THOUSANDS of cases—and SCORES of different ailments. Many remarkable cases right in this city—the proofs are here for your investigation.

Free Treatment—

Now offered in every I-ON-A-CO Clinic. Sufferers from diseases that have failed to respond to other treatments are especially invited to take advantage of these delightful, easy treatments—FREE—positively without obligation.

Universal Service—

I-ON-A-CO patients are entitled to all privileges of service and attention alike in every I-ON-A-CO clinic in Canada and the United States.

Come in To-day for FREE TREATMENT

Miss Jessie Mackenzie and Miss Nellie Jones, both long experienced in matters pertaining to the physical welfare of humanity, are in attendance in our Government Street offices, and have charge of the demonstrating department, where you may rest assured of the most skilful and careful attention.

LAILA

A Tale of the Days of Christ, by John Newport

(Copyright, 1926, by Eugene MacLean)

Antonius looked at the stranger inquiringly. Omar continued, in explanation: "We told the guard at the village border that we were bearing our dead brother to a holy burial ground. They inspected him, and gave me a permit to bear him through Jezreel. And we got permission to stop here at the inn—for prayer!" He laughed.

At a curt signal, his men unwrapped the body that they had brought, and leaving the winding sheet upon the ground, hoisted the dead man into the recess from which Antonius and Aaron had come.

Then, hastily, they wraped Antonius in the linen folds, covering his head and feet with extra wrappings.

"My helmet and shield are in Laila's house," the soldier said, his voice muffled by the wrappings.

"We'll get them as we go by," said Omar.

He turned to Aaron. "You will take the place of one of the bearers, if you desire to escape."

The old man bowed silently. Divesting himself of his coarse woolen robe, and worn and faded tunic, he put on the black garments that Omar's follower wore. The latter slipped Aaron's discarded vestments, and leaped up, catching the roof-pole and swung himself into the hiding place beside the dead man.

"Ready!" Omar said.

Aaron pulled the mantle over his head, so it all but concealed his face. Then he picked up one end of the stretcher on which Antonius lay. Omar's remaining follower picked up the other, and the little procession moved into the street.

The guard at the door paid no attention as they left. He had seen the seal of his commander on their pass, and was indifferent. At the edge of the village, just before they reached Laila's abandoned dwelling, they were stopped, while an under-officer who could read, scanned the characters on the bit of parchment that Omar presented to him. He bowed low before the glittering stranger, and permitted them to go.

Omar himself collected Antonius's military belongings from the house, and followed after, as the little procession turned sharly to the left, and wound its way up the hill toward the heights of Gilboa.

An hour passed before Omar would permit Aaron and his fellow to stop and rest.

They sank panting on the ground. The climb had been increasingly steep, and despite the chill wind that blew, they were perspiring heavily.

With many struggles, Antonius managed to uncover his face. A glance about him told where they were.

"I've traveled this road before," he said.

"You shall go farther on it this time," Omar replied.

He was leaning against the trunk of a scrub oak. Antonious noted that he still wore his rich breastplate, and that his silken turban, with its long streamers, was of the hue of the emerald that rested above his forehead.

"As soon as your leg is healed," said Omar. "You will rest in pleasant company—with Maryam and her family." He smiled significantly "When you are once more able to walk, we will leave, in search of high adventure."

By this time Antonius had divested himself of the wrappings that had covered the dead man. "How will your servant escape from the inn?" he inquired.

Omar showed his white teeth. "My servant,' he said, "will join us where we camp to-night."

"But how? They will seize him when he leaves the inn," persisted the soldier.

"He has ways of passing that you know not of," Omar said, still smiling. "And do not ask—until you have been longer in my company. You will learn many things, Antonius, if you remain with me."

The twilight, always brief in Palestine, had turned to darkness. A light snow had sprinkled the topmost peaks of the mountains and the white summits showed dimly against the clouded sky. Antonius shivered.

"Here," said the shepherd rising. He took off the black mantle that the servant had given him, and wrapped it around the soldier.

Picking up the poles at one end of the stretcher, he waited until his fellow-bearer had raised the other end to his shoulders. They set off again, scrambling up the steep slope.

Aaron was in the lead, and asked for no directions. They came to a gully, heavily overgrown with brush. Descending to the bottom of this ravine, Aaron dropped the poles of the stretcher from his shoulders to his knees. Then, crouching, he began making his way through the thick growth. The brambles scratched Antonius's face.

"Give me my shield!" he called.

The bearers halted, and Omar, laughing, came up and delivered to the soldier the curved slab of bull-hide and iron. Antonius laid it over his face, his forearm through the loops inside, and ordered:

"Forward!"

The bearers proceeded, and the soldier, his flesh guarded from scratches, sang contentedly as he was borne along the intricate course the Aaron followed.

The shallow gully had grown into a deep crevasse before they had been under way in it for half an hour. The walls rose high, and when Antonius peeped from under his shield, the opening of the ravine above him showed only a narrow streak of sky. Around was absolute darkness, so black that he could not see Aaron before him, nor Omar's servant in the rear.

There came a scuffling, and the rolling of rocks. The stretcher was swung sharply to the right. Antonius could feel that they were descending a deep declivity. The dim light of the sky disappeared. The air about him was warmer, but damp, smelling of decayed fungus. The "pat, pat" of the bare feet of Aaron and the servant, and the footfalls of Omar echoed faintly.

"This is a cave," Antonius said.

"Oh, most learned soldier, you are right," said Omar, chuckling. "Such a cave as you never saw before—and are not likely to find again."

Antonius reached out his hands on one side, and then on the other. His fingers touched cold rock wall.

Presently he could see a reddish gleam on the roof of the passageway above him. It grew brighter.

Aaron, in the lead, turned a corner, and suddenly they were in a great open cavern, in the centre of which burned a fire. There were figures moving about the blaze. Antonius noted that the smoke rose straight upward, disappearing in crevices of the stone roof.

A woman came toward them, her figure black against the crimson background of the fire.

(To be continued)

BEDTIME STORY

Uncle Wiggily and Jingle's Jumper

(Copyright, 1925, by McClure Newspaper Syndicate).

By HOWARD R. GARIS

"Now it's my turn, Daddicums!" exclaimed Jingle, the little rabbit girl, as Uncle Wiggily hopped out of his bungalow one Friday morning. "It's my turn and I hope you don't mind!"

"Oh, please don't! I can't stand any more! Really I can't!" and the rabbit gentleman held his paws close to his sides and started to run. At the same time he was laughing so hard the tears were rolling down his cheeks. "Please don't!" begged Mr. Longears of his little bunny girl, Jingle.

"Don't what?" asked Jingle in surprise.

"Don't take your turn! Don't tickle me!" pleaded Uncle Wiggily. "I've had all I can stand this morning! First Nurse Jane tickled me and then Baby Bunty and now, as soon as I come out you say it is your turn and—Oh, dear! Whoop!" and Mr. Longears laughed again.

Oh, hello, everybody!" cried Uncle Wiggily.

"Why, Daddicums!" exclaimed Jingle. "I wasn't going to tickle you at all."

"No? What were you going to do then when you said it was your turn?" Mr. Longears wanted to know.

"I meant it was my turn to have you fix some of my toys," went on Jingle. "You mended Scooter's roller skates yesterday and now it's my turn. Only I hope no fox comes to bother you while you're doing it, Daddicums, dear."

"The fox isn't likely to come, he's in jail for a while," said Uncle Wiggily. "But what do you want me to do for you?"

"Fix my jumper, if you please," and Jingle held out a piece of wild grape vine, very much frayed, frazzled and worn in the middle.

"Oh, it's your jumping rope, isn't it?" asked Uncle Wiggily.

"Yes, if you please," answered Jingle. "It got all worn out while you were away visiting Boppy, Um and the Wooglies in their bungle-ump, and I didn't have time to go to the woods and get me a new vine rope."

"I'll do it for you," kindly offered Uncle Wiggily. "You skip along to school, my dear, and let the Lady Mouse Teacher hear how nicely you can say your lessons. When you come home I'll have a new jumper for you, Jingle."

So Jingle skipped along to school where she said her lessons very well. She came running home, all excited and out of breath and as soon as she saw Nurse Jane Fuzzy Wuzzy in the kitchen Jingle cried:

"Did Daddicums make me a new jumper?"

"A new jumper? What in the world are you talking about?" squeaked the muskrat lady housekeeper. "I haven't seen Uncle Wiggily since morning, when he hopped off to have an adventure, I suppose."

"He hopped to the woods to get me a new wild grape vine jumping rope," spoke Jingle. "And—oh, dear! If he hasn't come home it must be that something has happened to him! Perhaps some of the bad chaps have caught him."

"Caught who?" asked Mrs. Longears, who came down stairs after making forty 'leven beds for the little bunny children. "Who's caught?"

"I'm afraid Daddicums is," whispered Jingle. "He went to get me a new jumper and here it is afternoon and he isn't home yet and——"

"Something has happened!" cried Mrs. Longears. "Oh, your poor father! I knew the Fox or Wolf would get him some day!"

"The Fox is in jail since yesterday," said Jingle. "But it may be the Bob Cat or the Bear. Oh, what shall we do?"

"Call Mr. Twistytail, the pig! Get Uncle Butter, the goat!" screamed Mrs. Longears. "They'll go to the woods and search for Wiggy."

"Call the Police Dog, too!" advised Nurse Jane.

Soon a large searching party was on the way to the woods to look for Uncle Wiggily. Every one thought surely the bad chaps had caught him while he was cutting a new grape vine rope for Jingle's jumper.

"But I'll make the bad chaps let him go!" barked the Police Dog.

All of a sudden in the middle of the woods Uncle Wiggily's voice was heard singing: "Swing high! Swing low! Up and up and up I go!"

"That doesn't sound like trouble!" grunted Mr. Twistytail. And a moment later they saw the rabbit sitting in the hanging loop of a wild grape vine swinging to his heart's content.

"Oh, hello, everybody!" cried Uncle Wiggily when he saw the rescue party. "Where's the fire?"

"Fire!" cried his wife. "We came to save you from the bad chaps!"

"Ha! Ha!" laughed Mrs. Longears. "There aren't any bad chaps. I didn't know it was so late. After I cut Jingle's jumper I saw this vine swing so I thought I'd enjoy myself for a time. I don't get much chance to swing."

"Well, the next time I wish you'd send word when you turn childish," said his wife with a smile. "But I'll forgive you."

So everything was all right and Jingle got a new jumper. And if the coffee grinder will play a tune so the boiled egg can have a dance in the salt cellar, I'll tell you next about Uncle Wiggily and Tumble's top.

CARRIED WIFE TO BED

Suffered So She Could Not Walk. Restored to Health by Lydia E. Pinkham's Vegetable Compound

Minesing, Ontario.—"I am a practical nurse and I recommend Lydia E. Pinkham's Vegetable Compound to suffering women. For three months I was almost helpless and could not sit at the table long enough to drink a cup of tea. Many a time my husband carried me to bed, I would be so weak. Then he read in the paper of a woman suffering as I did who got better after taking the Vegetable Compound, so he went and got it for me. When I had taken three bottles I was just like a new woman and have had splendid health ever since. When I feel any bearing-down pains I always take it; sometimes a half bottle or whatever I need. It is my only medicine and I have told many a one about it. Any one wanting to know more about Lydia E. Pinkham's Vegetable Compound, I will gladly write to her. I do all I can to recommend it for I feel I owe my life and strength to it."—Mrs. NEAL BOWSER, R.R. 1, Minesing, Ontario.

Do you feel broken-down, nervous, and weak sometimes? Do you have this horrid feeling of fear which sometimes comes to women when they are not well? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently will relieve this condition. G

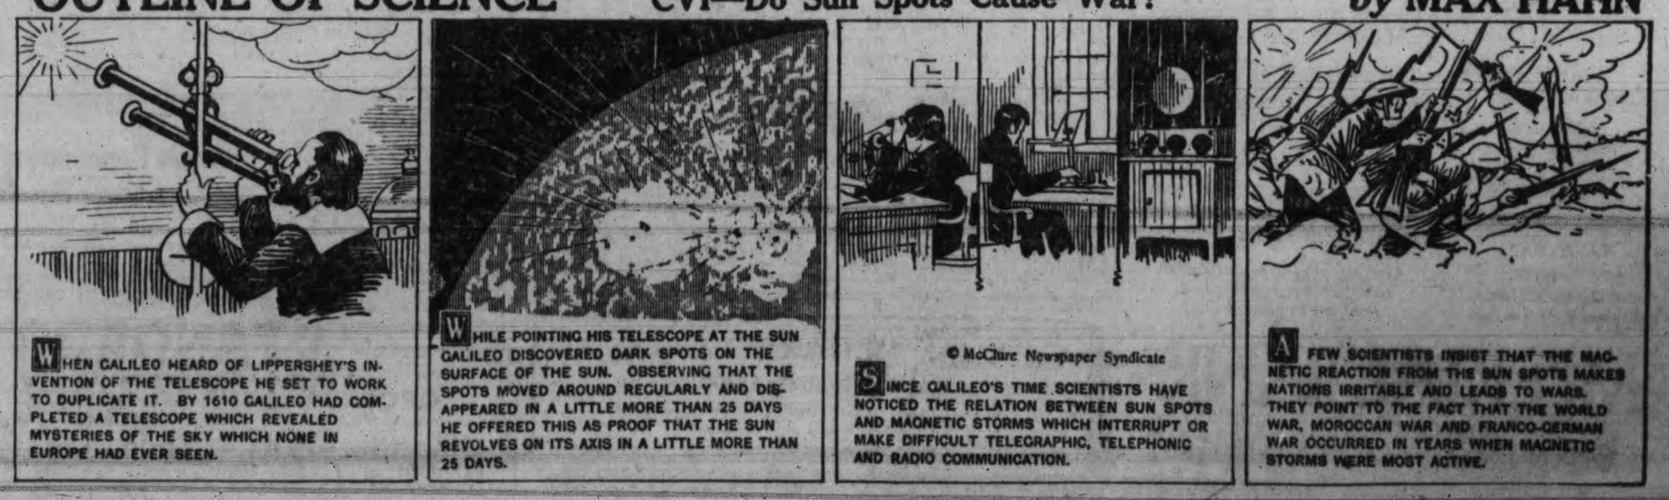
OUTLINE OF SCIENCE

CVI—Do Sun Spots Cause War?

by MAX HAHN



WHEN GALILEO HEARD OF LIPPERSHEY'S INVENTION OF THE TELESCOPE HE SET TO WORK TO DUPLICATE IT. BY 1610 GALILEO HAD COMPLETED A TELESCOPE WHICH REVEALED MYSTERIES OF THE SKY WHICH NONE IN EUROPE HAD EVER SEEN.

WHILE POINTING HIS TELESCOPE AT THE SUN GALILEO DISCOVERED DARK SPOTS ON THE SURFACE OF THE SUN. OBSERVING THAT THE SPOTS MOVED AROUND REGULARLY AND DISAPPEARED IN A LITTLE MORE THAN 25 DAYS HE OFFERED THIS AS PROOF THAT THE SUN REVOLVES ON ITS AXIS IN A LITTLE MORE THAN 25 DAYS.

© McClure Newspaper Syndicate

SINCE GALILEO'S TIME SCIENTISTS HAVE NOTICED THE RELATION BETWEEN SUN SPOTS AND MAGNETIC STORMS WHICH INTERRUPT OR MAKE DIFFICULT TELEGRAPHIC, TELEPHONIC AND RADIO COMMUNICATION.

A FEW SCIENTISTS INSIST THAT THE MAGNETIC REACTION FROM THE SUN SPOTS MAKES NATIONS IRRITABLE AND LEADS TO WARS. THEY POINT TO THE FACT THAT THE WORLD WAR, MOROCCAN WAR AND FRANCO-GERMAN WAR OCCURRED IN YEARS WHEN MAGNETIC STORMS WERE MOST ACTIVE.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, May 6 (by R. P. Clark & Co. Limited).—Mixed movements were featured in the stock market to-day. Buying was featured early in many special issues. C. & O. and Chicago Northwest were the features in rails. Buying of Chicago N.W. was accompanied by talk of a prominent Western road buying into this stock for control, while C. & O. reflected the company's favorable first quarter's earnings.

Oils were fractionally better. Baldwin, General Motors and Steel reflected covering operations and were the leaders of their respective groups. Soft spots were numerous.

U.S. Rubber was offered down on talk that the company's first quarterly earnings were unfavorable while Foundation was affected by talk of an unfavorable dividend announcement at next week's meeting.

In the late afternoon there was evidence of some week-end selling in progress. The news, generally speaking, showed little change. The feature development was probably the Hudson Motor April sales report, which exceeded all previous records. This was reflected in Hudson and some of the other motors.

The improvement in values in the oil section of the list seems to be making a favorable impression on sentiment.

New York, May 6 (By B.C. Bond Corporation's direct Wall Street wire).—The Wall Street Journal's stock market edition this afternoon says:

Stock ran into considerable week-end profit-taking in to-days late trading after further sharp advances had occurred in many sections of the list.

It was evident that reaction which took place in various leaders of the forward movement was a normal technical development, and the market as a whole continued to display undiminished confidence regarding the fundamental soundness of business conditions, and the outlook for sustained case in credit.

Constructive interests gained encouragement from the fact that the standard rails fell in line after displaying a more or less apathetic attitude for the last ten days.

New York, May 6.—The raw sugar market was a little easier in to-day's trading and while spot prices were unchanged at 4.77 for Cuban, duty paid, later shipments were fractionally lower. Sales reported were 6,500 bags of Cuban to a local refiner at 4.77, and 5,500 bags of Cuban to an outsider. Refined sugar was unchanged at 6.00 to 6.20 for fine granulated with only a moderate inquiry.

To-day's Mining Markets

STOCKS RISE

Stocks climbed on both Victoria and Vancouver Exchanges this morning.

Premier gained another point in Vancouver, Dunwell went from 138 to 142 over there and sold at 143 here, Coast Copper was stronger, Porter-Idaho climbed to new high for some time of 17½. Gladstone, Richmond and Goldsmith gained, while L. and L. Glacier on sales of over 6,000 shot up to a new high of 12.

Rufus sold at 10 on the Victoria Exchange for the first time this morning, which seems to confirm the unofficial intimations from the Rufus office here that the stock put out on the basis of ten to shareholders had been taken up.

TO-DAY'S GRAIN MARKET

Winnipeg, May 6.—The most erratic session in many months on the Winnipeg Grain Exchange ended to-day with prices unchanged to ⅛ lower.

Shortly after the opening, May boosted its gain 1⅝ to 154⅝ and ten minutes later values slumped abruptly with losses on the dip 2⅛c. below the high point.

Nervousness prevailed, throughout the day and prices were easily influenced.

The volume of business done was moderate, operations chiefly being of a profit-taking nature.

On the coarse grain markets, flax underwent a three-cent decline, while oats and barley held firm.

On the bulge to-day May wheat reflected an advance of 14⅝ since bullish sentiment seized the market on April 10.

	Open	High	Low	Close

Rye—2 C.W., 109¼.

Chicago, May 6 (By B.C. Bond Corporation's direct pit wire)—Wheat: Sentiment amongst the wheat traders was less bullish as the result of the prospect of legislation of the board and the strength which has been in evidence of late was absent. There were further rains in the American northwest with the forecast for fair and warmer.

A weakened technical position was disclosed when longs started to sell and support was lacking until buying developed against bids but wheat maintained a rather heavy undertone to the last with weakness on the Winnipeg market a factor, the latter market breaking sharply.

New York, May 6.—Whitney to-day says: "In my opinion the trend of the stock market remains unchanged and subject to the usual normal reactions, which are largely intra-day affairs, the market will continue its advance.

"It is noticeable that such issues as Mack, Hudson and Marine pfd., which ran into reactions last week, are resuming the advance.

"Buy some Pennock and Ford now that it has emerged from the accumulation zone. Hold Colorado Fuel and Iron. I expect Consolidated Textile to go through to a new high. Get out of Foundation Company if you are long of it as I expect the dividend will be either cut or passed next week."

BULL POOL BUSY IN NICKEL STOCK

New York, May 6 (By B.C. Bond direct Wall Street wire)—A big pool has been operating in International Nickel for some time past and this accounts largely for its activity and strength, although underground developments have added largely to its property value.

WOOL MARKET FIRM

London, May 6.—At the wool sales to-day 9,330 bales were offered, of which 8,000 were sold. There was better competition and the market displayed a steady tone generally at unchanged prices.

CREDIT MAN ELECTED

Winnipeg, May 6 (By Canadian Press)—W. E. Davidson of Winnipeg was elected president of the Manitoba division, Canadian Credit Men's Trust Association Limited at the annual meeting here to-day.

CANADIAN FARMER BIGGEST FACTOR IN WHEAT PRICES

Kansas City, Mo., May 5.—Direct farmer control of world grain markets through co-operative selling organizations with resultant curtailment of speculation, was advocated by C. H. Burnell, president of the Manitoba Wheat Pool, at the opening session of the second international wheat pool conference here to-day.

Substitution of international co-operation for international competition in agriculture could be obtained, in the opinion of Burnell, chairman of the conference, with a system similar to that used for three years by Canadian growers.

"Governments can help agriculture, but in the last analysis the farmer must attend to his own business," he declared. "The farmer should be too good a business man and too proud a citizen to ask others to help him when he has an excellent opportunity to help himself."

He explained that Canadian farmers had a big influence on wheat prices because the Dominion produced about 40 per cent of the world's exportable surplus. Three years' experience in the Canadian pool indicated, he said, that the price of wheat can be stabilized at a level which will be profitable to the producer.

Burnell quoted figures to show that any gain in the price of wheat made by a farmers' agency does not necessarily advance the cost of bread to consumers. He found that in 1925, when wheat prices fluctuated 81½ cents a bushel, the wholesale price of bread in Winnipeg was unchanged.

This, he declared, showed that the pools were not monopolies, but held a gain for all concerned including the consumer, in that they do away with speculation.

PREMIER HOLDERS WELL PROTECTED

Vancouver, May 6 — Slump in Premier on the stock exchanges is not easy to understand if the position of the company alone is taken into consideration.

But considering that a Montreal financial paper announced to the world that Premier did not earn its dividends last year the selling orders, most of which have originated in Montreal and Toronto, are not so much of a mystery.

Premier has been paying about fourteen per cent. on the investment at the price level prior to the recent drop. There is a very substantial ore reserve, broken and blocked out, down to the fifth level, valued at somewhat less than $12,000,000. No further big expenditures are necessary. Premier's earning powers for years to come seems assured.

What about dividends?

"The situation is well summed up by the comment of a local broker:

"In the 1926 report dealt with by the Montreal newspaper Premier's policy of protecting its shareholders is not taken into consideration and the result is the erroneous conviction that Premier is not earning its dividend.

"The truth of the matter is that the 1926 report showed $1,020,572 written off for depletion. But ore reserves are greater than ever before and although the $1,020,572 is written off it is nevertheless available for dividends. Under the taxation law the amount is considered a return of capital, thus reducing the income tax on dividends."

Premier may not come back with a rush but the return on investment, if dividends are maintained as may be expected, will be out of proportion with the present low price.

Grain Commission Chairman Re-elected

Ottawa, May 5.—Leslie Boyd, for the last ten years chairman of the Dominion Grain Commission, and whose term of office has expired, has by Order-in-Council been reappointed to the position.

Suggestions for Exchanging 5% and 5½% WAR LOANS

Quebec Power Stages Wild Market Moves

Montreal, May 6 (By B.C. Bond direct wire)—Apprehension concerning inordinate buoyancy recently in some Montreal stocks, particularly Quebec Power and associated companies, found expression in Thursday's market when it broke 24 points, and after a day of striking fluctuations finally wound up with a rally to 300.

St. Maurice Power, which scored a big gain at 150, broke ten points and rallied five, while Shawinigan, which was the headliner in point of activity, broke from 90 to 87 and closed at 88.

Exceptional strength in Wall Street was the source of considerable courage to local traders. Brazil was again among the leaders, scoring a rally from early low of 138 to 139⅞. There was also activity in Bridge, Massey Harris, Montreal Power, Alcohol, Cement, Smelters, Sugar and Steel.

ELECT COMMERCE CHAMBER OFFICERS

Washington, May 6.—Lewis E. Pierson of New York City was elected president of the Chamber of Commerce of the United States to-day, and Edwin B. Parker of Houston, Texas, was named to fill the newly created position of chairman of the Chamber's boar dof directors.

SUBSIDY GIVEN VANCOUVER FIRM

Canadian Transport Company to Receive $3,000 Per Sailing to West Indies

Vancouver, May 6. — A Federal Government subsidy of $36,000 for one year, ending March 15, 1926, to the Canadian Transport Company's Vancouver-West Indies steamer service, was announced by H. A. Stevenson, general manager, last night. Application for Government assistance was made in Ottawa during February, and confirmation of the granting of the subsidy was received from Hon. James Malcolm, Minister of Trade and Commerce, by the company.

Terms of the contract with the Government provide that the company dispatch a minimum of eight vessels from Vancouver to the Indies within the year.

MONTHLY SERVICE

Mr. Stevenson announced that the Ss. Dicto, loading here May 28, will inaugurate a monthly service which will be augmented if necessary.

"Due to competition of American lines from Puget Sound, our nine experimental sailings to the West Indies during the last twelve months did not turn out as successful as we hoped, and we applied to the Minister of Trade and Commerce for assistance," Mr. Stevenson stated, "and we are gratified with the interest he has taken."

The subsidy of $3,000 a sailing was very reasonable, Mr. Stevenson pointed out, being less than half the average subsidies granted to Eastern Canadian lines to the West Indies. He explained that Puget Sound competitors, particularly in carrying lumber, often met the customs preference given Canada by the West Indies, and that the subsidy just granted would swing the balance and provide an opportunity for establishing a steady and healthy trade from this port.

FORTY VESSELS

The Canadian Transport Company has more than forty vessel in its fleet, twenty-five being at present on charter and sixteen due to leave Vancouver for various parts of the world during May. The Erik Frissell, one of the latest acquired, recently accomplished the voyage from Osaka to Victoria in the record freighter time of fifteen and a half days.

The Dicto, inaugurating the new Indies service, is practically fully booked with 3,000,000 feet of lumber and 750 tons general cargo, and it is probable that another vessel will be placed on berth immediately following her departure.

Both Captains Are Blamed For Crash

San Francisco, May 6. — Federal steamboat inspectors have filed charges against the captains of the steamer Newport and Ferryboat Golden City, blaming each for the collision of the two vessels here April 24.

The men will be tried Monday when the Newport returns from Portland, Ore.

The Newport rammed the Golden City in a dense fog, causing her to sink with four automobiles aboard after the passengers and crew were saved.

TAX BILL DEFEATED

Juneau, May 6.—A bill increasing the license tax for non-resident fishermen, to which protests were received from Washington and California labor unions, was defeated by the territorial House here yesterday.

LARGE CROWD FOR TULIP FESTIVAL

Princess Louise Takes 674 People From Victoria on Excursion

With 674 excursionists on board, bound for Bellingham to enjoy the fun at the annual Tulip Festival, Ss. Princess Louise steamed out of the Inner Harbor at 9.30 o'clock. She is due back from the United States town at 9 o'clock this evening.

In place of the beautiful float with which Victoria took premier honors in the big four-mile parade last year, this city is this year represented by the Canadian Scottish Junior Pipe Band. This band under Pipe Major Wallace in addition to competing in a band contest, which is to be held in the evening, will also enter the parade and prove their worth before the large crowds which attend the festival every year. It consists of nineteen pieces, including ten pipers, five side drummers, two tenor drummers and one bass drum. Drum Major John Dow has a silver-mounted dum major's staff, which he will carry in the parade. The band was also scheduled to play on the boat going over to Bellingham. The boys of the band will be guests of the City of Bellingham during their stay, and will remain over until Sunday.

Alderman H. O. Litchfield is the representative of Victoria city on the excursion, in place of Mayor J. Carl Pendray, who was unable to leave the city.

Judges for various festival events were announced as follows: Parade sweepstakes, George F. Hailing of Portland; decorated car division, Mrs. Roger G. Hannaford of Mount Vernon; Mrs. Ella Higginson of Bellingham, and Reno Odlin of Anacortes; band contest, in which ten bands will participate, Lieut. C. J. Cornfield and Dr. Rogers of Vancouver, B.C., and Frederick T. Hill of New Westminster; blossom show, A. B. Flagg of Seattle, M. Van Zantzen of Lyden, and Roland G. Gamwell of Bellingham.

RUSSIA HAS HUGE PASSENGER LIST

C.P.R. Transpacific Liner, Due Sunday, Has Total of 1,130 Passengers

Refugees from trouble zones in China will predominate among the 1,130 travelers who will reach here Sunday morning at 7 o'clock by the Canadian Pacific liner the Empress of Russia, due to reach the quarantine station at William Head at 5 o'clock in the morning. The Russia, which is running ahead of her schedule by about one hour, is carrying 238 saloon passengers, 107 second, 70 third and no less than 715 steerage, the largest number she has carried since the mid-wartime period. The Russia is also loaded to the plimhole line with cargo, while her mail consignments are in excess of 1,250 bags.

PATTERNS ELABORATE

Plaids, checks, flowers and geometric designs lead in popularity among the new fabric patterns. Plain materials, while good, are not so smart.

WAGE INCREASE IS RECOMMENDED

Checkers and Coopers on C.P.R. Steamers Should Have Raise Board Reports

Ottawa, May 6.—An increase to checkers and coopers is recommended in a unanimous report of the reconciliation board appointed to consider disputes between the Shipping Federation of Canada and the Canadian Pacific Steamships Limited, and checkers and coopers in their employ.

The report, made public this morning by the Department of Labor, recommends the increase should come into effect from April 30 last. No finding is made in regard to a dispute of the employees regarding contract and working conditions. On this point the report makes the following comment:

"With respect, however, to that feature of the demand of the employees which has regard to contract and working conditions, the board feels that in view of the attitude of the employers it would neither be useful nor constructive to make any finding. The board therefore unanimously recommends accordingly."

FIRST VESSEL IN FIVE MONTHS IS AT MAGDALEN ISLANDS

Halifax, May 6.—The steamer Lovat, carrying supplies to the Magdalen Islands, succeeded yesterday in reaching her destination through the Northumberland Straits after failing last week to effect a passage through the ice fields that have surrounded the islands since last December.

The Lovat is the first passenger and freight steamer to get through to the islands since December 23.

DETROIT BRIDGE APPROVED

Washington, May 6.—Advocates of the Great Lakes-St. Lawrence waterways won a fight Wednesday when the War Department approved a new plan for a bridge over the Detroit River at Detroit. Plans approved call for a span of 152 feet instead of 135 feet proposed by the company building the bridge.

This move in the long continued struggle for building the Great Lakes-St. Lawrence waterways has been going on for some time.

SAILS FOR ARCTIC TO-MORROW

YACHT NORTHERN LIGHT

owned by John Borden, Chicago millionaire, which will leave Victoria at 7 o'clock to-morrow morning, bound for Ketchikan, Alaska, and thence along the northern Alaska coast to Point Barrow in search of specimens for the Field Museum of Chicago. This afternoon the Northern Light was in the Royal Roads making compass tests, and will to-night anchor off the harbor. The vessel is manned by eight sea scouts, picked from 300 of Chicago's finest type of boys.

The time used is Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

Marines Leave President Grant Near Manila, P.I.

Manila, May 6. — The steamship President Grant disembarked 1,657 officers and men of the Third United States Marines yesterday at the Olongapo naval station in Subig Bay, near Manila. They arrived from San Diego, Calif., eager to see service in China.

The naval transport Chaumont left the China coast this morning for Olongapo to take 400 of the marines to China to reinforce troops already there. The others will be held at Olonpago, subject to orders of Admiral Clarence S. Williams, commander-in-chief of the Asiatic fleet.

NEW WEST COAST FREIGHT SERVICE

Frank Waterhouse Company to Have Two Freighters For Oil Carrying

Famous and Robert H. Merrick to Start as Soons as Pilchard Run Commences

Realizing the importance of the ever-growing business of fish reduction and oil refining on the west coast of Vancouver Island, the Frank Waterhouse Company of Vancouver, have prepared for a regular freight service to West Coast points this Summer for carrying fish oil, fish meal and general freight, it was announced through the local representative of the company to-day.

With two small freight vessels, the Famous, chartered specially by the company, and the Robert H. Merrick, one of their own vessels which has been engaged in miscellaneous freight work on the coast for considerable time, the new service will commence as soon as the pilchard run starts on the coast, either at the end of this month, or the beginning of June.

Both vessels will call at Victoria on the northbound and southbound trips and it is expected that the new run will be yet another aid in linking the great industry of the West Coast with Victoria.

The Famous, which is a vessel of approximately 1,000 tons dead weight, will have seven or eight oil tanks installed with a capacity of in the neighborhood of 60,000 gallons of oil. She will also have considerable space for fish meal and general cargo. The Robert H. Merrick has tanks with a capacity of 40,000 gallons in addition to cargo space.

Marguerite and Kathleen Are Now Ready For Service

C.P.R. Sister Ships Have Been Painted and Cleaned; Excursion to Seattle

The Ss. Princess Marguerite and her sister ship the Ss. Princess Kathleen, which were tied up last Fall after they were withdrawn from the Victoria-Vancouver-Seattle service, have kept a number of men busy for some weeks getting them ready for the busy season just beginning. They are now bright and clean in their new coats of paint.

The Princess Marguerite will take the excursion to Seattle on Saturday, May 14. Citizens may start at a comfortable hour in the morning, have five hours in Seattle, and get home before 10 p.m., owing to the fact that the Princess Marguerite is being used for this excursion.

An early lunch will be served on board before arrival at Seattle, and dinner will be served immediately the steamer leaves Seattle on the return journey.

There will be an orchestra on board and as the ship has a splendid dance floor the trip will be much enjoyed.

French Exports To Canada Urged

Paris, May 6.—Shipments of goods to Canada direct through Canadian seaports was the theme of the address by Sir George McLaren Brown, European manager of the Canadian Pacific Railway, to the British Chamber of Commerce here yesterday.

Sir George in his speech gave a reminder to the French Government that article fourteen of the convention of commerce between Canada and France gives favored treatment to French exporters only when their goods are shipped directly to a Canadian port.

There was no reason why French exports should not go direct to the Dominion, Sir George urged. Steamship companies now run daily service to Canadian ports, and this did not include the tramp steamers.

WOMAN DEFIES U.S. OFFICERS

Claims Seized Rum Boat Belongs to Her; Court Action Necessary

Seattle, May 6.—A lone woman took possession of the seized Canadian motor cruiser Zev yesterday and held it for four hours against a dozen United States Department of Justice officers.

She told the officers her name was Mrs. E. K. Baultuff, that she lived in Tacoma and that the boat belonged to her under a divorce decree obtained on March 30, 1926, from John N. Baltuff.

Mrs. Baltuff boarded the ship, inspected it and announced to the caretaker it was her property. Neither force nor argument could dispossess her and the caretaker put in a call to federal prohibition headquarters. Prohibition agents and representatives of the United States district attorney and marshal arrived on the scene. For a time the woman remained defiant, but finally agreed to accompany the officers downtown and talk it over.

The ownership of the Zev, which was seized early Sunday as a reputed rum runner, will probably be taken into court. Mrs. Baltuff said she had been searching for the vessel ever since the divorce decree was signed.

WEST COAST SERVICE

(By Wireless)

Ss. Princess Mary, in the West Coast service, was at Quatsino, northbound, at 8 o'clock this morning.

SUMMER SCHEULDE TO GULF ISLANDS

The steamer Island Princess leaves Victoria every Tuesday and Friday at 8 a.m.; and leaves Vancouver Mondays and Thursdays at 8 a.m., Sundays and Wednesdays 9 a.m., and Saturdays 1.30 p.m. ***

Finders Quickly Introduced to Losers

A Lost and Found ad is a real peace-bringer! The anxious, worried loser of a valuable article, hoping that the finder is honest, advertises at once. Perhaps the finder—also anxious to quickly relieve the loser's natural anxiety, has advertised in any event, the classified ad promptly introduces them to each other, and increases the world's stock of content, good will and faith in our fellow men!

Sore Throat Often is Caused by Infection in Milk

By DR. MORRIS FISHBEIN

For some years cases have been reported of severe sore throats affecting large numbers of persons in a community at one time.

In most instances these epidemics have been traced to infected milk, the germs being found in the inflamed udder of the cow, in the raw milk and in the throats of the persons associated with the handling of the milk. In such cases the throat is intensely red and may have a greyish membrane, which must be distinguished from the white membrane of diphtheria; the glads in the throat are enlarged and the fever may be high.

Sometimes serious complications occur as a result of the carrying of the germs from the throat to other portions of the body. The most serious of all the complications is that type of abdominal inflammation known as peritonitis.

There are, of course, other types of inflammation of the udder of the cow than that associated with streptococcic sore throat in the human being. In the latter condition, the germs associated with human cases of sore throat will be found to have caused the inflammation of the udder of the cow.

Obviously a persons who is infected with this disease should not be permitted to handle food or to participate in the production or handling of milk. Any articles soiled with discharges from the nose and throat should be thoroughly disinfected. The towel, the drinking and eating utensils, and similar material used by the patient should be boiled before repeated use.

MORE ORE OPENED ON UPPER BEAR

Stewart, B.C., May 4—Native and ruby silver has been struck on the Vancouver group adjoining the Terminus mine on the upper Bear. The strike was made in a drift tunnel about 200 feet from the Terminus south line and on the continuation of one of the high-grade leads of the Terminus.

The strike was made by Sam Deschamps and P. Marin, who are working about 700 feet from the Terminus line and camping in the Terminus bunk house. The property is about three miles up American Creek from the George Copper, which the Consolidated recently took over for development, and the Rufus Silverlead, which the Consolidated will examine this Summer.

Normal Waistline

Belts creep nearer the normal waistline as the season progresses. Either regulation waistline or tight hip-line are the two most approved placings for the belt.

DEPARTMENT OF PUBLIC WORKS

Re Temporary Closing of Malahat Drive

During tarviating operations, the Malahat Drive between Goldstream Road and Mill Bay Ferry Landing will be closed to all traffic from May 2 to 5, inclusive. Detour by Mill Bay ferry.

P. PHILIP,
Deputy Minister and Public Works Engineer.
Parliament Buildings,
Victoria, B.C., April 26, 1927.

TENDERS FOR DREDGING

Sealed tenders, addressed to the undersigned and endorsed "Tender for Dredging, Victoria Harbor, B.C.," will be received until 12 o'clock noon (daylight saving), Tuesday, May 17, 1927.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Combined specification and form of tender can be obtained on application to the undersigned, also at the office of the District Engineer, Post Office Building, Victoria, B.C.

Tenders must include the towing of the plant to and from the work.

The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, for 5 per cent. of the contract price, but no cheque to be for less than fifteen hundred dollars. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,
S. E. O'BRIEN,
Secretary.
Department of Public Works,
Ottawa, April 26, 1927.

SURVEY SHOWS RISE OF LARGE RECEIVERS

A survey made by The Milwaukee Journal to determine radio trade conditions in the Greater Milwaukee district, shows a general reaction against the three-tube receiver and the rise in popularity of larger sets with improved equipment.

While the ownership of the larger receivers increased in all cases above that of last year, a loss was recorded in three-tube sets, the report discloses. The greatest increase came in six-tube sets, which jumped from eleven per cent of the total on January 15, 1926, to eighteen per cent a year later.

The next greatest increase was in eight-tube sets, and five-tube receivers followed these in increased percentage.

Despite a loss in the smaller receivers, however, the tabulation showed that thirty pe rcent of the radio fans owned sets with less than five tubes.

The gain in radio set ownership among the families of the Greater Milwaukee district was from nearly twenty-nine per cent of the total families in this area to more than forty-four per cent.

Percentage of crystal set owners decreased in even greater proportion than that of three-tube set owners.

The greatest increase in radio apparatus was in B-eliminators, which revealed a jump of 700 per cent in the last year. Nearly one-fourth of the set owners have eliminators. Dry B-batteries have shown a slight decrease as a result.

Storage A-batteries, however, increased greatly in number, although this was not proportionate to the increase in radio set owners. This was due to purchase of A-battery eliminators, which are beginning to come in.

Northern B.C. Mine Sold to Toronto Man

Prince Rupert, May 5.—A mining deal is being closed here involving the sale of the Patterson mine on Porcher Island to W. Claude Fox of Toronto, the sale price being $30,000. Associated with Mr. Fox is J. B. Woodworth, mining engineer of Vancouver, who has just examined the property for the second time, and on whose recommendations the sale had been made. Mr. Woodworth will have charge of future operations on the machinery and commence active work on property, and he will at once procure there.

The Patterson mine is said to contain high grade gold ore.

BOOTS AND HER BUDDIES — Boots in Shanghai — —By MARTIN

TO-MORROW'S HOROSCOPE

"The Stars Incline, But Do Not Compel"

(Copyright)

SATURDAY, May 7, 1927

Benefic aspects dominate to-day, according to astrology. Venus is strongly adverse, however.

There is an especially good sign for educators and the forecast of new public recognition of their importance.

Schools and universities are subject to a direction of the stars that presages for students high attainments.

The seers foretell for graduates of 1927 fame and success. Among them is a future president of the United States.

This is not a lucky wedding day, it is foretold, because there may be slight sympathy and understanding between those married under this direction of the stars.

Aviation is now subject to a planetary government making for more intense general interest than formerly, and it will be employed more widely for commercial purposes than formerly.

Real estate is now subject to conditions that are most favorable, and in all parts of the United States, ownership of ground will be profitable the seers foretell, and they add that there will be a flood of population from foreign lands, notwithstanding our present-day immigration laws.

England is under the most adverse rules of the stars, it is declared, and may expect a Summer of many tribulations.

Fevers are to be imported into Great Britain, it is forecast, and tourists may encounter certain dangers.

The gay London season may be overshadowed by grave portents, the seers announce, but it will be marked by many brilliant events in which Americans are to participate.

This is said to be a good day to select land, but final decision should be delayed.

Persons whose birthdate it is should be cautious about signing papers in the coming year.

Children born on this day are likely to have great gifts and to succeed in science.

There goes young Peterson. He's an awful flatterer."

"Did he tell you that you were beautiful?"

"No. He said that you were!"

THE TINYMITES

BY RAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The cave the Tinymites had found apparently went underground for quite a distance. It was black as black could be inside. They peaked into the entrance-way. The others then heard Scouty say, "I wonder if the floor goes down, 'cause if it does, we'll slide."

They could not see because 'twas dark. Then suddenly, someone said, "Hark! I think someone is coming. I can hear some footsteps near. Let's hide behind that nearby tree where we can watch until we see just who it is, and then there'll be no cause for any fear."

And so they scampered to the tree, and there they waited patiently. A man's voice started singing in a merry sort of way. Said he, "I'm happy as can be. A man of smiles and laughs. That's me! Why worry 'bout to-morrow, when we've always got to-day?"

Then Clowny whispered, "That sounds good. I'd like to meet him. Wish we could, 'cause when he sounds so happy it just makes me feel real brave." The voice and footsteps then drew near and all the bunch were filled with cheer. Before them stood a man, right in the doorway of the cave.

"Hello there, someone! Who's about?" the Tinies heard the old man shout. And Scouty jumped out from the tree and said, "Just Tinymites. We came here with a flying goose who on this island turned us loose. We don't know where we are, but we would like to see the sights."

"Well, say that's fine," the old man cried. "Just come and sit down by my side. I'm Daffydoo, the friendly man who rule in Daffyland." The Tinies did as told to do, and then the old man sat down too. Said he, "I've walked a lot to-day.

JAMES H. FLETCHER INSTALLED AS HEAD OF VICTORIA ROTARY

Popular Businessman Vested With Office at Largely Attended Banquet at Empress

Reports Show Progress of Local and International Rotary

One hundred and fifty Rotarians, ladies and guests, including representatives of the other service clubs, last night shared in the installation of James H. Fletcher as president of the Victoria Rotary Club, at a banquet in the Empress Hotel ballroom. With Mr. Fletcher were installed the directorate of the club for for the coming year. Dancing followed the conclusion of business.

In a brief address retiring President Edwin Tomlin dealt with the influence of Rotary, as evidenced at the District Convention just held at Tacoma. President Tomlin was confident of a change in the attitude of the United States towards the League of Nations, as the sixth objective of Rotary, international amity, becomes better understood. "I foresee the day when the United States, now lagging in regard for the League of Nations, will be found in the van," he asserted.

As retiring president, Mr. Tomlin, briefly introduced his successor in office, handed over the gavel, shook hands and wished President Fletcher every success.

In acknowledgement, President Fletcher expressed appreciation of the honor and assured the Rotarians of every effort to maintain the high standard attained by his predecessors. "Only by the co-operation of all can a president do his best," he reminded the members, closing with thanks for the strong board of directors elected.

James Hunter installed the remainder of the newly-elected officers, these being, A. V. Clarke, first vice-president; Percy Marchant, second vice-president; H. J. Pendray, treasurer; J. P. Watson, sergeant-at-arms, and Herbert Anscomb, Frank Doherty and Dan. W. Evans, directors.

Past President Tomlin aroused great applause when he moved a vote of thanks to Secretary T. J. Goodlake and Assistant Secertary R. R. Webb.

In addition to a programme by the Rotary orchestra, vocal selections were rendered by Mrs. Stokes and James Hunter, Mrs. Stewart being accompanist.

DISTRICT GOVERNOR SPEAKS

District Governor James H. Beatty gave a resume of the highly successful District Convention recently held at Tacoma, attended by Governor Patterson of Oregon and other leading Rotarians from the fifty-seven clubs of the Pacific Northwest. He noted that Rotarians throughout the United States are more concerned as to the manner they are locally applying the principles of Rotary than inquiring as to the actions of clubs in other lands. "They consider that it is their business to look to their own course and leave Canadians and other nations to manage their own affairs in their own way."

An address by Nathan Eckstein, last year voted the most useful citizen in Seattle, on the romance of business was mentioned with approval. The address of Mr. Justice Denis Murphy was described as nothing other than an address on the League of Nations. Mr. Beatty remarked on the excellent reception accorded this speaker. "The tone of Rotary is growing better year by year. We are striving to live with our neighbors, in the forty countries where Rotary is active, in the same spirit with which we live with the neighbors on our own street," he noted. Speaking of the need of standing behind the leaders of Canada, Mr. Beatty declared Canada to have had among her statesmen men of calibre equal to those of any land. "If we expect this type of man to accept the responsibility of public office we must support them despite charges of blackmailers."

The annual report, read by Secretary Goodlake, gave the following particulars:

Fifty-one general meetings were held, three being ladies' evening meetings. Three noon meetings were held at St. John's Church; the Crystal Garden and the Armories, the remainder at the Empress Hotel. One evening meeting was a joint affair with the Kiwanis Club and another with the Kumtuks Club.

Club members provided the majority of the programmes. Visiting Rotarians speaking, included: International Vice - president Jim Davidson of Calgary; Past International Director Alex McFarlane of Vancouver, B.C.; Rev. Duncan Black of Port Angeles; Ed Towse and Offley Crewe-Read of Honolulu; Morgan Eastman and Howard Boothe of Vancouver, B.C.; A. H. Graham of Ottawa and George Cornwall of Portland, Oregon.

Among non-Rotarian speakers were Sir Henry Gauvain of the Treloar Homes for Crippled Children; Alderman Jonathan Rogers of the Vancouver Parks Board; Rev. W. A. Guy, a past Rotarian, of Oak Bay; Oscar K. Davis of the National Foreign Trades Council of the United States; Mr. Kingscote and the members of the English Association Football Team; several of the Provincial superintendents of insurance; T. J. Coo of the United Typewriter Company; Major E. L. McColl, Canadian Trade Commissioner to the Argentine; W. H. Robertson, Provincial horticulturist; Colonel Cy Peck, V.C., M.P.P., Major Gus Lyons, M.P.P., Captain Chandos Innes of the Retail Trade Bureau of Canada; Colonel Webb, mayor of Winnipeg; William McNeill of the Timber Industries Council, and Hon. E. D. Barrow, Minister of Agriculture.

Members of the City Council took part in a programme including Rotarians Carl Pendray, serving his third term as mayor, and Alderman Jimmy Adam.

TRIBUTE TO MRS. LONGFIELD

Musical items were contributed by Miss Eva Hart, Jack Gillan, Mrs. Clifford Warn, the Capitol quartette, the Capitol trio, Ivo Henderson's orchestra; Miss Rita Ormiston and Mrs. Floyd. "We shall long remember the late Mrs. Jesse Longfield's rendering of the 'Recessional' and 'Flanders' Fields' at our Armistice Day meeting," the report stated.

The membership turnover was small, and the Club has a present membership of one hundred and two. "Three members passed on to their reward and it is fitting that tonight we should pay tribute to the memories of Pete Johnson, Fred Worlock and Wesley Mitchell."

PRAISE J. H. BEATTY

"Much credit was reflected on the club by Jim Beatty's strenuous activities as District Governor for the past year. Those of his fellow members in particular who attended the District Conference are aware of the golden opinions which Jim has won throughout the length and breadth of Washington, Oregon and British Columbia."

In community service activities outstanding enterprises were two superfluities sales, by which the Club's charity funds benefited to the extent of $2,400. The larger share was passed on to the Queen Alexandra Solarium; the Y.W.C.A. building fund, also received a grant. The Christmas Tree party was held as usual; the Agricultural Education committee conducted their seed-growing contest; the Municipal Band committee collected over $1,700 to enable the City Council to engage a band for Sunday afternoon concerts in Beacon Hill Park. The members of the Rotary orchestra were thanked for their self sacrifice in ministering to our entertainment each week and for playing on other special occasion.

A vote of thanks to the Press was included.

The report closed with a tribute to the ladies of Rotary, especially regarding the superfluities sales and Christmas Tree.

During the year the surplus of general fund has been substantially increased and to finance the Boys' Work committee or meet other appeals, the Club has instituted a special fund.

Two men went fishing. One of them was quite new to the game, and when he had hooked a small trout he wound it in until it was very near the end of the rod.

"What do I do now?" he asked.

"Climb your rod and stab the beast," answered his friend.

President of Rotary

JAMES H. FLETCHER

native son of Victoria, head of the largest musical business house in Western Canada, installed as president of the Victoria Rotary Club at a banquet held last night at the Empress Hotel.

JAMES H. BEATTY

District Governor of International Rotary, chief speaker at last night's Rotary Club banquet at the Empress Hotel.

ZONING BY-LAW WINS APPROVAL

Few Objections Voiced at Public Hearing Last Night

Distance Between Houses Chief Point of Difference; Rates Affected

Fulfilling its requirements under the Town-planning Act, the City Council granted a public hearing last night to all who wished to speak on the zoning regulations, which will become operative on or before May 21. Four builders volunteered objections to one or other phase of the regulations, their criticism being courteously received, and their suggestions noted.

Eighteen people attended the public meeting called to hear complaints, and of the four who spoke, three said they were generally in support of the by-law, which happened in this instance to interfere with plans they were now engaged upon in one particular or another.

Though it has already fulfilled its requirements under the Act the City Council decided that the zoning committee would hold a further session, called for Monday at 4 p.m. at the City Hall, where builders, architects, and others of the building professions and trades could meet the zoning engineer and bring forward any point in reference to the measure.

Alderman H. C. Holmes acted as chairman last night, in the absence of Mayor J. C. Pendray, Aldermen Woodward, Brown, Litchfield, Harvey, Mara, Dewar and Clearihue attended, while J. H. Doughty-Davies, zoning engineer, and H. S. Pringle, city solicitor, were on hand to answer questions.

Robert Hetherington, Henry Cowper and C. J. McDowell spoke on behalf of the building trades and Hubert Savage for the architects.

During the session it was stated that Vancouver and Point Grey zoning laws have permitted a minimum width between buildings of three feet. In Victoria sixteen feet clearance is asked in this connection. Most of the objection last night centred around this point, the total width of the side yards on each lot.

Alderman J. L. Mara brought out the fact that fire insurance rates were affected by the distance between buildings, and that under the conditions advocated by some builders, the base rate would rise from 90 cents per $1,000 for three years to something over $1.20 per $1,000. Such a rise would take many thousands of dollars from the town annually, it was shown.

After thanking those who attended the meeting for their representations the council adjourned at 10.15 p.m.

LONDONER LIKES CITY TAX PLAN

Sum of $750,000 Anticipated This Year in Prepaid Tax Sums, Says City Treasurer

Victoria's system of voluntary prepaid tax collection has drawn favorable comment from ratepayers far afield, Edwin C. Smith, City Treasurer, showed in a brief talk over radio station CFCT last night. Some residing in London, England, send their tax cheque to the city at the first of each year, said Mr. Smith, who continued:

"Ninety per cent of the modern household and other utilities which people are using, are bought on the instalment plan, thereby enabling the person of moderate income to possess goods which he would not acquire if he had to pay cash.

"The city's tax prepayment plan is just as modern. It allows you to pay by instalments, but in addition credits you with six per cent interest. The sooner you pay, the more interest you earn.

"There is no city its size that possesses better municipal utilities than Victoria. The departments of the city are well managed, which, of course, costs money; but the taxes since 1923 have been steadily reduced and without doubt the reductions will continue from year to year.

"The principal of the city's debt is being provided for at the rate of $500,000 a year.

"The first result of these favorable conditions is that property value will without a doubt rise in the real estate market, and lead to improved building conditions.

"Victoria was the first place on this continent to adopt the present tax prepayment plan, and whilst others have followed our lead, no community once having adopted this system was ever known to abandon it.

"Figures are said to be uninteresting, and they are, unless they have a silver lining. In 1922 when the tax prepayment system was first started in Victoria 670 persons prepaid $199,889, and secured interest of $4,898. In 1926, 1,575 people got into line, by prepaying $557,886, and we lined their pockets with $14,712 silver dollars for interest they earned.

"In order to put over a record for 1927 we ask you to do your very best by paying as much as you can now, and use our friends to do the same. The object aimed at is a prepayment of $750,000, of which to date 1,264 people have paid in $300,000.

"The following are samples of what the people living outside of Victoria think of our plan:

A lady from Vancouver, who has been prepaying for four years, says: "Your advance tax payment plan is the best I have heard of, don't by any means abandon it."

From London, England, comes the following: "I would like to continue the practice of prepaying my taxes—what amount will my taxes be net if I send money now?"

And from a recent buyer of city-owned property, residing in Los Angeles, California: "Just saw a Victoria paper describing your new tax paying system, which I think is very business like. Please credit me with $250, enclosed, and don't forget the interest I earn."

"As low as $1 at a time is gladly accepted, and you choose your own time in making payments, providing the money is tendered not later than August 30 of this year," concluded Mr. Smith.

Increase Your Weight 5 Pounds in 30 Days Or Money Back

Make Yourself Strong, Healthy and Vigorous at the Same Time

So now men and women who keep up with the times are taking McCoy's Cod Liver Extract Tablets—rich in flesh producing, health building, strength creating vitamines and as easy to take as candy.

Try them for 30 days if you want to fill out those scrawny hollows in chest, cheeks and neck and gain strength and vigor. And bear this in mind if they don't help you in that time Vancouver Drug Co., or Drug Co., MacFarlane Drug Co., or any druggist anywhere is authorized to return your money—But demand McCoy's 60 Tablets 60 cents. (Advt.)

MOTHER

MOST appropriate of all gifts for Mother's Day is a box of Moirs chocolates. Each of its many flavours will recall to Her mind loving memories of your childhood days. Nothing was considered to good for you *then* Nothing but the best will do for her *now*.

Your druggist or confectioner has in stock many Moirs packages most appropriate for Mother's Day

CHOCOLATES by Moirs

For your protection the name Moirs is stamped on the bottom of every chocolate. 187B

MINING IN PARKS IS NEW PROBLEM

Vancouver, May 6.—To mine or not to mine in park areas was the question of discussion at the luncheon of mining men in the Hotel Vancouver when both the case for development of mineral resources, even in the reserved areas, and that of preservation of the parks from all forms of industrial exploitation were heard. A committee will be appointed by F. W. Guernsey, chairman of the mining bureau of the board of trade, to further consider the subject and submit a report.

F. W. Guernsey, A. M. Whiteside, Nichol Thompson and G. S. Eldridge spoke in favor of development, expressing the view that mines properly regulated would prove attractions to tourists visiting park areas rather than otherwise.

Lieut. Col. W. W. Foster, one of the principal advocates of park reservations in British Columbia, laid emphasis on the fact that the mining industry was not singled out in the prohibition of exploitation and that the precedent of allowing any private interests to operate was what the parks authorities feared. An effort was being made by powerful private interests to gain waterpower rights in Banff National park, he added. In the park reserves of British Columbia, Col. Foster saw the only possible hope of preserving for generations to come, the wild, unmarred beauty of Alpine British Columbia. They would be worth more than exploited natural resources to British Columbia in the future, he added.

Mr. Guernsey raised the point of justice to prospectors, and claim-holders, who had the prior rights of first possession. The provincial government owned the silver and gold in the national park areas, while the Federal government owned the baser metals. The silver and gold could not be extracted because they were in association with the other minerals.
